Lull In Ground Fighting

Allies Set To Observe 3 Truces In Viet Nam

14 Civilians Freed From Cong Prison

Mistaken Artillery Shelling By U.S. Kills 3 Vietnamese

SAIGON, South Viet Nam (AP) — Scattered small fighting flickered across South Viet Nam today as the seven allied nations announced they would observe short truces at Christmas and New Year's and over the Vietnamese New Year in February.

While the relative lull in ground fighting carried through a fourth day, Vietnamese troops reported freeing 14 Vietnamese civilians from a Viet Cong prison camp in the Mekong Delta.

Vietnamese headquarters said the Viet Cong murdered four other civilians in the camp and that one of the liberated prisoners died of wounds after being freed.

U.S. headquarters reported a mistaken artillery shelling by a unit of the U.S. 1st Infantry Division killed three Vietnamese civilians and wounded 19 more. A spokesman said an artillery battery fired nine 105mm shells into the town of Tan Uyen, 20 miles northeast of Saigon early today. The spokesman said it was a "very regrettable accident" caused by an error in computing firing data.

The same town was accidentally bombed last July 1 by three U.S. Air Force planes whose bombs killed five Vietnamese civilians and wounded 43. Tan Uyen, a town of several thousand persons, is just north of the Bien Hoa air base.

In the air war today, high-flying B52 bombers made two raids on suspected North Vietnamese troop concentrations 17 miles northwest and 24 miles southwest of the U.S. Army Special Forces camp at Plei Djereng, in the central highlands.

Monsoon rains persisted over North Viet Nam, restricting American pilots to 59 bombing missions Tuesday against targets in the Hanoi and Dien Bien

More Snow, Colder Due In District

Area Highways Passable Despite Fall On Tuesday

For those still digging out in outlying areas, Thursday's forecast is not too encouraging.

The weatherman says it will be windy and cold with more snow flurries.

Edward Copeland of Millport, U. S. weather observer, said six inches have fallen in the last two days, heavy for November, with the average about two inches. There have been years when the accumulation has been heavier, however, he pointed out.

Depth Of 14 Inches Reported

Cleveland Area Hardest Hit By Snow; 10 Claimed

By The Associated Press

Greater Cleveland felt the brunt of Ohio's second snowstorm of the month, and at least 10 of its citizens died because they tried to shovel out.

The 10 deaths were all reported late Tuesday. Most of the victims were in their 70s and all collapsed while shoveling snow, which reached depths of 14 inches just east of Cleveland.

There were other snow shoveling deaths reported around the state, and weather-caused traffic accidents took at least six lives Monday night and Tuesday.

The snow slacked off Tuesday night, and weather forecasters canceled an overnight heavy snow warning for northeast Ohio.

No main highways were reported closed, but in the northern part of the state driving was made hazardous in many spots by snow drifts and ice. A speed limit of 40 miles an hour was in effect throughout the day on the Ohio Turnpike.

School closings were announced in scattered areas across the northern part of the state.

Cleveland's total snowfall through Tuesday evening was officially 7 inches. Other amounts from the storm included Toledo 6, Youngstown 4, Columbus 3, Cincinnati 2.

Great Lakes States Dig Out From Snow

LUDINGTON, Mich. (AP) — Destructive arctic winds howled southward today as Michigan and other Great Lakes states dug out from the season's first major snowstorm.

The Weather Bureau warned a six-state area from Montana to northern Nebraska of a cold wave today as frigid air spread over the north central states.

Eight German seamen were rescued Tuesday night from a stricken ship in storm-whipped Lake Huron off the eastern Michigan coast. Moments after a Coast Guard helicopter plucked the crewmen from the Nordmeer, a steel-laden vessel aground since Nov. 19, the ship broke apart.

Five hundred feet off the western Michigan coast, at Ludington, 181 persons rode out the storm for the second night aboard the stranded car ferry City of Midland 41. Driven aground early Monday, the car ferry awaited arrival of a tugboat that left Sturgeon Bay, Wis., today and headed across Lake Michigan to pull the vessel off a sandbar.

A rescue force battled through five-foot snow drifts Tuesday and evacuated 24 elderly patients from an infirmary in Maple City, not far from Ludington. The patients, some as old as 94, shivered under blankets for nearly 14 hours after a storm-caused power failure cut off their heat, lights and water.

Residents dug out from as much as 16 inches of snow in upper Michigan and north-

Grease Ignites

Fire Toll $8,000 At Midland Home

Approximately $8,000 damage resulted when a grease fire flared at the home of Mr. and Mrs. Walter Janicki of 744 Virginia Ave., Midland, Tuesday at 3:45 p. m.

Mary Ann Janicki, 15, was cooking at the range when grease splashing on the burner ignited into a blaze, which quickly spread to curtains and cabinets.

She was taken from the home by her brother, Gregory, 17, to the home of neighbors, Mr. and Mrs. John Kilcoyne of 746 Virginia Ave. Mrs. Kilcoyne turned in the alarm.

Firemen succeeded in extinguishing the blaze after entering the home with masks.

Mrs. Janicki was rushed home by a customer from the A & P, where she is a cashier. Sobbing, she told police the family had completed remodeling and painting only Monday night and that all the Christmas shopping had been completed. The gifts in an upstairs room were damaged by smoke. A new kitchen recently had been installed.

Firemen were able to confine the blaze within the Janicki residence so it did not spread into the other part of the duplex occupied by the Mike Ordich family at 742 Virginia Ave.

Fire Chief Vincent D'Itri said firemen were hampered by spectators gathered about the house.

The Janickis will stay with relatives, Mr. and Mrs. Florentino Trevino at 70 Midland Ave., for the time being.

U.N. Rejects Peking Again On 2 Issues

Turned Down For Seat, Compromise On Representation

UNITED NATIONS, N.Y. (AP) — The U.N. General Assembly's rejection of both the bid to seat Peking and the proposal to seek a compromise solution of the issue of China's representation has dealt a severe blow to advocates of a two-China policy.

The 62-34 defeat Tuesday of the Italian plan to turn the China problem over to a U.N. study group virtually doomed chances of any two-China formula now, since that was viewed as the goal of the proposed study.

The decision of the United States to support the Italian plan had been viewed as a major shift by Washington toward the two- China idea. But the poor showing Peking made in this year's vote and the lack of support for the Italian proposal was expected to prompt a U.S. reappraisal of a solution it did not relish.

The results of the balloting came as a general surprise. Peking had been given virtually no chance of winning a seat under the two-thirds majority rule, but few expected it to emerge 11 votes behind the Nationalists.

Supporters of Red China blamed the defeat on Peking's own attitude, pressure from the United States and the "quality" of new African governments.

"The United States put on great pressure at every capital, including my own," said Ambassador S.O. Adebo of Nigeria, who favored Peking. "With new countries and poor countries economic pressure is a great weapon, and the United States has used it effectively."

Ambassador Marof Achkar of Guinea, a cosponsor with Albania of the resolution to seat Peking, said the results reflected "the quality of the governments" that have come to power in Africa as a result of coups d"etat. Some new nations in the United Nations voted against Peking "because they wanted to please the United States," he said.

Uncertainty over the significance of the purge going on inside China and the worsening disnute between Moscow and Peking were also believed to have had an effect.

The United States and other opponents of the Chinese Reds expressed belief the emphasis the Albanian resolution placed on its demand to expel the Nationalists helped defeat it.

Sled-Riding Arranged On New Track At Park

The 1966-67 sled - riding season will open tonight on a new track in Thompson Park, Joseph Walers, park superintendent, said today.

Supervised sledding on the illuminated track is slated from 6 to 10, Walters said. The track is on a road adjacent to the new amphitheater. The sledding will continue as long as the track has a good base, he added.

The ice - skating rink has been flooded awaiting a hard freeze to make it usable, Walters said.

The overnight low was 25 degrees, Copeland reported.

Montgomery Dam reported a five-inch fall between 8 p. m. Monday and 7 a. m. today.

In East Liverpool, three street department crews and trucks worked from 5 p. m. until midnight Tuesday, scattering ashes and salt on slippery pavements.

The battle with the snow began at 11:15 p. m. Monday and continued throughout the regular daylight shift yesterday.

By this morning, the city's main downtown thoroughfares were essentially clear of snow. In outlying districts, the pavements were covered with packed snow.

Work Trains Clear Tracks

Freights Roll Again After Derailment

Eastbound freight trains started moving through East Liverpool about 8 a. m. this morning following the derailment of eight cars along 2nd St. near the Broadway crossing Tuesday about 5:30 p. m.

The wreckage was removed by work trains from Mingo Junction and Conway. The men worked through the night to right the cars and repair the track damage.

The freight train was eastbound when the cars overturned. Its destination was Crestline.

A. T. Weast was the conductor and J. K. Reimain the engineer.

Railroad officials today said 10 lengths of rail and 120 crossties were damaged. The diesel was pulling 32 loaded cars and 10 empties.

Cars 33 through 39 derailed. Thirty-two of the cars were removed from the scene at 1:35 a. m., today and the rear two were pulled back to Wooster.

All the cars remained upright except one, which was filled with corn syrup. The syrup spilled out, officials said.

The other cars were loaded with wheat, tires, lumber, draft gear, canned goods and pulp wood.

In Tense Middle East

Syria Proposes Hussein Ouster

DAMASCUS, Syria (AP) — Syria's ruling Baath Socialist party called Tuesday night for the overthrow of Jordan's King Hussein.

Elsewhere in the tense Middle East Israel shot down two Egyptian jet planes and a new exchange of gunfire broke out across the Jordan-Israeli frontier.

The incidents occurred on the 19th anniversary of the United Nations decision to partition Palestine, then under British mandate, to establish the state of Israel.

Syria's rulers, long at odds with the Hashemite monarchy of Jordan, called on "rebellious forces in Jordan" to overthrow the 31-year-old king and "create the necessary climate for the return to Palestine."

The Baathist International Command, highest authority in the party, in a statement later called for establishment of a "national progressive front" in Jordan to overthrow Hussein and wage a Palestine liberation battle.

The command accused Hussein of "the biggest oppressive operation of terror in Jordan's history" in his quelling of demonstrations following Israel's Nov. 13 attack on the Jordanian village of Samua. The demonstrators demanded arms to battle Israel.

In Amman, the Jordanian capital, Hussein declared that the Middle East is on the brink of an explosion more dangerous to world peace than the Suez crisis of 1956. He accused the Russians of fomenting tension to gain control of the oil-rich area.

In other developments:

—An Israeli pilot shot down two Egyptian MIG19s in a two-minute dogfight Tuesday after the MIGs had crossed about three miles into Israeli air space, Israeli authorities said.

—Shots from Jordan's Rujum police station in the eastern Judean mountains were fired across the border at a group of Israeli forest workers. Israeli troops guarding the workers returned the fire.

—Authoritative sources in Washington said the United States is beefing up Jordan's air force with 36 F104 Starfighters, Lockheed jets capable of doing 1,500 miles an hour.

Dirksen Gives 'Blessing' To Fund-Cutting

Says Johnson Plan On $3 Billion Cut May Be 'Deeper'

WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen gave a GOP blessing today to President Johnson's plan to reduce spending by $3 billion — with the reservation that Congress may cut even deeper.

Dirksen said in an interview the $5.3 billion hold-down on administration programs — calculated to clip more than $3 billion in actual spending in the current fiscal year which ends next June 30 — tallies with figures congressional leaders were given at a conference at Johnson's Texas ranch last Friday.

The President did not detail in his announcement in Austin Tuesday where the cuts will be made. But Dirksen said he expects the presidential pruning knife to fall heaviest on the anti-poverty and public works programs — including highways — and on foreign aid.

Dirksen avoided joining former Vice President Richard M. Nixon in contending that Johnson was reading with a turn to the right the Nov. 8 election returns in which Republicans picked up 47 House seats, 3 Senate posts and increased their governorships from 17 to 25, with one still in doubt.

"Let's just say," Dirksen chuckled, "that the President is being realistic."

Johnson told a news conference Tuesday that expenditures will be sliced in a variety of ways. He said these would include not asking Congress to appropriate money for some programs already authorized. He said there will be a stretch-out in others and some cancellation of contracts.

In the Austin news conference, Johnson called the economy strong. He said the "prudent and necessary" cuts would help combat inflationary pressures, "the cruelest burden of all."

The President said the largest share of the budget goes for defense and for expenditures over which he has no control, including interest on the national debt, veterans' assistance, agriculture price supports and payments on prior contracts.

The President also said he hopes to announce about the first of the year whether he will

Trucker Rips Pole To Avoid Hitting Bus

A free - wheeling truck careening down the Route 30 hill into Chester Tuesday afternoon was steered into a telephone pole beside Chaney's gas station in a successful effort to avoid a loaded school bus at the foot of the grade, Chief Audley Campbell reported.

The clutch and brakes burned out on the 1966 model refrigerator truck, owned by Royal Brands Meats of Massillon, as it was descending the hill at a speed estimated at 50 to 55 miles per hour before hitting the pole, which was snapped off.

The driver, who escaped injury, was Richard William Bell, 31, of Navarre, Ohio.

Campbell said that no power lines were broken in the impact, but that the pole would have to be replaced. He estimated $700 property damage to the truck and pole.

"The driver did a good job of using his head," he commented.

The accident was timed at 4:20.

Kurfess Chosen As New Speaker Of Ohio House

COLUMBUS, Ohio (AP)—The next speaker of the Ohio House of Representatives, Charles Kurfess of Bowling Green, will have youth and a big delegation of fellow Republicans working for him.

The Bowling Green lawyer, who at the age of 36 already has five terms behind him, was unanimously chosen for the top House post Tuesday at a GOP caucus. It was attended by 58 of the 62 Republican representatives elected to the 107th Ohio General Assembly. He will be officially elected after the legislature convenes Jan. 2.

Kurfess said after his election that school problems, taxes, air and water pollution and highway safety will undoubtedly be major items tackled by the legislature.

"I think we have enough to keep us busy until May 30th, maybe longer," he said with a grin.

Kurfess was expected to be opposed by acting House Speaker Robert F. Reckman of Cincinnati in his bid for the speaker's chair. But Reckman made a vote unnecessary by declining to have his name submitted. Kurfess was then declared the unanimous choice.

Longtime Speaker Roger Cloud gave up the post last year when Gov. James A. Rhodes named him state auditor, and Cloud was elected auditor Nov. 8.

The Republican edge will be 62-37 in the coming House session, compared to 75-62 in the last session. Redistricting cut down the number of seats.

Rep. Charles E. Holmes of Columbus emerged from the caucus as the choice for majority floor leader. He was opposed by Charles E. Fry of Springfield. Robert I. Evans of [illegible]ton was elected majority whip.

Carl Guess faced no opposition in voting for House Clerk, and will be going into his ninth term. Sergeant-at-Arms Harry Corkwell, a onetime representative from Putnam County, was also re-elected without opposition.

National GOP Chairman Ray Bliss, the former Ohio chairman, was among the speakers at a luncheon held in connection with the caucus.

Chances Drop For Last Of Quintuplets

PITTSBURGH (AP)—The sole surviving Aranson quintuplet developed serious breathing problems today and the chances of her survival took a sharp dip.

"Roni Sue had some difficulty during the night which alters the outlook for her," the infant's pediatrician, Dr. Lee Bass, announced in a mid-morning medical brieting.

"She had some episodes of apnea (suspension of breathing) and had to be stimulated to breathe," the doctor said. "This kind of spell makes the outlook quite different."

Dr. Bass previously had given Roni Sue a relatively good chance of overcoming the respiration difficulties that claimed the lives of her four sisters within 56 hours of their birth Saturday.

LBJ Eyes Decision First Of Year On Tax Increase

AUSTIN, Tex. (AP) — President Johnson says he hopes to reach his decision "around the end of the year" on whether to ask Congress for a tax increase.

"No decision has been made," he told a news conference Tuesday in his office in the Austin Federal Building.

"No decision will be made until we have all the facts. Guesses will be made from time to time. That is a democratic privilege. But at best, they are guesses."

Asked whether he put Rep. Hale Boggs of Louisiana, assistant House Democratic leader, in the guessing category, Johnson replied: "I think he put himself there. I think that was his language."

Boggs predicted last Sunday that Johnson would ask the new Congress for a $10 billion to $15 billion tax increase.

Johnson announced at the outset of the news conference that he had cut back various federal programs by $5.3 billion with a saving of more than $3 billion in actual spending of budgeted funds in the remaining seven months of the current fiscal year.

He described the program and spending reductions as "another step to protect and preserve our prosperity."

"By this action we will stretch out and postpone, withhold and defer the less essential items of our programs — the low priority ones," he said.

Undersecretary of the Treasury Joseph W. Barr said in Washington that the $3 billion spending reduction in the fiscal year which ends June 30 will have no effect on the administration's thinking about a possible income tax increase. The cut, he said, already has been worked into the Treasury's figuring.

—An Israeli pilot shot down two Egyptian MIG19s in a two-minute dogfight Tuesday after the MIGs had crossed about three miles into Israeli air space, Israeli authorities said.

—Shots from Jordan's Rujum police station in the eastern Judean mountains were fired across the border at a group of Israeli forest workers. Israeli troops guarding the workers returned the fire.

—Authoritative sources in Washington said the United States is beefing up Jordan's air force with 36 F104 Starfighters, Lockheed jets capable of doing 1,500 miles an hour.

Must Have All Facts

LBJ Eyes Decision First Of Year On Tax Increase

AUSTIN, Tex. (AP) — President Johnson says he hopes to reach his decision "around the end of the year" on whether to ask Congress for a tax increase.

"No decision has been made," he told a news conference Tuesday in his office in the Austin Federal Building.

"No decision will be made until we have all the facts. Guesses will be made from time to time. That is a democratic privilege. But at best, they are guesses."

Asked whether he put Rep. Hale Boggs of Louisiana, assistant House Democratic leader, in the guessing category, Johnson replied: "I think he put himself there. I think that was his language."

Boggs predicted last Sunday that Johnson would ask the new Congress for a $10 billion to $15 billion tax increase.

Johnson announced at the outset of the news conference that he had cut back various federal programs by $5.3 billion with a saving of more than $3 billion in actual spending of budgeted funds in the remaining seven months of the current fiscal year.

He described the program and spending reductions as "another step to protect and preserve our prosperity."

"By this action we will stretch out and postpone, withhold and defer the less essential items of our programs — the low priority ones," he said.

Undersecretary of the Treasury Joseph W. Barr said in Washington that the $3 billion spending reduction in the fiscal year which ends June 30 will have no effect on the administration's thinking about a possible income tax increase. The cut, he said, already has been worked into the Treasury's figuring.

Dirksen Gives 'Blessing' To Fund-Cutting

Says Johnson Plan On $3 Billion Cut May Be 'Deeper'

WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen gave a GOP blessing today to President Johnson's plan to reduce spending by $3 billion — with the reservation that Congress may cut even deeper.

Dirksen said in an interview the $5.3 billion hold-down on administration programs — calculated to clip more than $3 billion in actual spending in the current fiscal year which ends next June 30 — tallies with figures congressional leaders were given at a conference at Johnson's Texas ranch last Friday.

The President did not detail in his announcement in Austin Tuesday where the cuts will be made. But Dirksen said he expects the presidential pruning knife to fall heaviest on the anti-poverty and public works programs — including highways — and on foreign aid.

Dirksen avoided joining former Vice President Richard M. Nixon in contending that Johnson was reading with a turn to the right the Nov. 8 election returns in which Republicans picked up 47 House seats, 3 Senate posts and increased their governorships from 17 to 25, with one still in doubt.

"Let's just say," Dirksen chuckled, "that the President is being realistic."

Johnson told a news conference Tuesday that expenditures will be sliced in a variety of ways. He said these would include not asking Congress to appropriate money for some programs already authorized. He said there will be a stretch-out in others and some cancellation of contracts.

In the Austin news conference, Johnson called the economy strong. He said the "prudent and necessary" cuts would help combat inflationary pressures, "the cruelest burden of all."

The President said the largest share of the budget goes for defense and for expenditures over which he has no control, including interest on the national debt, veterans' assistance, agriculture price supports and payments on prior contracts.

The President also said he hopes to announce about the first of the year whether he will

14 Civilians Freed From Cong Prison

Mistaken Artillery Shelling By U.S. Kills 3 Vietnamese

SAIGON, South Viet Nam (AP) — Scattered small fighting flickered across South Viet Nam today as the seven allied nations announced they would observe short truces at Christmas and New Year's and over the Vietnamese New Year in February.

While the relative lull in ground fighting carried through a fourth day, Vietnamese troops reported freeing 14 Vietnamese civilians from a Viet Cong prison camp in the Mekong Delta.

Vietnamese headquarters said the Viet Cong murdered four other civilians in the camp and that one of the liberated prisoners died of wounds after being freed.

U.S. headquarters reported a mistaken artillery shelling by a unit of the U.S. 1st Infantry Division killed three Vietnamese civilians and wounded 19 more. A spokesman said an artillery battery fired nine 105mm shells into the town of Tan Uyen, 20 miles northeast of Saigon early today. The spokesman said it was a "very regrettable accident" caused by an error in computing firing data.

The same town was accidentally bombed last July 1 by three U.S. Air Force planes whose bombs killed five Vietnamese civilians and wounded 43. Tan Uyen, a town of several thousand persons, is just north of the Bien Hoa air base.

In the air war today, high-flying B52 bombers made two raids on suspected North Vietnamese troop concentrations 17 miles northwest and 24 miles southwest of the U.S. Army Special Forces camp at Plei Djereng, in the central highlands.

Monsoon rains persisted over North Viet Nam, restricting American pilots to 59 bombing missions Tuesday against targets in the Hanoi and Dien Bien

Trucker Rips Pole To Avoid Hitting Bus

A free - wheeling truck careening down the Route 30 hill into Chester Tuesday afternoon was steered into a telephone pole beside Chaney's gas station in a successful effort to avoid a loaded school bus at the foot of the grade, Chief Audley Campbell reported.

The clutch and brakes burned out on the 1966 model refrigerator truck, owned by Royal Brands Meats of Massillon, as it was descending the hill at a speed estimated at 50 to 55 miles per hour before hitting the pole, which was snapped off.

The driver, who escaped injury, was Richard William Bell, 31, of Navarre, Ohio.

Campbell said that no power lines were broken in the impact, but that the pole would have to be replaced. He estimated $700 property damage to the truck and pole.

"The driver did a good job of using his head," he commented.

The accident was timed at 4:20.

A Hollow Offering

Plans for a Christmas-New Year's truce in Viet Nam have a hollow sound.

Why should a soldier putting his life on the line every day be asked to give the enemy time to better his chances of killing him?

The Viet Cong want the truce so they can infiltrate more men into strategic areas, build up supplies and regroup forces.

We would like nothing better than to see every serviceman in the world have a chance to rest and reflect on the meaning of Christmas.

That is not quite true; there is one other thing we would like better—for the military to enjoy their Christmas at home surrounded by loved ones.

This, of course, is impossible and any piecemeal effort is ineffective.

IN THE EVENT of a lull, tension will not be lessened. There still will be the chance a sniper's bullet will find its mark or a terrorist's bomb will do its dirty work.

Plumb pudding loses its flavor when you know it may be your last meal.

What do you think about during two days of truce when you know resumption of patrol duty could be your death warrant?

Do you think about the deep, still night when Jesus was born? Do you think about his life as a symbol of peace and good will to all men?

Or do you think about keeping your rifle clean so you will have a better chance of killing than being killed?

Christian servicemen do not need a Christmas lull to revive faith that has been a valuable ally during their whole military careers.

WE HAVE PLACED the lifeblood of our country in the midst of an undeclared war to give democracy to a country whose inhabitants do not know the meaning of the word.

How can we have the gall to offer our soldiers a tiny lull in which they can stop killing and worshiping a man whose whole life and teachings were in direct opposition to their Viet Nam mission?

By now, the American soldier must be a little tired of double-talk.

Any truce must be permanent to have any meaning.

Stay Away!

"Fire engine chasers" again have stirred the wrath of those who must fight the fires—this time in connection with Tuesday's early-morning blaze which destroyed a home in the Wellsville area.

Chief Robert Lewis of the Wellsville department points out how those lured by the flames blocked the path of a police cruiser and fire equipment.

This is an old story, which becomes more distressing each time it is repeated.

To those who chase the trucks—Were it your house, were it your family endangered, how would you feel if the curious had blocked the path of a fire truck which could mean the difference between life and death?

Put yourself in the place of the victim and stay away the next time the siren sounds!

Turning On The Lights

Christmas lights came on even earlier than usual this year.

They and the decorations that go with them were the signal for the now familiar complaint that we are getting our holidays mixed up.

The complainants say Christmas lights and decorations should be held back until Thanksgiving carcasses have been picked clean.

They think something is being taken away from the celebration of Christmas by turning on the lights too soon.

They need to read history.

Until the 20th century, nothing like today's Christmas existed. Well into this century nothing resembling the present celebration was known.

With due respect to the literal meaning of Christmas and all who celebrate it only as a religious holiday, lights, decorations and the psychology of the occasion all grew out of its connection with the winter solstice.

When daylight is diminishing and darkness increasing people want to be together. They cling to one another for comfort. They create cheer in a season when cheer is hard to come by. They await the return of the sun.

This has gone on in the Northern Hemisphere ever since there have been cogent humans. In the Southern Hemisphere, Dec. 25 is associated with the Summer Solstice. The phychology of the longest day is different from the psychology of the shortest day—but it, too, is a natural occasion for celebration.

The significance of Dec. 25 was marked by the Roman emperor Aurelian as the birthday of the unconquered sun. Aurelian did this in A.D. 274, before the church at Rome established Dec. 25 as Christmas in the following century.

Aurelian's Dec. 25 commemorated light. It is the first date after the Winter Solstice on Dec. 22 when light begins to lengthen and darkness to diminish.

Anyone who says Christmas is betrayed by people who turn on lights and put up decorations early doesn't know the anatomy of the celebration.

Light was the theme of the original pagan celebration.

Surely light is the theme of the Christian celebration.

Turning on the lights adds immeasurably to the joy of the happiest season of the year.

The 'Big Snow'

Each time there's an extra - heavy snow—or even the threat of one — this question is heard: "How deep was the 'Big Snow'?"

To settle the inevitable arguments which arise when the flakes fall, the official final figure for the city was 30 inches.

The storm struck on Friday, Nov. 24, and mounted in intensity during the night.

What was then Dam 8 had an official 24 inches at noon on Saturday, Nov. 25, with three to four feet reported in some sections. And the fall continued.

L. H. Copeland, who was U.S. weather observer at Millport, called the snowstorm the worst in the official 58-year record for Columbiana County.

It was a big one — and made news. It's one record that no one is anxious to see broken.

Barry And George

By James Marlow

WASHINGTON

After the Republican gains in this month's elections — in Congress and in the states—the party naturally perked up and began dreaming of the possibility of winning the presidency in 1968.

With the Democrats in a bit of disarray, with President Johnson losing popularity and with the chance the war in Viet Nam might last two years more, Republicans began thinking big about that next election.

It could be their best chance in years. But even the sunniest among them knew that any real chance depended on meeting the antagonism between the right wing and the moderate and liberal Republicans.

The opposite has just happened.

The presidential try of the right wing's hero, Sen. Barry Goldwater, was a disaster in 1964. Now Michigan's Gov. George Romney, elected to a third term this month, was the Republican front - runner in the polls.

BUT ROMNEY had refused to support Goldwater in 1964 and this left a wound in the party. Without full Republican support in 1968 his prospects would look dim, even if he got the presidential nomination.

How could it be healed? By some salve, perhaps, plus a lot of political maneuvering, political conviction, and perhaps large doses of political expediency.

But with the Republican nominating convention still more than a year and a half away, the Republicans seemed to have plenty of time to doctor themselves.

Then a little more than two weeks ago Goldwater said that, while he wasn't closing the door on Romney, the Michigan governor had a lot of "home work" to do with party leaders to atone for not endorsing Goldwater in 1964.

But on the same day Romney said, "I am not interested in going back and taking a look at the past." Then this week the past caught up with both men, but hardly in a way to take the pain out of the wound of two years ago.

The New York Times published a letter Romney sent Goldwater six weeks after the 1964 election, although no one so far among the Republicans has admitted being the one who gave the Times the letter.

Goldwater accused someone of leaking it, saying "that does not serve the best interests of our party." The Romney forces denied they did it, the Goldwater forces denied they did.

ROMNEY'S letter was in response to one from Goldwater plainly expressing the latter's irritation, if not anger, over Romney's failure to endorse him.

"Where were you, George," Goldwater asked, "when the chips were down and the going was hard?"

Romney's letter was a 12-page explanation of his position and, in the process, was a complaint and a criticism of Goldwater and of extremism.

When Goldwater found out about publication of the Romney letter, he was irritated all over again. And no wonder. It implied Goldwater didn't know what was going on around him in 1964.

But perhaps the most devastating Romney criticism of Goldwater, who had often been accused of "shooting from the hip," was the complaint that Goldwater didn't read the Republican party platform in 1964.

"You were apparently leaving many vital things up to others," Romney said.

Apparently Goldwater never had been intensely interested in the platform, although that was in effect the Republican party's basis for the campaign and its bag of promises if it won.

Before the party ever tried to put the platform together Goldwater had said he didn't want the usual one — with specific promises. He said he wanted statements of principles.

Detailed platforms, he said, "are not honest with the American people."

Like Twain Said About The Weather

LBJ's Staff Angers Labor

By Victor Riesel

WASHINGTON — During his sentimental Asian journey, President Johnson relaxed with his favorite hobby — the telephone. He called transcontinental to keep atop the election campaigns. Among those with whom he chatted were several labor leaders, whom he urged to swing more heavily into some state battles — especially Texas.

Victor Riesel

These labor leaders are devoted to the President, personally and politically. They, in turn, therefore called their regional colleagues. But at this point the action slowed.

It slowed because, unknown to the President, many labor leaders — and their anonymous Washington specialists — resent what they now dub "the brush off treatment" they say they're getting from the young White House staff. Cabinet members and a string of executive agency officials.

These labor leaders are bitter. Make no mistake about that. It is real.

They claim their communication lines with the White House staff are clogged. They can't get through. When they do, they say, they really have no one to talk to who understands them.

THEIR ARGUMENT is that the younger generation of White House aides has no empathy or identity with the older generation of labor leaders. Instead, the White House staff, according to union chiefs who have been accustomed for years to call in directly, looks upon them as stodgy old men.

It's not generally known but there is a large corps of labor men who do nothing but deal with the White House and the government for their unions. In the past, these men have been simply a dial away from the White House on many matters — a bill, a bid for a dinner invitation for their chief or just arrangements for a quick tour. Now these channels are clogged and sticky, most of the labor contact men say. When they get together, they swap stories on how tough it is to do business with the White House staffers these days.

FURTHERMORE, their feuds are proliferating. There's bitterness on the Cabinet level—with the Labor Department because, say they, it has become a vast social service agency and "nothing like the old department which worked with us." There's anger with the Commerce Department for a phone book full of reasons.

There is resentment over the actions of the National Mediation Service, the agency which handles the machinists and railroad unions. All this is just a starter.

To these could be added a long string of independent agencies which have quasi-judicial authority and have antagonized powerful unions such as the railroad brotherhoods, the militant machinists, the politically polished seafarers etc., etc.

This had its impact on the '66 elections — and may affect '68. Why?

"The resentment is on the working level," said one AFL-CIO vice president who recently had fought it out on the phone with a White House aide. "That's where the campaign troops come from — or don't come from. All of these federal agencies and the Cabinet group, which I say are harassing us, are a source of great dissatisfaction. There's a lot of friction.

"SO A LOT OF TROOPS just did not come out at election time. That's where elections are won or lost — right on the production line.

"Just ask the machinists why they're mad at the Mediation Service. They can't get it to move. Or ask some of our national unions which have 10 or 15 cases going regularly against us because of Labor Department or Justice Department action.

"The big thing is that neither we nor the fellows we keep in Washington to lobby or make contacts have anybody to talk to in the White House as we always had. We just can't go calling Lyndon Johnson, can we?" Until recently, the second line of labor's command and their contact men could phone former press secretary George Reedy or special counsel Mike Feldman. In the Kennedy administration there was Ralph Dungan, now ambassador to Chile.

Before that labor had its own close friend, the late, jovial Jim Mitchell and press secretary Jim Hagerty. And before that there was an "assistant president in charge of labor" — John Steelman.

That's what the labor men want now — a White House contact man who will understand "the movement," and "not be out of the younger intellectual generation among whom it is fashionable to believe us to be antediluvian. "They should know that resentment is going right down the line. They may have to get their own campaigners onto the streets in the future."

Letter To Editor

EDITOR OF THE REVIEW:

We are writing this letter to let everyone know how much we appreciate the wonderful job that John Biela, Arnie Durham and Glenn Montgomery and all other county officials did to help us when our daughter, Donna, was bitten by her pet dog.

If not for their quick thinking and actions maybe our little girl and other children in Newell may have suffered a very dreadful disease. We especially wish to thank Mr. Biela and Mr. Durham for taking their time to spend with us at the hospital and offer to help in any way they could. And also Mr. Biela for taking action on all dogs to be quarantined in Newell. Only those who have children in danger can appreciate the thing he has done.

Thanks to these men and all our neighbors, friends, relatives and co-workers for the help they offered when it was needed.

Control Time

'Guidelines' No Longer Guide

Important information has just been released by the Commerce Department. Its far-reaching significance has not been commented on by anyone in the Johnson administration.

What has been revealed is that wage increases are exceeding in pace labor productivity per hour.

This could mean not only a rise in prices for manufactured goods but some reductions in profit margins. Unit costs cannot always be immediately reflected in higher prices.

The government statement says the change in productivity began in September and continued through October. Labor leaders nevertheless are proclaiming anew that in 1967 they will demand at least a five per cent increase in wages in various industries.

Even the secretary of labor, who has supported President Johnson's figure of 3.2 per cent as a proper increase in wages based on productivity, now announces that five per cent is a justifiable figure to be followed hereafter. This is based on the theory that the cost of living has increased.

But the government's own figures show that since 1950 the cost of living has gone up 37 per cent, while hourly earnings have climbed 91 per cent. In terms of actual purchasing power, the earnings of labor have risen 39 per cent.

IN TOTAL disregard of the administration's "guidelines," preparations now are being made by labor leaders to revise existing contracts by substantial increases in the next few months. Management's executives are astonished at the administration's indifference.

The views of Roger Blough, chairman of the board of U.S. Steel Corp., are shared by many businessmen. He declared in a speech at Stanford University that automatic wage increases pegged to the cost-of-living index are "engines of inflation which impart a kind of perpetual motion to the whirling wage-price spiral."

He also said failure to the government to see that wage-price "guidelines" were followed "demonstrated fairly conclusively . . . how impotent the government is, under existing laws, to cope with the virtually unlimited power of organized labor to raise the costs of production at will."

While Mr. Blough didn't advocate wage-and-price control, he indicated that inflation can be dealt with effectively only by "reducing the political hazards involved in curtailing excessive government expenditures and the too-rapid expansion of the money supply."

He added that the "real leak in the inflation bucket" is the fact government expenditures have more than doubled since 1950. Since that year, he pointed out, the employe's share of the national income has risen from 64 to 70 per cent, while the proportion going to profits has dropped from 10 per cent to eight per cent.

NOBODY LIKES wage-and-price controls, but in England they have put them into effect for the last six months to save the pound from devaluation.

Labor unions in America have had enough political power to prevent a wage freeze, but the administration currently must decide whether it prefers to keep labor's support, or run the risk of a landslide defeat in 1968 if a severe recession occurs between now and the next presidential election.

The news that productivity per hour of work is declining, while wage increases are continuing presents a dilemma for both the President and Congress.

The day is fast approaching when the only way out for the administration will be to recommend a law fixing wages and prices.

This has happened before in wartime—in World War I, World War II and the Korean War.

Today, the Viet Nam war is increasing in expense and is affecting the national economy directly. It would be logical for the government to exercise control over wages and prices in selected, if not all, industries and to make the law last until an armistice comes in the Viet Nam War.

Politics is the only barrier.

"Voluntary" restraints have proved inadequate, but the administration, in the opinion of many businessmen, can hardly continue to be one-sided any longer and must apply its economic policies impartially.

A Hollow Offering

Plans for a Christmas-New Year's truce in Viet Nam have a hollow sound.

Why should a soldier putting his life on the line every day be asked to give the enemy time to better his chances of killing him?

The Viet Cong want the truce so they can infiltrate more men into strategic areas, build up supplies and regroup forces.

We would like nothing better than to see every serviceman in the world have a chance to rest and reflect on the meaning of Christmas.

That is not quite true; there is one other thing we would like better—for the military to enjoy their Christmas at home surrounded by loved ones.

This, of course, is impossible and any piecemeal effort is ineffective.

IN THE EVENT of a lull, tension will not be lessened. There still will be the chance a sniper's bullet will find its mark or a terrorist's bomb will do its dirty work.

Plumb pudding loses its flavor when you know it may be your last meal.

What do you think about during two days of truce when you know resumption of patrol duty could be your death warrant?

Do you think about the deep, still night when Jesus was born? Do you think about his life as a symbol of peace and good will to all men?

Or do you think about keeping your rifle clean so you will have a better chance of killing than being killed?

Christian servicemen do not need a Christmas lull to revive faith that has been a valuable ally during their whole military careers.

WE HAVE PLACED the lifeblood of our country in the midst of an undeclared war to give democracy to a country whose inhabitants do not know the meaning of the word.

How can we have the gall to offer our soldiers a tiny lull in which they can stop killing and worshiping a man whose whole life and teachings were in direct opposition to their Viet Nam mission?

By now, the American soldier must be a little tired of double-talk.

Any truce must be permanent to have any meaning.

Stay Away!

"Fire engine chasers" again have stirred the wrath of those who must fight the fires—this time in connection with Tuesday's early-morning blaze which destroyed a home in the Wellsville area.

Chief Robert Lewis of the Wellsville department points out how those lured by the flames blocked the path of a police cruiser and fire equipment.

This is an old story, which becomes more distressing each time it is repeated.

To those who chase the trucks—Were it your house, were it your family endangered, how would you feel if the curious had blocked the path of a fire truck which could mean the difference between life and death?

Put yourself in the place of the victim and stay away the next time the siren sounds!

Turning On The Lights

Christmas lights came on even earlier than usual this year.

They and the decorations that go with them were the signal for the now familiar complaint that we are getting our holidays mixed up.

The complainants say Christmas lights and decorations should be held back until Thanksgiving carcasses have been picked clean.

They think something is being taken away from the celebration of Christmas by turning on the lights too soon.

They need to read history.

Until the 20th century, nothing like today's Christmas existed. Well into this century nothing resembling the present celebration was known.

With due respect to the literal meaning of Christmas and all who celebrate it only as a religious holiday, lights, decorations and the psychology of the occasion all grew out of its connection with the winter solstice.

When daylight is diminishing and darkness increasing people want to be together. They cling to one another for comfort. They create cheer in a season when cheer is hard to come by. They await the return of the sun.

This has gone on in the Northern Hemisphere ever since there have been cogent humans. In the Southern Hemisphere, Dec. 25 is associated with the Summer Solstice. The phychology of the longest day is different from the psychology of the shortest day—but it, too, is a natural occasion for celebration.

The significance of Dec. 25 was marked by the Roman emperor Aurelian as the birthday of the unconquered sun. Aurelian did this in A.D. 274, before the church at Rome established Dec. 25 as Christmas in the following century.

Aurelian's Dec. 25 commemorated light. It is the first date after the Winter Solstice on Dec. 22 when light begins to lengthen and darkness to diminish.

Anyone who says Christmas is betrayed by people who turn on lights and put up decorations early doesn't know the anatomy of the celebration.

Light was the theme of the original pagan celebration.

Surely light is the theme of the Christian celebration.

Turning on the lights adds immeasurably to the joy of the happiest season of the year.

The 'Big Snow'

Each time there's an extra - heavy snow—or even the threat of one — this question is heard: "How deep was the 'Big Snow'?"

To settle the inevitable arguments which arise when the flakes fall, the official final figure for the city was 30 inches.

The storm struck on Friday, Nov. 24, and mounted in intensity during the night.

What was then Dam 8 had an official 24 inches at noon on Saturday, Nov. 25, with three to four feet reported in some sections. And the fall continued.

L. H. Copeland, who was U.S. weather observer at Millport, called the snowstorm the worst in the official 58-year record for Columbiana County.

It was a big one — and made news. It's one record that no one is anxious to see broken.

Barry And George

By James Marlow

WASHINGTON

After the Republican gains in this month's elections — in Congress and in the states—the party naturally perked up and began dreaming of the possibility of winning the presidency in 1968.

With the Democrats in a bit of disarray, with President Johnson losing popularity and with the chance the war in Viet Nam might last two years more, Republicans began thinking big about that next election.

It could be their best chance in years. But even the sunniest among them knew that any real chance depended on meeting the antagonism between the right wing and the moderate and liberal Republicans.

The opposite has just happened.

The presidential try of the right wing's hero, Sen. Barry Goldwater, was a disaster in 1964. Now Michigan's Gov. George Romney, elected to a third term this month, was the Republican front - runner in the polls.

BUT ROMNEY had refused to support Goldwater in 1964 and this left a wound in the party. Without full Republican support in 1968 his prospects would look dim, even if he got the presidential nomination.

How could it be healed? By some salve, perhaps, plus a lot of political maneuvering, political conviction, and perhaps large doses of political expediency.

But with the Republican nominating convention still more than a year and a half away, the Republicans seemed to have plenty of time to doctor themselves.

Then a little more than two weeks ago Goldwater said that, while he wasn't closing the door on Romney, the Michigan governor had a lot of "home work" to do with party leaders to atone for not endorsing Goldwater in 1964.

But on the same day Romney said, "I am not interested in going back and taking a look at the past." Then this week the past caught up with both men, but hardly in a way to take the pain out of the wound of two years ago.

The New York Times published a letter Romney sent Goldwater six weeks after the 1964 election, although no one so far among the Republicans has admitted being the one who gave the Times the letter.

Goldwater accused someone of leaking it, saying "that does not serve the best interests of our party." The Romney forces denied they did it, the Goldwater forces denied they did.

ROMNEY'S letter was in response to one from Goldwater plainly expressing the latter's irritation, if not anger, over Romney's failure to endorse him.

"Where were you, George," Goldwater asked, "when the chips were down and the going was hard?"

Romney's letter was a 12-page explanation of his position and in the process was a complaint and a criticism of Goldwater and of extremism.

When Goldwater found out about publication of the Romney letter, he was irritated all over again. And no wonder. It implied Goldwater didn't know what was going on around him in 1964.

But perhaps the most devastating Romney criticism of Goldwater, who had often been accused of "shooting from the hip," was the complaint that Goldwater didn't read the Republican party platform in 1964.

"You were apparently leaving many vital things up to others," Romney said.

Apparently Goldwater never had been intensely interested in the platform, although that was in effect the Republican party's basis for the campaign and its bag of promises if it won.

Before the party ever tried to put the platform together Goldwater had said he didn't want the usual one — with specific promises. He said he wanted statements of principles.

Detailed platforms, he said, "are not honest with the American people."

LBJ's Staff Angers Labor

By Victor Riesel

WASHINGTON — During his sentimental Asian journey, President Johnson relaxed with his favorite hobby — the telephone. He called transcontinental to keep atop the election campaigns. Among those with whom he chatted were several labor leaders, whom he urged to swing more heavily into some state battles — especially Texas.

Victor Riesel

These labor leaders are devoted to the President, personally and politically. They, in turn, therefore called their regional colleagues. But at this point the action slowed.

It slowed because, unknown to the President, many labor leaders — and their anonymous Washington specialists — resent what they now dub "the brush off treatment" they say they're getting from the young White House staff. Cabinet members and a string of executive agency officials.

These labor leaders are bitter. Make no mistake about that. It is real.

They claim their communication lines with the White House staff are clogged. They can't get through. When they do, they say, they really have no one to talk to who understands them.

THEIR ARGUMENT is that the younger generation of White House aides has no empathy or identity with the older generation of labor leaders. Instead, the White House staff, according to union chiefs who have been accustomed for years to call in directly, looks upon them as stodgy old men.

It's not generally known but there is a large corps of labor men who do nothing but deal with the White House and the government for their unions. In the past, these men have been simply a dial away from the White House on many matters — a bill, a bid for a dinner invitation for their chief or just arrangements for a quick tour. Now these channels are clogged and sticky, most of the labor contact men say. When they get together, they swap stories on how tough it is to do business with the White House staffers these days.

FURTHERMORE, their feuds are proliferating. There's bitterness on the Cabinet level—with the Labor Department because, say they, it has become a vast social service agency and "nothing like the old department which worked with us." There's anger with the Commerce Department for a phone book full of reasons.

There is resentment over the actions of the National Mediation Service, the agency which handles the machinists and railroad unions. All this is just a starter.

To these could be added a long string of independent agencies which have quasi-judicial authority and have antagonized powerful unions such as the railroad brotherhoods, the militant machinists, the politically polished seafarers etc., etc.

This had its impact on the '66 elections — and may affect '68. Why?

"The resentment is on the working level," said one AFL-CIO vice president who recently had fought it out on the phone with a White House aide. "That's where the campaign troops come from — or don't come from. All of these federal agencies and the Cabinet group, which I say are harassing us, are a source of great dissatisfaction. There's a lot of friction.

"SO A LOT OF TROOPS just did not come out at election time. That's where elections are won or lost — right on the production line.

"Just ask the machinists why they're mad at the Mediation Service. They can't get it to move. Or ask some of our national unions which have 10 or 15 cases going regularly against us because of Labor Department or Justice Department action.

"The big thing is that neither we nor the fellows we keep in Washington to lobby or make contacts have anybody to talk to in the White House as we always had. We just can't go calling Lyndon Johnson, can we?" Until recently, the second line of labor's command and their contact men could phone former press secretary George Reedy or special counsel Mike Feldman. In the Kennedy administration there was Ralph Dungan, now ambassador to Chile.

Before that labor had its own close friend, the late, jovial Jim Mitchell and press secretary Jim Hagerty. And before that there was an "assistant president in charge of labor" — John Steelman.

That's what the labor men want now — a White House contact man who will understand "the movement," and "not be out of the younger intellectual generation among whom it is fashionable to believe us to be antediluvian. "They should know that resentment is going right down the line. They may have to get their own campaigners onto the streets in the future."

Another Safety Record Set At Weirton Steel

The Tin Mill Department at the Weirton Steel Division of the National Steel Corp. has worked one million man-hours without a lost-time accident, it was announced today by C. G. Tournay, president.

Tournay said the department's 2,200 employes achieved the safety record between Sept. 2 and Nov. 26.

Commenting on the accomplishment, Tournay said he was "proud of this fine record and pleased to congratulate each employe, the supervisory personnel, stewards of the Independent Steelworkers Union and the Safety Department for an outstanding safety performance."

"Records of this kind," he added, "are an indication of the special regard that Weirton Steel employes have for safety on the job."

James Ashbridge, safety director, joined Tournay in commending the employes.

Ralph Harris is manager of the department and Herbert Huff the safety manager.

Jurors Return Verdict Of $780

LISBON — A Common Pleas Court jury returned a $780 verdict Tuesday for the Motorist Mutual Insurance Co. of Columbus in a traffic accident case.

The firm sought to recover $894 it paid its insured, Donald R. Christ of Burbank, Ohio, for damages to his car in a head-on crash Feb. 6, 1962, on Route 644, southeast of Kensington.

The verdict went against the estate of Wilson J. Martin, the other driver, who resided at Hanoverton R. D. 1. His death did not result from the accident. The plaintiff claimed Martin drove left of center.

Judge Joel H. Sharp presided for the two-day trial.

New Effort Set To End Strike At Toledo Paper

TOLEDO, Ohio (AP) — A three-man team of federal mediators was scheduled to meet today with management and union officials in the latest attempt to end the 38-day old Toledo newspaper strike.

The Toledo Council of Newspaper Unions, representing all nine unions at the Toledo Blade Co., said in a statement last week that it would go into the meeting "ready to negotiate all night."

Most of the unions' contracts with the company, publishers of the afternoon Blade and morning Times, have expired, but only three unions--the newspaper guild, steretypers and printers--are on strike.

A union council spokesman, George Duncan, said that wages pensions and health - welfare benefits are the major unsettled issues.

Inmate In Court Threatens Judge In Pittsburgh

PITTSBURGH (AP) — A jail prisoner in Pittsburgh has threatened in court to blow a judge's head off.

Herbert Langes, 26, of Milwaukee, Wis., was arguing his own case on an appeal of an attempted jail break conviction Tuesday before Allegheny County Criminal Court Judge Albert A. Fiok.

"If I have to blow your head off, that's what I'll do," said Langes to the judge. "I don't give a damn if it's on the record or not."

Langes was protesting that he and Richard Mayberry, 28, of Philadelphia were not permitted access to their case documents after six prisoners escaped from the Allegheny County Jail and were recaptured Saturday.

Mayberry created an uproar in Quarter Session court in Philadelphia last June when he threw an almanac at Judge Leo Weinrott while on trial for charges stemming from a prison riot in Philadelphia.

Langes remarks prompted Judge Fiok to call a recess. The judge told jail officials to permit the prisoners to prepare their cases.

Glenn R. Lemings, 42, of Georgetown was fined $25 and costs by Squire John D. Herron of New Cumberland as the aftermath of an auto crash Tuesday about a quarter mile east of the Newell Bridge on West Virginia Route 66.

Lemings was cited by Hancock County sheriff's deputies for hazardous driving after his auto went left of center and struck cars driven by Rick Dieringer, 19, of 507 E. 4th St., East Liverpool, and James A. Marshall, also of East Liverpool.

Dieringer suffered bruises. He was X-raved at City Hospital. The accident was timed at 6:39 a. m.

Hearing Set Thursday For 3 Men In Fracas

Three men involved in a Monday morning fracas in Midland in which one received knife wounds will appear Thursday night before Justice of the Peace Stephen Germusa at Midland on charges of disorderly conduct.

Charles Anderson, 31, of Stop 9, Smiths Ferry, will be released from City Hospital today after treatment for five stab wounds he suffered in a disturbance Monday at 12:46 a.m. near the corner of 5th St. and Beaver Ave.

Also arrested were Willie Coleman, 24, and his brother, Leandrew Coleman, 25, both of 324 Ohio Ave. All three are free on their own recognizance.

OXFORD, Miss. (AP) — Ronald A. Jackson had a problem as a paleontology major at the University of Mississippi.

The school didn't offer some of the courses he wanted.

But Ole Miss is not ignoring the plight of its first student in 20 years to major in paleontology — the branch of geology which studies prehistoric life through fossils.

Next semester the university will offer instruction in taxonomic methods, vertebrate paleontology and paleo-botany — all courses never before offered at Ole Miss.

Another Safety Record Set At Weirton Steel

The Tin Mill Department at the Weirton Steel Division of the National Steel Corp. has worked one million man-hours without a lost-time accident, it was announced today by C. G. Tournay, president.

Tournay said the department's 2,200 employes achieved the safety record between Sept. 2 and Nov. 26.

Commenting on the accomplishment, Tournay said he was "proud of this fine record and pleased to congratulate each employe, the supervisory personnel, stewards of the Independent Steelworkers Union and the Safety Department for an outstanding safety performance."

"Records of this kind," he added, "are an indication of the special regard that Weirton Steel employes have for safety on the job."

James Ashbridge, safety director, joined Tournay in commending the employes.

Ralph Harris is manager of the department and Herbert Huff the safety manager.

Jurors Return Verdict Of $780

LISBON — A Common Pleas Court jury returned a $780 verdict Tuesday for the Motorist Mutual Insurance Co. of Columbus in a traffic accident case.

The firm sought to recover $894 it paid its insured, Donald R. Christ of Burbank, Ohio, for damages to his car in a head-on crash Feb. 6, 1962, on Route 644, southeast of Kensington.

The verdict went against the estate of Wilson J. Martin, the other driver, who resided at Hanoverton R. D. 1. His death did not result from the accident. The plaintiff claimed Martin drove left of center.

Judge Joel H. Sharp presided for the two-day trial.

Projects Slated By Newell Group

Various community projects were discussed during a meeting of the Newell Civic Council Tuesday night at the American Legion Post Home.

The group agreed to donate treats for children during the annual Christmas parade.

A subscription was approved for membership in the Northern Hancock County Council for Retarded Children. Plans were advanced for constructing a bus stop shelter at Glendale, back of Newell on the 6th St. hill.

It was announced that anyone wishing to make recordings for servicemen overseas should contact the Red Cross in East Liverpool before Dec. 9.

The treasurer's report was submitted by Mrs. Sayde Nalley. The invocation was given by the Rev. Charles Haddock.

Arnie Durham, president, conducted business.

New Effort Set To End Strike At Toledo Paper

TOLEDO, Ohio (AP) — A three-man team of federal mediators was scheduled to meet today with management and union officials in the latest attempt to end the 38-day old Toledo newspaper strike.

The Toledo Council of Newspaper Unions, representing all nine unions at the Toledo Blade Co., said in a statement last week that it would go into the meeting "ready to negotiate all night."

Most of the unions' contracts with the company, publishers of the afternoon Blade and morning Times, have expired, but only three unions—the newspaper guild, steretypers and printers—are on strike.

A union council spokesman, George Duncan, said that wages, pensions and health - welfare benefits are the major unsettled issues.

Inmate In Court Threatens Judge In Pittsburgh

PITTSBURGH (AP) — A jail prisoner in Pittsburgh has threatened in court to blow a judge's head off.

Herbert Langes, 26, of Milwaukee, Wis., was arguing his own case on an appeal of an attempted jail break conviction Tuesday before Allegheny County Criminal Court Judge Albert A. Fiok.

"If I have to blow your head off, that's what I'll do," said Langes to the judge. "I don't give a damn if it's on the record or not."

Langes was protesting that he and Richard Mayberry, 28, of Philadelphia were not permitted access to their case documents after six prisoners escaped from the Allegheny County Jail and were recaptured Saturday.

Mayberry created an uproar in Quarter Session court in Philadelphia last June when he threw an almanac at Judge Leo Weinrott while on trial for charges stemming from a prison riot in Philadelphia.

Langes remarks prompted Judge Fiok to call a recess. The judge told jail officials to permit the prisoners to prepare their cases.

Georgetown Motorist Fined After Collision

Glenn R. Lemings, 42, of Georgetown was fined $25 and costs by Squire John D. Herron of New Cumberland as the aftermath of an auto crash Tuesday about a quarter mile east of the Newell Bridge on West Virginia Route 66.

Lemings was cited by Hancock County sheriff's deputies for hazardous driving after his auto went left of center and struck cars driven by Rick Dieringer, 19, of 507 E. 4th St., East Liverpool, and James A. Marshall, also of East Liverpool.

Dieringer suffered bruises. He was X-rayed at City Hospital. The accident was timed at 6:39 a. m.

Jaycees Set Judging Dec. 26

Entries Being Accepted In Home Lighting Event

The East Liverpool Jaycees announced today that entries are being accepted for a Christmas home lighting contest.

Judging will be Dec. 26 and applications must be in the hands of the Jaycees no later than Christmas day.

The judging will be on a point system, with a 100 point-maximum, members said. There are two categories, religious and traditional.

Thirty points will be awarded for artistic merit, such as design, composition, arrangement of elements and color scheme. Twenty will be offered for originality, such as new lighting ideas, special effects and new ways of using standard devices.

Another 30 will be given for lighting techniques — using regular Christmas lamps, spot and flood lamps and the use of other lamps, such as fluorescent.

Twenty points will be offered for ingenuity and using the structure of the house and surroundings to the best advantage.

Any one in East Liverpool, Liverpool Township, St. Clair Township, Madison Township, Chester or Newell may enter.

Prizes in the religious category will be a $100 savings bond for first, a $25 gift certificate for second and a plaque for third. Charles Sayre donated the bonds, while the Potters Lumber Co. is providing the gift certificate.

In using the accompanying application form, residents are asked to include specific information as to how to locate the home, where it is believed necessary.

British Princess' Husband 'Resting' After Operation

LONDON (AP) — Lord Snowdon, 36, husband of Princess Margaret, was reported resting in bed today after an operation for an undisclosed ailment.

His personal secretary said his condition was "satisfactory." Earlier a spokesman at Kensington Palace, Snowdon's London home, had said he was "not well."

Snowdon's secretary declined to disclose the nature of the ailment but said Snowdon successfully underwent a minor operation on Sunday.

Snowdon's illness only became known when a palace spokesman said Snowdon had canceled a visit to Scotland at the end of this week.

Only Princess Margaret and close friends knew in advance about the operation. Snowdon was secretly admitted to a London hospital Sunday. He has returned home. All his appointments for the next two weeks have been canceled.

This was Snowdon's second visit to a hospital in five months. Last July, he went into St. Bartholomew's Hospital.

On that occasion he spent the weekend in the hospital undergoing what were called routine tests and a checkup, on the instructions of his doctor, Sir Ronald Bodley-Scott, physician to the queen.

In 1962, Snowdon had 48 hours of treatment at the National Hospital for nervous diseases after complaining of stomach pains.

Snowdon, who was photographer Anthony Armstrong-Jones, married Princess Margaret on May 6, 1960.

Two Pennsylvanians Victims In Viet Nam

WASHINGTON (AP) — Two more Pennsylvanians have been listed as casualties of the war in Viet Nam, the Pentagon reported Tuesday.

Army Cpl. Jerry Potts, son of Mrs. Ernestine Potts, of Harrisburg, was reported killed in action, while Army Pfc. John H. Stewart, son of Mrs. Madeline Stewart, of Philadelphia, was reported dead of non - hostile causes.

Pan Am Sets New Bid To Avert Strike

NEW YORK (AP) — Pan American World Airways, the largest international carrier in the world, said today it would continue negotiations with the Transport Workers Union in efforts to avert a strike threatened by the union for noon Friday.

A strike by the union, which says it represents 13,000 Pan Am flight and ground-service employes, would result in the suspension of all of Pan Am's 360 daily flights to 128 cities around the world. The airline serves 16,500 passengers a day.

The two sides are deadlocked over a 15 per cent wage increase over 2½ years recommended by a presidential fact-finding board.

In the event of a strike, Pan Am said, "The TWU contract provides for Pan Am's military flights and guided-missile range division at Cape Kennedy to continue to operate."

The union said, however, that TWU employes at Cape Kennedy would be affected by a walkout.

The TWU represents Pan American mechanics and other ground personnel, stewardesses, pursers and port stewards.

Credit Union Given Report

A report of an audit made by Victor Price of Akron, an examiner for the Federal Credit Union, was presented to officers and directors of the City Employes' Credit Union at a meeting Tuesday afternoon in the Council chamber at City Hall.

Price commented that the new organization "is progressing very well and is financially sound." He commented that the records showed no delinquent loans.

Price presented a copy of his report to Auditor Lawrence J. Zollinger, president of the local credit union. He praised the officers and committees "for an excellent job in the first year of the organization's history."

Price commented that the local organization has enrolled only about 50 per cent of its potential membership. He urged it to continue with a membership drive.

Price also discussed the annual meeting of the organization, which will be set up in January by Zollinger. He specifically praised Mrs. Elizabeth Oliver, treasurer, and Mrs. Phyllis Stewart, secretary, for their work.

Authorities Probe Death Of Woman

YOUNGSTOWN, Ohio (AP)— Authorities were investigating the fatal shooting of a Mahoning County woman in Trumbull County Monday night. The woman's husband, who was wounded, was being held.

Mahoning County Sheriff's Captain Orlando DiLullo said Dean Mick, 32, told him he shot his wife, Patricia, 29, after he had driven their car to a spot north of Youngstown into Trumbull County.

The shootings were discovered Tuesday when Mick, who lives in Milton Township, Mahoning County, went to his barber and told them he had been wounded in the chest. Mick was reported in fair condition at a hospital here.

DiLullo said Mick gave this account of the shooting:

Mick picked up his wife Monday night in Warren when she got off work and the couple argued as they drove into the country. Mick was quoted as saying the shooting occurred along a Trumbull County road.

He said he was wounded when his wife's body fell against the gun and it discharged accidentally.

Signal Pole Snapped

NEW CUMBERLAND — A signal pole at the foot of Station Hill adjacent to the Pennsylvania Railroad crossing on State Route 2 was sheared off Tuesday night shortly after 8 by a skidding auto operated by Robert L. Johnson, 31, of Philippi, W. Va.

About $300 property damage was estimated by Police Chief Jake Baxter.

western lower Michigan. Highway crews attacked drifts as high as seven feet. Power company workmen repaired lines through the night, restoring electricity to areas in which more than 10,000 persons lost power for varying periods of time.

In Cleveland, Ohio, at the edge of Lake Erie, 10 persons died Tuesday from apparent heart attacks while shoveling snow.

The temperature fell below zero in Montana and along the nation's northwest border.

At Salt Lake City, Utah, thick fog forced airlines to reroute planes.

The dramatic rescue of the Nordmeer's crewmen off Alpena, Mich., took only 28 minutes. For 12 hours before that, the ship's captain, Ernst-George Steinbeck, and seven of his crewmen bore the brunt of winds that gusted to 60 knots — full gale force — as they sent out SOS signals.

At Ludington, the car ferry was reported out of danger during the storm, although the winds prevented vessels from taking off the passengers.

A Coast Guard cutter delivered fresh food to the car ferry Tuesday night.

Phu areas and in the southern panhandle. They reported heavy damage to a radar site 39 miles east of Dien Bien Phu and an antiaircraft radar site 76 miles northwest of Hanoi, six antiaircraft gun positions knocked out 16 miles southeast of Vinh in the panhandle and seven cargo barges damaged 25 miles southeast of Thanh Hoa.

Enemy groundfire knocked down a small American observation plane 91 miles northeast of Saigon Tuesday and two U.S. servicemen aboard were killed, U.S. headquarters reported.

The three truce periods announced by Premier Nguyen Cao Ky's government — two days each at Christmas and New Year's and four days during the lunar New Year — include cessation of U.S. air strikes and offshore naval bombardment against North Viet Nam.

Ky's announcement, confirmed by a presidential assistant at the Texas White House, followed a Viet Cong announcement Saturday of 48-hour ceasefires during Christmas and New Year's. The Communists also were expected to join in the truce for the lunar New Year — Viet Nam's festival of the Tet — as they do every year.

The truce agreement announced by Ky covers all anti-Communist allied forces in Viet Nam, including those of the United States, Australia, New Zealand, South Korea, Thailand and the Philippines.

Presidential assistant George Christian said at the Texas White House that President Johnson participated in the decision and was notified in advance of the announcement.

During short Christmas and New Year cease-fires last year, both sides accused the other of violations. The 1965 Christmas truce produced a 37-day pause in the bombing of North Viet Nam, a lull which U.S. military men say the North Vietnamese used to rush reinforcements south.

A lengthy cessation of raids against the north is not considered likely this year. Pentagon chiefs are known to be opposed to it unless North Viet Nam makes an equivalent move to de-escalate the war. Hanoi has given no such indication.

The truce periods announced by Saigon are from 7 a.m. Dec. 24 to 7 a.m. Dec. 26; for the same hours Dec. 31 to Jan. 2, from 7 a.m. Feb. 8 to 7 a.m. Feb. 12.

Snow

above freezing and salt began to melt the snow.

The county highway garage at Lisbon and the State Highway Department garage at Leetonia reported main roads in fairly good condition, but wet and slushy in spots.

Crews of both departments worked steadily since the snowfall began Monday night. Snow continued to fall here late this morning.

Road conditions forced cancellation of the Columbiana County Regional Planning Commission's public meeting set for Tuesday night at Lincoln School in Lisbon.

The West Virginia Road Commission garage at Pughtown reported crews plowing and cindering Hancock County roads continuously since early Tuesday, with all thoroughfares, including secondary roads, passable.

The Hancock County sheriff's department reported roads "slippery in spots, and wet in others," with light snow still falling this morning.

Therapist Heard At PTA Meeting Of Beaver Local

Miss Eileen Grabiak, speech and hearing therapist, spoke during a meeting of the Beaver Local Parent - Teacher Association Monday night at 7:30 in the school.

She described the procedure used to determine the amount of help each child requires and discussed the time spent with the children.

Urban Petros, principal, accepted a check for $250 for indoor games to be divided among the 25 rooms of the school. The games will be purchased in January, he said.

Mrs. Wanda O'Hanlon, treasurer, resigned because of a change in her working schedule and school classes.

The attendance banner was received by Mrs. Phyllis Trotter's sixth grade.

The next meeting will be Jan. 23, with classroom visitation for parents and teachers.

Mrs. Veronica Woleske, president, presided.

Area Motorist Cited After Newell Mishap

Kenneth Lee Hubbard, 20, of Smiths Ferry R.D. 1 was cited by Hancock County sheriff's deputies this morning for failure to have his vehicle under control following a collision at the intersection at 6th and Washington Sts. in Newell shortly before 8.

Hubbard's westbound auto struck the rear of another driven by Robert C. Brown of 605 Belmar Ave., East Liverpool. Brown was treated at City Hospital for possible neck injuries.

cannot make his decision now, said he will have better information around the end of the year.

In this connection, he said he plans to meet with the Joint Chiefs of Staff of the armed forces about the middle of the month and with Chairman Gardner Ackley of the Council of Economic Advisers perhaps this week.

He said a decision on a holiday truce in the war in Viet Nam would be announced "perhaps sometime within the next few hours." When the government of South Viet Nam announced several hours later that fighting would cease for Christmas, New Year's and for the lunar New Year, Johnson had nothing to say.

The President said he plans to make a brief trip Saturday across the Mexican border to join President Gustavo Diaz Ordaz for an inspection of the Amistad Dam construction site on the Rio Grande. The $70 million dam is the second major storage dam to be built by the two governments under a 1944 water treaty. It is in the area of Del Rio, Tex.

propose a tax increase. "There is not a thing in the world we can tell you about that until we have the figures," he said.

In Washington, Undersecretary of the Treasury Joseph M. Barr said a $3 billion spending cut already had been worked into the Treasury's figuring on a possible tax increase.

The only ingredients now needed to complete the background picture, Barr said, are the additional costs of the Viet Nam war and the government survey expected next month on plant and equipment spending anticipated by business during 1967.

Mrs. Nancy Palmer, worthy matron, and Robert Hays, worthy patron, presided. A delegation from East Palestine attended the session.

A donation was voted for the Columbiana County Health League and to the fund for the reception of the Grand Master of Blue Lodge to be held May 27 at Stambaugh auditorium in Youngstown.

Announcement was made of a joint Christmas party and coverdish dinner for all Masonic organizations and families, the tentative date being Dec. 20 at the temple.

Mrs. Marguerite Wilson and Mrs. Lois Smith are in charge of the sale of chocolate turtles. It was announced that Mrs. Elizabeth Pugh, a member, is a patient at the Wright Nursing Home in Lakewood. The Line Officers Christmas party will be held at Louisville Dec. 10, beginning at noon, with a gift exchange to follow. All past matrons and secretaries are invited.

Decorations in the East were fall flowers and in the West a cornucopia of fruit was used. The altar was draped for a past grand matron.

The conductress and associate conductress presented the worthy matron with a birthday cake decorated with pink rosebuds and a candle for each of her officers. The cake was set on a white filigree cake cart. The officers read an addenda to the worthy matron and everyone sang "Happy Birthday".

Lunch was served in the dining room, with fruit and leaves being used to carry out the fall theme. The table was centered with a manzetta tree decorated with small birds and cards for the worthy matron and worthy patron.

The next meeting, Dec. 26, will feature a shower of small items for the Masonic kitchen.

Meeting Planned By Neighborhood Unit At Midland

Plans for the selection of an executive committee will be launched when the Midland Neighborhood Committee meets Friday at 7:30 p. m. in the Midcrest Recreation Center.

A nominating committee will be chosen to select candidates for the executive committee.

An organizational meeting of the Neighborhood group was conducted earlier by Mrs. Francena Colamarino, program coordinator, and Jerry Moye, executive director of the Community Action Committee for Beaver County.

During the meeting, the Economic Opportunity program and the function of the CAC was discussed. It was explained that active participation is needed in Midland to form the Neighborhood Committee and to elect officers prior to the establishment of a Neighborhood Center.

Mrs. Colamarino and Moye emphasized the need for attendance by all residents at the Friday session.

Ohio Couple Killed When Train Hits Car

By The Associated Press

A Fostoria couple whose car was struck by a freight train is among Ohio's latest traffic dead.

The victims:

Mr. and Mrs. William Calhoon, Fostoria.

Eileen Ethel Powers, 22, Franklin, Warren County.

Calhoon, 40, and his wife, 36, died Tuesday when a Norfolk & Western freight train plowed into their car in Fostoria. It was snowing at the time.

The Franklin woman was a passenger in a car which crashed into a bridge pillar on Old U.S. 24 near Dayton. The driver Barbara Sue Young, 21, also of Franklin, was hospitalized after the Tuesday mishap.

Eastern Star Here Holds Installation Ceremonies

Mrs. Freeda Adkins was seated as worthy matron and her husband, Edward Adkins, as worthy patron of Crystal Chapter 18, Order of Eastern Star, during ceremonies Saturday night at the Masonic Temple, with more than 200 attending.

She received her gavel, centered in a floral nosegay, as a gift from her sons, David and Allen, with Mrs. Jennie Mackall making the presentation.

Mrs. Marilyn Wagner sang "You'll Never Walk Alone" at the request of Mrs. Adkins, who dedicated the song to her husband. Mrs. Gladys Keys gave a reading, "Light," with Mrs. Alice Tittle providing the piano background.

—:—

MRS. ADKINS received a congratulatory bouquet of pink carnations and white snapdragons from Mrs. Jean Hall of Portsmouth. She chose as her theme "Light," the motto "It Is Better To Light Just One Little Candle Than To Stumble In The Dark" and the colors of green, white and silver.

Other officers inducted were Mrs. Jackie Mitcheson, associate matron; Frank Mitcheson, associate patron; Mrs. Hazel Miller, secretary; Mrs. Phyllis Eaton, treasurer; Mrs. Mary Matheny, conductress; Mrs. Mary Montgomery, associate; Mrs. Dorothy Sneddon, chaplain; Richard Kidder, marshall; Mrs. Geraldine Everhart, organist; Mrs. Kathryn Swan, warder; Robert Swan, sentinel, and Mrs. Frances Bussard and Mrs. Martha Mitcheson, pages.

Star points seated were Mrs. Wagner, Ada; Mrs. Patricia Connor, Ruth; Mrs. Gloria Devon, Esther; Mrs. Helen Kidder, Martha, and Mrs. Audrey Johnson, Electa.

Samuel Blackburn, past patron, was installing officer, assisted by other past matrons and patrons — Mrs. Verna Scott, who served as inviting marshal; Mrs. Margaret Mays and Earl Roush, marshals; Mrs. Arlene Blackburn, chaplain; Mrs. Sally Crawford, conductress; Mrs. Delores Vale, warder, and Frank Miller, sentinel. Mrs. Tittle was pianist.

The East was decorated with a jade green backdrop before which was featured the star points with the emblematic flowers. A white satin background was highlighted in the West where jade color mums and a revolving globe were spotlighted.

Mrs. Sally Crawford presented the past officer's jewels to her mother, Mrs. Scott, retiring worthy matron, and her father, Charles Scott, retiring worthy patron.

Grand officers introduced with honors were Mrs. Martha Turvey of Carrollton, deputy matron; Mrs. Lillian McLain, Salineville, grand representative to Nova Scotia, and Mrs. Blackburn, representative to South Carolina.

Guests were present from Alliance, Augusta, Canal Fulton, Homeworth, Leesville, Salineville, Canton, Carrollton, Cleveland, Minerva, Negley, Sebring, Columbiana, East Palestine, Hanoverton, Ravenna, Salem, Wellsville, Midland, McDonald and Chester.

Collections for the sunshine fund were allocated for the Eastern Star Endowment Fund.

—:—

STANDING committees named were Mrs. Olive McDowell, Mrs. Crawford, Mrs. Mackall and Mrs. Mary Wolfe, registration; Mrs. Evelyn Exley, Earl Roush and Mrs. McDowell, audit; Mr. and Mrs. Charles Scott, voucher and examination; Mrs. Hazel Miller, Mrs. Vangel Gilson and Thomas Wolfe, finance; Mrs. Katherine Cain and Mrs. Nellie McLain, visitation; Mrs. Blackburn, cards and remembrance, and Mrs. Wolfe, Mrs. Jackie Mitcheson, Mrs. Cain, Mrs. Martha Mitcheson, Mrs. Ruth Mackey and Miss Mayme Davidson, ways and means.

Mrs. Mary Matheny, Frank Mitcheson and Adkins, instruction; Mrs. Sylvia Long and Mrs. Leah Kay Smith, hospitality; Mrs. Jackie Mitcheson, Frank Mitcheson, Mrs. Matheny and Mrs. Montgomery, budget; Mrs. Mays, Mrs. Scott and Blackburn, trustees, and Mrs. Wolfe, publicity chairman.

Mrs. Keys and Mrs. Mackall, assisted by Miss Kathy Blackburn, served as greeters. Mrs. Helen Walker and Mrs. Emily Mountford were in charge of registration.

Refreshments were served in the grill room under the supervision of Crystal Club, with Mrs. Cain, president, assisted by Mrs. Mackey, Mrs. Pearl Capehart and Mrs. Helen Caldwell.

The tables, which were arranged in triangular shape, were decorated with Hummell figurines in a nativity scene, jade green sparkle candles, antique oil lamps and pine. Jade color cloths were used.

The decorating committee included Mrs. Eaton, chairman, Mrs. McDowell, Mrs. Bussard and Mrs. Nellie Birch.

The next session will be Dec. 14.

ALBUQUERQUE, N.M. (AP) — Charles Line's pickup truck license cost him $8.50 last year.

He received a bill Tuesday for his 1967 license fee from the New Mexico Motor Vehicle Department. It was for $1,286.

Line says he thinks the department made a mistake.

Fourth Annual Exercises Held By Camp Fire Group

The fourth annual "Service Ceremonial" was observed by Kinoka Council of Camp Fire Girls, Inc., Sunday afternoon at St. Aloysius Parochial School Hall.

The event marked service to the children of the Columbiana School for Retarded Children, with each Blue Bird, Camp Fire, Jr Hi and Horizon Club group contributing gifts of books and various visual aids. In previous years, the event emphasized service to the community.

The processional was led by Mrs. Larry Walton, president of Kinoka Council, and included two representatives of each group. She extended the welcome and introduced the guests, Mr. and Mrs. Clinton Fiedler of Weirton — he is a member of the National Board of Camp Fire Girls; Mrs. Edward Bond, administrative secretary for the Lauretta B. Millsop Council of Weirton, and Mrs. F. R. LaCasio, a member of the Weirton Board of Trustees.

The "Credo" for Camp Fire Girls was given by Olive Elaine Smith, a member of Horizon Club 19, followed by the invocation by Fr. Donald DeCarlo, assistant pastor of St. Aloysius Catholic Church.

Each group representative deposited a gift in a large cornucopia and lighted a candle symbolizing the desire "to help the light of knowledge" burn a little brighter in the school.

Mrs. Edith Martsoff, assistant to the diector of the County Retarded School system, and Mrs. Janice Southall, a teacher at the school and guardian of the school's Camp Fire Group, accepted the gifts.

Group singing was led by Mrs. Elsie Pethtel, with Mrs. Helen Friess at the piano. Following the extinguishing of the Wohelo candles, the group pantomimed Indian taps.

Francie Keuper, dressed in an Indian ceremonial costume, represented the "Spirit of Camp Fire" and served as mistress of ceremonies.

Refreshments were served at a buffet table decorated with fall flowers.

The committee in charge of arrangements included Mrs. Arthur Eddy, chairman, Mrs. Eugene Peery, Mrs. Charles Keuper, Mrs. Joseph Prager and Mr. and Mrs. Robert Appledorn.

Eugene Russell is recuperating at home after being discharged from Aliquippa Hospital.

How Can I?

By ANNE ASHLEY

Q.—Is there any way I can add more strength to my new glassware?

A.—Try this: Place the glassware in a vessel of slightly salted water, letting it come to a boil slowly, then boil thoroughly, and follow by cooling slowly. The slower this is done, the more effective your results.

Copter Plucks 8 Off Ship As Craft Breaks

ALPENA, Mich. (AP) — An unexpected pause in a gale-force snow squall gave a Coast Guard helicopter time to pluck eight German seamen from a stranded ship moments before she broke up in storm-whipped Lake Huron late Tuesday.

The squall closed in again shortly after the last man had been pulled off the Nordmeer, a steel-laden German freighter aground since Nov. 19 on Thunder Bay Shoal.

"God was real nice to us," said Lt. Jack Rittichier of Barberton, Ohio, copilot on the helicopter. "The storm broke as we moved in. All of a sudden things cleared up. As soon as the last man was picked up, it began to snow again."

The rescue took 28 minutes. For 12 hours before that, the Nordmeer's master, Captain Ernst-George Steinbeck and seven of his crewmen had borne the brunt of 35 to 40 knot winds, at times gusting to 60 knots along the shoal 12 miles east of Alpena.

The helicopter was piloted by Lt. Lonnie Mixon of Mobile, Ala. Aviation Mechanic 2.C. David C. Nofftz of Joliet, Ill., was the other crew member.

As the helicopter neared the stricken ship, Cmdr. George Winstein of the Coast Guard cutter Mackinaw was preparing a sea rescue effort.

The helicopter made two trips, carrying four men each time.

Mrs. Freeda Adkins was seated as worthy matron and her husband, Edward Adkins, as worthy patron of Crystal Chapter 18, Order of Eastern Star, during ceremonies Saturday night at the Masonic Temple, with more than 200 attending.

She received her gavel, centered in a floral nosegay, as a gift from her sons, David and Allen, with Mrs. Jennie Mackall making the presentation.

Mrs. Marilyn Wagner sang "You'll Never Walk Alone" at the request of Mrs. Adkins, who dedicated the song to her husband. Mrs. Gladys Keys gave a reading, "Light," with Mrs. Alice Tittle providing the piano background.

—:—

MRS. ADKINS received a congratulatory bouquet of pink carnations and white snapdragons from Mrs. Jean Hall of Portsmouth. She chose as her theme "Light," the motto "It Is Better To Light Just One Little Candle Than To Stumble In The Dark" and the colors of green, white and silver.

Other officers inducted were Mrs. Jackie Mitcheson, associate matron; Frank Mitcheson, associate patron; Mrs. Hazel Miller, secretary; Mrs. Phyllis Eaton, treasurer; Mrs. Mary Matheny, conductress; Mrs. Mary Montgomery, associate; Mrs. Dorothy Sneddon, chaplain; Richard Kidder, marshall; Mrs. Geraldine Everhart, organist; Mrs. Kathryn Swan, warder; Robert Swan, sentinel, and Mrs. Frances Bussard and Mrs. Martha Mitcheson, pages.

Star points seated were Mrs. Wagner, Ada; Mrs. Patricia Connor, Ruth; Mrs. Gloria Devon, Esther; Mrs. Helen Kidder, Martha, and Mrs. Audrey Johnson, Electa.

Samuel Blackburn, past patron, was installing officer, assisted by other past matrons and patrons — Mrs. Verna Scott, who served as inviting marshal; Mrs. Margaret Mays and Earl Roush, marshals; Mrs. Arlene Blackburn, chaplain; Mrs. Sally Crawford, conductress; Mrs. Delores Vale, warder, and Frank Miller, sentinel. Mrs. Tittle was pianist.

The East was decorated with a jade green backdrop before which was featured the star points with the emblematic flowers. A white satin background was highlighted in the West where jade color mums and a revolving globe were spotlighted.

Mrs. Sally Crawford presented the past officer's jewels to her mother, Mrs. Scott, retiring worthy matron, and her father, Charles Scott, retiring worthy patron.

Grand officers introduced with honors were Mrs. Martha Turvey of Carrollton, deputy matron; Mrs. Lillian McLain, Salineville, grand representative to Nova Scotia, and Mrs. Blackburn, representative to South Carolina.

Guests were present from Alliance, Augusta, Canal Fulton, Homeworth, Leesville, Salineville, Canton, Carrollton, Cleveland, Minerva, Negley, Sebring, Columbiana, East Palestine, Hanoverton, Ravenna, Salem, Wellsville, Midland, McDonald and Chester.

Collections for the sunshine fund were allocated for the Eastern Star Endowment Fund.

—:—

STANDING committees named were Mrs. Olive McDowell, Mrs. Crawford, Mrs. Mackall and Mrs. Mary Wolfe, registration; Mrs. Evelyn Exley, Earl Roush and Mrs. McDowell, audit; Mr. and Mrs. Charles Scott, voucher and examination; Mrs. Hazel Miller, Mrs. Vangel Gilson and Thomas Wolfe, finance; Mrs. Katherine Cain and Mrs. Nellie McLain, visitation; Mrs. Blackburn, cards and remembrance, and Mrs. Wolfe, Mrs. Jackie Mitcheson, Mrs. Cain, Mrs. Martha Mitcheson, Mrs. Ruth Mackey and Miss Mayme Davidson, ways and means.

Mrs. Mary Matheny, Frank Mitcheson and Adkins, instruction; Mrs. Sylvia Long and Mrs. Leah Kay Smith, hospitality; Mrs. Jackie Mitcheson, Frank Mitcheson, Mrs. Matheny and Mrs. Montgomery, budget; Mrs. Mays, Mrs. Scott and Blackburn, trustees, and Mrs. Wolfe, publicity chairman.

Mrs. Keys and Mrs. Mackall, assisted by Miss Kathy Blackburn, served as greeters. Mrs. Helen Walker and Mrs. Emily Mountford were in charge of registration.

Refreshments were served in the grill room under the supervision of Crystal Club, with Mrs. Cain, president, assisted by Mrs. Mackey, Mrs. Pearl Capehart and Mrs. Helen Caldwell.

The tables, which were arranged in triangular shape, were decorated with Hummell figurines in a nativity scene, jade green sparkle candles, antique oil lamps and pine. Jade color cloths were used.

The decorating committee included Mrs. Eaton, chairman, Mrs. McDowell, Mrs. Bussard and Mrs. Nellie Birch.

The next session will be Dec. 14.

ALBUQUERQUE, N.M. (AP) — Charles Line's pickup truck license cost him $8.50 last year.

He received a bill Tuesday for his 1967 license fee from the New Mexico Motor Vehicle Department. It was for $1,286.

Line says he thinks the department made a mistake.

Fourth Annual Exercises Held By Camp Fire Group

The fourth annual "Service Ceremonial" was observed by Kinoka Council of Camp Fire Girls, Inc., Sunday afternoon at St. Aloysius Parochial School Hall.

The event marked service to the children of the Columbiana School for Retarded Children, with each Blue Bird, Camp Fire, Jr Hi and Horizon Club group contributing gifts of books and various visual aids. In previous years, the event emphasized service to the community.

The processional was led by Mrs. Larry Walton, president of Kinoka Council, and included two representatives of each group. She extended the welcome and introduced the guests, Mr. and Mrs. Clinton Fiedler of Weirton — he is a member of the National Board of Camp Fire Girls; Mrs. Edward Bond, administrative secretary for the Lauretta B. Millsop Council of Weirton, and Mrs. F. R. LaCasio, a member of the Weirton Board of Trustees.

The "Credo" for Camp Fire Girls was given by Olive Elaine Smith, a member of Horizon Club 19, followed by the invocation by Fr. Donald DeCarlo, assistant pastor of St. Aloysius Catholic Church.

Each group representative deposited a gift in a large cornucopia and lighted a candle symbolizing the desire "to help the light of knowledge" burn a little brighter in the school.

Mrs. Edith Martsoff, assistant to the diector of the County Retarded School system, and Mrs. Janice Southall, a teacher at the school and guardian of the school's Camp Fire Group, accepted the gifts.

Group singing was led by Mrs. Elsie Pethtel, with Mrs. Helen Friess at the piano. Following the extinguishing of the Wohelo candles, the group pantomimed Indian taps.

Francie Keuper, dressed in an Indian ceremonial costume, represented the "Spirit of Camp Fire" and served as mistress of ceremonies.

Refreshments were served at a buffet table decorated with fall flowers.

The committee in charge of arrangements included Mrs. Arthur Eddy, chairman, Mrs. Eugene Peery, Mrs. Charles Keuper, Mrs. Joseph Prager and Mr. and Mrs. Robert Appledorn.

Special Musical Service Set By Church At Shippingport

SHIPPINGPORT — A special musical service will be held Sunday at 7 p.m. at the Green Valley Methodist Church.

The Rev. Harold Greenway of the Concord Methodist Church at Beaver Falls will present a sermon in song entitled "Music That Inspires the Soul."

The musical will be in three parts — "Songs of Faith," "Songs of Thanksgiving" and "Songs of Christmas."

Mrs. William Ivey of the Concord church will be organist.

The public is invited, with refreshments to be served following the service.

The offical board of the Green Valley church will meet Sunday at 2:30 p.m., with Raymond Scott, chairman, presiding.

The WSCS will meet at the church at noon on Dec. 7, with a coverdish dinner preceding the meeting. A "silent auction" will be held.

Mr. and Mrs. Robert Christy and son, Mrs. Sarah Christy and Mr. and Mrs. Duane Montgomery and daughter have returned home after a visit with Mr. and Mrs. A. B. Roane at Norfolk, Va.

Eugene Russell is recuperating at home after being discharged from Aliquippa Hospital.

How Can I?

By ANNE ASHLEY

Q.—Is there any way I can add more strength to my new glassware?

A.—Try this: Place the glassware in a vessel of slightly salted water, letting it come to a boil slowly, then boil thoroughly, and follow by cooling slowly. The slower this is done, the more effective your results.

Copter Plucks 8 Off Ship As Craft Breaks

ALPENA, Mich. (AP) — An unexpected pause in a gale-force snow squall gave a Coast Guard helicopter time to pluck eight German seamen from a stranded ship moments before she broke up in storm-whipped Lake Huron late Tuesday.

The squall closed in again shortly after the last man had been pulled off the Nordmeer, a steel-laden German freighter aground since Nov. 19 on Thunder Bay Shoal.

"God was real nice to us," said Lt. Jack Rittichier of Barberton, Ohio, copilot on the helicopter. "The storm broke as we moved in. All of a sudden things cleared up. As soon as the last man was picked up, it began to snow again."

The rescue took 28 minutes. For 12 hours before that, the Nordmeer's master, Captain Ernst-George Steinbeck and seven of his crewmen had borne the brunt of 35 to 40 knot winds, at times gusting to 60 knots along the shoal 12 miles east of Alpena.

The helicopter was piloted by Lt. Lonnie Mixon of Mobile, Ala. Aviation Mechanic 2.C. David C. Nofftz of Joliet, Ill., was the other crew member.

As the helicopter neared the stricken ship, Cmdr. George Winstein of the Coast Guard cutter Mackinaw was preparing a sea rescue effort.

The helicopter made two trips, carrying four men each time.

Midland Spurts To 69-46 Victory

Second Win Is Paced By Mahurt's 18

Midland spurted in the second half to register its second straight victory of the exhibition season by defeating visiting Munhall, 69-46, Tuesday night.

Munhall played it snug with the Leopards for the first half with Midland gaining an 8-6 edge at the end of the first period. The visitors even took a lead in the second period until Midland's full court press finally paid off as the Leopards scored eight consecutive points to grab a 30-25 halftime margin.

At one time in the second period Munhall led 25-22 but two buckets each by Jeff Lake and Dave Vanlier gave Midland an advantage it never lost.

By the end of three periods, the Leopards were sitting on a 49-36 margin.

Leading coach Hank Kuzma's squad in the scoring department was Rich Mahurt, the three year veteran, who dropped in 18 points while Dave Vanlier hit the hoop for 14 markers.

The taller Munhall team was paced by Phil Dudas with 14 points while 6-4 Jay Furnival added 10 markers.

Midland hit a respectable 43 per cent from the field making 30 of 69 shots while Munhall fired 32 per cent on 21 of 66.

The Leopards next game is with Wellsville Friday night on the Midland floor.

Last night's reserve game was abbreviated since snow delayed the arrival of the Munhall squad. Midland won 28-10.

J. Hall Named MVP At Beaver Local Banquet; 300 Hear Ohio State Coach

The Review Sports
WEDNESDAY, NOVEMBER 30, 1966 PAGE 12

By BOB DUFFY
Review Sports Editor

Six Beaver Local High School gridders, headed by MVP winner Jeff Hall, shared in 11 awards which were presented Tuesday night during a banquet honoring the 1966 Beaver Local football squad at the high school.

A crowd of some 300 attended the annual fete sponsored by the Beaver Local Boosters Club and heard a talk by Woody Hayes, head football coach at Ohio State University.

—:—

HALL, who gained more than 1,000 yards rushing and passing for the Beavers this past season, walked off with the most valuable player award and also the trophy for the best offensive back.

Other players honored, who played important roles in Beaver Local's 5-4-1 season and a three - way share of the Buckeye Border Conference crown included Allan Moore, who was named the best offensive lineman and also received a captain award and a trophy for being named to the All - County team.

Ray Ammon was named the team's top defensive back and Andy Hall the top defensive lineman. Hall played linebacker for the Beavers.

—:—

THE COACHES' award was presented Rich Dunn, while Andy Hall and Dennis Klembara also received trophies for being voted to the All-County grid team.

Hayes directed his talk to the players and parents.

"Attitude is one of the most important factors, and leads to the kind of cooperation a boy gives the coaching staff. Attitude is the difference on how the game is played," Hayes said.

The Ohio State mentor pointed out the unlimited opportunities for education in this present generation. "The educational opportunities are there whether you gain it through a university or on-the-job training."

—:—

TURNING to football Hayes pointed out "football teaches there is more strength in a man than he some times realizes." It also teaches the difference between success and failure, with success going to the person who stays at it the longest and to those who get up and go again after disappointments."

"Parents play an important part in the game of football, since it is up to them to teach discipline, give their son the feeling of being wanted at home and see that he keeps in good physical condition."

He explained the importance of a good running program and emphasized that football conditioning goes on the year round. "We make all players run a mile in six minutes or less to make sure their legs are in shape."

—:—

HAYES, who has served as head coach at Ohio State since 1951 in which time he won two national championships and four Big 10 titles, congratulated the Beavers for winning a share of the Buckeye Border Conference, then commented, "I hope your luck rubs off on us, we need a title too."

Ohio State finished with a 4-5 record this season and was sixth in the Big 10 standings.

Coach Don Ross congratulated his squad for their 5-4-1 season and winning a share of the conference title. Ross pointed out that the victory over a much bigger Toronto team was one of the greatest of the season.

—:—

VARSITY awards were presented 12 seniors, four juniors and two sophomores. Receiving three - year varsity awards were Bruce Karger, Moore and Don Sowards. Two - year awards went to Ammon, Dunn, Jeff Hall, Harry Matheny, Jim Burcham, Cole and Klembara.

Receiving first - year awards were Roger Burris, Mark Goodman, Dave McDonald, Dave Wilkinson, Charles Lucas, Dan Myers and Lew Brown.

Reserve letters were given to Ronald Aughinbaugh, Sam Ferguson, Sam Hall, Dave Humphrey, Alex Lane, Mike McKenzie, Larry Mullen, Jim Nuzum, John Possage, Rich Spooner, Ken Campbell, Danny Conley, Bob Copestick, Ron Downard, Lester Hazel, Gary Klembara, John Smith and Bruce Green.

Manager awards went to Bill Croxall, Jerry Miller and Andy Gamble.

—:—

THE AWARDS were presented by assistant coaches Dick Bryan, Dick Parsons, James Agich and Paul Jackson.

Beaver Local's undefeated freshman team was introduced by Larry Knight, coach, who presented awards to 26 members.

Mike Klembara, president of the Boosters Club, presented a trophy to the freshman team for its unbeaten season.

Members of the varsity, reserve and freshmen cheerleading squads were introduced by Mrs. Ann Langsdale and Miss Mildred Wise, advisers.

Klembara served as toastmaster, with the Rev. Carl Stockdale giving the invocation and benediction.

South Side Takes Opener

South Side's balanced scoring attack and Burgettstown's poor shooting from the foul line resulted in a narrow 70-68 victory for South Side in its season opener Tuesday night at Burgettstown.

The Rams waged a see-saw battle throughout the 32 minutes and gained a slight advantage at the end. With the score 70-68 in the closing seconds, Burgettstown was given an opportunity to tie the game with a one and one foul shot situation but missed.

South Side led 10-8 at the first period pole but fell behind 34-32 at halftime. The Rams trailed 52-51 after three periods before gaining the advantage.

Leading the balanced attack for South Side was Dan Hartzell with 19 points while Tom Doak added 16, Ron Allison 14 and Ron Peden 13. Finley's 18 markers topped Burgettstown.

The losers had a 30-27 advantage in field goals but only made 8 of 23 from the foul line while South Side dropped in 16 of 23.

The Burgettstown reserves won the preliminary battle, 64-24.

Army's Lindell Picked As Top Back Of Week

By DICK COUCH
Associated Press Sports Writer

Army's Steve Lindell, who fired two cannon shots that scuttled the Navy last Saturday, was saluted today by The Associated Press as college football's Back of the Week.

Lindell, a poised, 19-year-old sophomore from Princeton, Minn., broke up the interservice duel with a pair of fourth-quarter touchdown passes, giving the Cadets a 20-7 victory to cap their finest season since 1958.

The 5-foot-11, 180-pound Army quarterback hit Terry Young with a 43-yard scoring strike, snapping a 7-7 tie, then tossed a 23-yard pass to Carl Woessner for the insurance tally.

Over-all, Lindell completed 12 of 17 passes for 164 yards, added 25 rushing yards and converted after two touchdowns in leading Army to its eighth victory in 10 starts under first-year coach Tom Cahill.

Sophomore Coley O'Brien of Notre Dame and Frank Quayle of Virginia sparkled Saturday as the Irish trampled Southern California 51-0 and the Cavaliers trimmed North Carolina 21-14.

O'Brien, starting at quarterback for Notre Dame in the absence of injured Terry Hanratty, hit on 21 of 31 pass attempts for 255 yards and three touchdowns. Quayle scored all three Virginia touchdowns on jaunts of 30, 23 and 4 yards.

As Trading Continues

Dodgers Get Mets' Hunt; Wills May Become Yankee

COLUMBUS, Ohio (AP) — The Los Angeles Dodgers, having acquired second baseman Ron Hunt, and the New York Yankees, having given up third baseman Clete Boyer, looked forward today to molding new infields with shortstop Maury Wills possibly leaving one and joining the other.

The National League champion Dodgers made the first major trade of the annual baseball meetings Tuesday, sending two-time batting champion Tommy Davis and infielder-outfielder Derrell Griffith to the Mets for Hunt and infielder-outfielder Jim Hickman.

Less than eight hours later, the Yankees and the Atlanta Braves completed the first interleague trade of the meetings and sent Boyer, an eight-year Yankee veteran, to the Braves.

In return the Yankees received outfielder Bill Robinson, who played for Richmond of the International League last season. The Yankees also got Federic (Chi Chi) Olivo for their Syracuse IL farm club roster and will send a player to Richmond later.

The Dodgers long have needed a solid third baseman, and the acquisition of Hunt will enable them to move Jim Lefebvre from second to third. John Kennedy, whose weak hitting has prevented him from fulfilling the team's wishes for a third baseman, now is free to move to short.

With Lefebvre, a .274 hitter last season, and Hunt, a .288 batter, providing offensive punch in the infield, the Dodgers might be able to afford carrying a .201 hitter of Kennedy's fielding quality.

That would fill the shortstop spot that would be vacant if the Dodgers completed a trade for Wills, who has fallen from favor since leaving the club early in its tour of Japan.

Wills, in turn, could fill part of the gaping hole in the left side of the Yankee infield, teaming with rookie Bobby Murcer as shortstop-third base combination.

General Manager Lee MacPhail said:

"We're still interested in talking to the Dodgers about Wills. They've got one more infielder (Hunt), and we've got one less."

The main problem the Yankees had in seeking Wills was meeting the Dodgers' desire for a shortstop.

"This trade doesn't change anything about the Wills' situation," said Buzzie Bavasi, the Dodger general manager, after the Hunt deal. "We still want a shortstop in return. That is mandatory."

Davis won the National League batting titles in 1962 and 1963 with .346 and .326 averages. But he broke his right ankle early in 1965 and hasn't performed to the Dodgers' satisfaction.

The 27-year-old outfielder batted .313 this past season but drove in only 27 runs in 313 at-bats.

Griffith hit .067 in 22 games with the Dodgers early in season, then batted .278 in 64 games at Spokane of the Pacific Coast League. Hickman, the last of the original Mets, batted .238 this past year.

The Yankees were pleased to get Robinson, who batted .312 with 20 homers and 79 RBI in the International League last season.

Gogolak Tied For Scoring Lead In NFL

NEW YORK (AP) — One result of the Washington Redskins' 72-41 rout of the New York Giants Sunday was to boost Charlie Gogolak into a tie with Bruce Gossett of the Los Angeles Rams for the scoring lead in the National Football League.

Gogolak, who kicks field goals soccer style, has 20 three-pointers plus 31 conversions for 91 points. Gossett, who kicks in the normal ways, has 22 field goals and 25 conversions. Gogolak got nine conversions and a field goal against the Giants.

Gale Sayers of the Chicago Bears has taken over the rushing lead with 957 yards on 186 carries.

With three games to go Sayers has a 12-yard lead over runner-up Leroy Kelly of Cleveland, who has rushed for 945 yards.

Bart Starr of Green Bay remains the top passer and Pat Studstill of Detroit is out front with 61 pass receptions for 1,191 yards.

Miami U. Coach Will Return For Another Season

OXFORD, Ohio (AP) — Bo Schembechler said Tuesday night he'll be back next year as Miami University's football coach, squelching rumors that he would accept another coaching job.

Schembechler made the statement at the annual awards banquet during which quarterback Bruce Matte, a senior from Cleveland, was named the Redskins' Most Valuable Player for 1966.

Reports had Schembechler leaving Miami for a bigger school after the Redskins finished with a share of the Mid-American Conference crown and a 9-1 record, their best since 1955 when a squad coached by Ara Parseghian finished 9-0.

Juneau, Ketchikan, Anchorage and Fairbanks are the four largest cities of Alaska.

Six Beaver Local High School gridders, headed by MVP winner Jeff Hall, shared in 11 awards which were presented Tuesday night during a banquet honoring the 1966 Beaver Local football squad at the high school.

A crowd of some 300 attended the annual fete sponsored by the Beaver Local Boosters Club and heard a talk by Woody Hayes, head football coach at Ohio State University.

—:—

HALL, who gained more than 1,000 yards rushing and passing for the Beavers this past season, walked off with the most valuable player award and also the trophy for the best offensive back.

Other players honored, who played important roles in Beaver Local's 5-4-1 season and a three - way share of the Buckeye Border Conference crown included Allan Moore, who was named the best offensive lineman and also received a captain award and a trophy for being named to the All - County team.

Ray Ammon was named the team's top defensive back and Andy Hall the top defensive lineman. Hall played linebacker for the Beavers.

—:—

THE COACHES' award was presented Rich Dunn, while Andy Hall and Dennis Klembara also received trophies for being voted to the All-County grid team.

Hayes directed his talk to the players and parents.

"Attitude is one of the most important factors, and leads to the kind of cooperation a boy gives the coaching staff. Attitude is the difference on how the game is played," Hayes said.

The Ohio State mentor pointed out the unlimited opportunities for education in this present generation. "The educational opportunities are there whether you gain it through a university or on-the-job training."

—:—

TURNING to football Hayes pointed out "football teaches there is more strength in a man than he some times realizes." It also teaches the difference between success and failure, with success going to the person who stays at it the longest and to those who get up and go again after disappointments."

"Parents play an important part in the game of football, since it is up to them to teach discipline, give their son the feeling of being wanted at home and see that he keeps in good physical condition."

He explained the importance of a good running program and emphasized that football conditioning goes on the year round. "We make all players run a mile in six minutes or less to make sure their legs are in shape."

—:—

HAYES, who has served as head coach at Ohio State since 1951 in which time he won two national championships and four Big 10 titles, congratulated the Beavers for winning a share of the Buckeye Border Conference, then commented, "I hope your luck rubs off on us, we need a title too."

Ohio State finished with a 4-5 record this season and was sixth in the Big 10 standings.

Coach Don Ross congratulated his squad for their 5-4-1 season and winning a share of the conference title. Ross pointed out that the victory over a much bigger Toronto team was one of the greatest of the season.

—:—

VARSITY awards were presented 12 seniors, four juniors and two sophomores. Receiving three - year varsity awards were Bruce Karger, Moore and Don Sowards. Two - year awards went to Ammon, Dunn, Jeff Hall, Harry Matheny, Jim Burcham, Cole and Klembara.

Receiving first - year awards were Roger Burris, Mark Goodman, Dave McDonald, Dave Wilkinson, Charles Lucas, Dan Myers and Lew Brown.

Reserve letters were given to Ronald Aughinbaugh, Sam Ferguson, Sam Hall, Dave Humphrey, Alex Lane, Mike McKenzie, Larry Mullen, Jim Nuzum, John Possage, Rich Spooner, Ken Campbell, Danny Conley, Bob Copestick, Ron Downard, Lester Hazel, Gary Klembara, John Smith and Bruce Green.

Manager awards went to Bill Croxall, Jerry Miller and Andy Gamble.

—:—

THE AWARDS were presented by assistant coaches Dick Bryan, Dick Parsons, James Agich and Paul Jackson.

Beaver Local's undefeated freshman team was introduced by Larry Knight, coach, who presented awards to 26 members.

Mike Klembara, president of the Boosters Club, presented a trophy to the freshman team for its unbeaten season.

Members of the varsity, reserve and freshmen cheerleading squads were introduced by Mrs. Ann Langsdale and Miss Mildred Wise, advisers.

Klembara served as toastmaster, with the Rev. Carl Stockdale giving the invocation and benediction.

South Side Takes Opener

South Side's balanced scoring attack and Burgettstown's poor shooting from the foul line resulted in a narrow 70-68 victory for South Side in its season opener Tuesday night at Burgettstown.

The Rams waged a see-saw battle throughout the 32 minutes and gained a slight advantage at the end. With the score 70-68 in the closing seconds, Burgettstown was given an opportunity to tie the game with a one and one foul shot situation but missed.

South Side led 10-8 at the first period pole but fell behind 34-32 at halftime. The Rams trailed 52-51 after three periods before gaining the advantage.

Leading the balanced attack for South Side was Dan Hartzell with 19 points while Tom Doak added 16, Ron Allison 14 and Ron Peden 13. Finley's 18 markers topped Burgettstown.

The losers had a 30-27 advantage in field goals but only made 8 of 23 from the foul line while South Side dropped in 16 of 23.

The Burgettstown reserves won the preliminary battle, 64-24.

Army's Lindell Picked As Top Back Of Week

By DICK COUCH
Associated Press Sports Writer

Army's Steve Lindell, who fired two cannon shots that scuttled the Navy last Saturday, was saluted today by The Associated Press as college football's Back of the Week.

Lindell, a poised, 19-year-old sophomore from Princeton, Minn., broke up the interservice duel with a pair of fourth-quarter touchdown passes, giving the Cadets a 20-7 victory to cap their finest season since 1958.

The 5-foot-11, 180-pound Army quarterback hit Terry Young with a 43-yard scoring strike, snapping a 7-7 tie, then tossed a 23-yard pass to Carl Woessner for the insurance tally.

Over-all, Lindell completed 12 of 17 passes for 164 yards, added 25 rushing yards and converted after two touchdowns in leading Army to its eighth victory in 10 starts under first-year coach Tom Cahill.

Sophomore Coley O'Brien of Notre Dame and Frank Quayle of Virginia sparkled Saturday as the Irish trampled Southern California 51-0 and the Cavaliers trimmed North Carolina 21-14.

O'Brien, starting at quarterback for Notre Dame in the absence of injured Terry Hanratty, hit on 21 of 31 pass attempts for 255 yards and three touchdowns. Quayle scored all three Virginia touchdowns on jaunts of 30, 23 and 4 yards.

As Trading Continues

Dodgers Get Mets' Hunt; Wills May Become Yankee

COLUMBUS, Ohio (AP) — The Los Angeles Dodgers, having acquired second baseman Ron Hunt, and the New York Yankees, having given up third baseman Clete Boyer, looked forward today to molding new infields with shortstop Maury Wills possibly leaving one and joining the other.

The National League champion Dodgers made the first major trade of the annual baseball meetings Tuesday, sending two-time batting champion Tommy Davis and infielder-outfielder Derrell Griffith to the Mets for Hunt and infielder-outfielder Jim Hickman.

Less than eight hours later, the Yankees and the Atlanta Braves completed the first interleague trade of the meetings and sent Boyer, an eight-year Yankee veteran, to the Braves.

In return the Yankees received outfielder Bill Robinson, who played for Richmond of the International League last season. The Yankees also got Federic (Chi Chi) Olivo for their Syracuse IL farm club roster and will send a player to Richmond later.

The Dodgers long have needed a solid third baseman, and the acquisition of Hunt will enable them to move Jim Lefebvre from second to third. John Kennedy, whose weak hitting has prevented him from fulfilling the team's wishes for a third baseman, now is free to move to short.

With Lefebvre, a .274 hitter last season, and Hunt, a .288 batter, providing offensive punch in the infield, the Dodgers might be able to afford carrying a .201 hitter of Kennedy's fielding quality.

That would fill the shortstop spot that would be vacant if the Dodgers completed a trade for Wills, who has fallen from favor since leaving the club early in its tour of Japan.

Wills, in turn, could fill part of the gaping hole in the left side of the Yankee infield, teaming with rookie Bobby Murcer as shortstop-third base combination.

General Manager Lee MacPhail said:

"We're still interested in talking to the Dodgers about Wills. They've got one more infielder (Hunt), and we've got one less."

The main problem the Yankees had in seeking Wills was meeting the Dodgers' desire for a shortstop.

"This trade doesn't change anything about the Wills' situation," said Buzzie Bavasi, the Dodger general manager, after the Hunt deal. "We still want a shortstop in return. That is mandatory."

Davis won the National League batting titles in 1962 and 1963 with .346 and .326 averages. But he broke his right ankle early in 1965 and hasn't performed to the Dodgers' satisfaction.

The 27-year-old outfielder batted .313 this past season but drove in only 27 runs in 313 at-bats.

Griffith hit .067 in 22 games with the Dodgers early in season, then batted .278 in 64 games at Spokane of the Pacific Coast League. Hickman, the last of the original Mets, batted .238 this past year.

The Yankees were pleased to get Robinson, who batted .312 with 20 homers and 79 RBI in the International League last season.

Gogolak Tied For Scoring Lead In NFL

NEW YORK (AP) — One result of the Washington Redskins' 72-41 rout of the New York Giants Sunday was to boost Charlie Gogolak into a tie with Bruce Gossett of the Los Angeles Rams for the scoring lead in the National Football League.

Gogolak, who kicks field goals soccer style, has 20 three-pointers plus 31 conversions for 91 points. Gossett, who kicks in the normal ways, has 22 field goals and 25 conversions. Gogolak got nine conversions and a field goal against the Giants.

Gale Sayers of the Chicago Bears has taken over the rushing lead with 957 yards on 186 carries.

With three games to go Sayers has a 12-yard lead over runner-up Leroy Kelly of Cleveland, who has rushed for 945 yards.

Bart Starr of Green Bay remains the top passer and Pat Studstill of Detroit is out front with 61 pass receptions for 1,191 yards.

Miami U. Coach Will Return For Another Season

OXFORD, Ohio (AP) — Bo Schembechler said Tuesday night he'll be back next year as Miami University's football coach, squelching rumors that he would accept another coaching job.

Schembechler made the statement at the annual awards banquet during which quarterback Bruce Matte, a senior from Cleveland, was named the Redskins' Most Valuable Player for 1966.

Reports had Schembechler leaving Miami for a bigger school after the Redskins finished with a share of the Mid-American Conference crown and a 9-1 record, their best since 1955 when a squad coached by Ara Parseghian finished 9-0.

Barnhart Heads List Of Lettermen At Beaver Local

Beavers Launch Season On Friday

Last season Coach Lloyd Stockdale, in his first year as head coach, guided Beaver Local to a 12-6 season which tied the school won-loss record.

Stockdale says the goal of his team this year is to "beat that record."

Lost from last season is the team's leading scorer in Larry Roberts but the Beavers have back the next best thing in Bill Barnhart, a 6-3 senior, who was the second leading scorer on the 1965-66 unit and leading rebounder.

—:—

BARNHART leads a group of four lettermen back to the court as Stockdale will see his team in action for the first time Friday at Western Beaver before meeting rival Wellsville Saturday night at Wellsville.

Stockdale is high on the abilities of Barnhart who already has been proclaimed by other Buckeye Border Conference foes as one of the best in the district.

Stockdale had five lettermen after the conclusion of last season but only three will be available to open the new campaign. Jeff Hall, a 5-10 senior guard, will be out for at least two or three more weeks with a knee injury suffered in football season. Hall is presently in a cast.

—:—

ANOTHER letter winner, Don Stoll, 6-3 senior, will not be playing this year having given up the spot.

The other two veterans joining Barnhart are Don Lyle, 6-1 senior and Dave Horger, 5-11 junior, who will be depended on for support in the backcourt.

Stockdale is certain of three starters in Barnhart, Lyle and Horger but the other two spots are up for grabs even two days before the season is to start.

—:—

VIEING for the two posts are seniors Harry Matheny, 5-11 and Rich Dunn 5-10 along with juniors Mike Piatt and Dennis Klembara both standing 5-11.

Three other juniors who may see some action this year are Bob Squires, 5-10, Joel Petkovich, 6-1 and Jim Reese, 5-10.

A pair of promising sophomores listed by Stockdale are Danny Myers and Bob Flint.

—:—

THE BEAVER mentor said "we will be fast but lack heights, we will run, press and play man to man.

A year ago the Beavers got off to a fast start securing seven of the 12 victories with a seven game winning streak to open the season.

Stockdale is being assisted by Don Ross who will be handling the jayvee squad.

Beaver Falls Gridder Will Captain Bucknell

LEWISBURG, Pa. (AP) — Jim Henn, a middle guard from Beaver Falls, was chosen captain of the 1967 Bucknell football team at a banquet Tuesday night.

Henn a 6-0, 215-pound junior, was named to one of the weekly All — East teams following Bucknell's 28-21 victory over Penn.

Henn's identical twin brother, Frank, plays defensive end for Western State College in Colorado.

Paul Wiggin Browns Player Of The Year

CLEVELAND (AP) — Paul Wiggin, veteran defensive end, was named Cleveland Browns Player of the Year today by the Cleveland Touchdown Club.

He will be awarded the Stan Cofall Memorial Trophy at the club's annual dinner Dec. 12.

Wiggin, 32, playing in his 10th season with the Browns, has done a solid job on a defensive unit that has saved the day on several occasions this year when the offense was unable to move.

Lacey Hits For 25 Points

Western Beaver Drops 3rd

Western Beaver dropped its third straight contest of the season in a 64-59 verdict Tuesday night at Mars, despite a 25-point effort by Mike Lacey.

Mars, which gained its first victory in two starts, held a 19-16 first quarter lead but upped the margin to 44-33 by halftime and held a 54-45 advantage after three periods.

Dave Burk paced Mars with 22 points including seven of his team's ten points in the fourth quarter.

Mars won the reserve contest, 61-49.

Realignment Becomes Big Problem For Pro Football

NEW YORK (AP) — The National Football League expects to finish its realignment today and get on to the business of setting the site and date of the Super Bowl game with the American Football League champions.

Pete Rozelle, commissioner of pro football, kept the owners at work until nearly midnight Tuesday, trying to hammer out an agreement on realignment. The league spent all day Monday and Tuesday working on the problem.

The big rub came in lining up the four-club divisions of the eight-team Eastern Conference because six different teams wanted to call the New York Giants their traditional rivals. Although the Giants have fallen on evil times, they still sell out Yankee Stadium every Sunday and a New York game is considered important to many clubs.

It still had not been determined whether the New Orleans franchise would go into the Western or Eastern Conference.

Rozelle said the realignment would not change the present make-up of the two conferences, except for the addition of New Orleans to one group. The Western unit has first pick of New Orleans or Atlanta. It was the make-up of the two four-club subdivisions of each conference that caused all the problems.

Traditional rivalry, weather, baseball park conflict and the strength and weakness of the teams involved were factors.

When they get around to the Super Bowl game, the owners of the NFL and AFL, meeting in separate sessions, are expected to settle on Sunday, Jan. 15 at the Los Angeles Coliseum. This will involve reshuffling other dates and will result in both the NFL and AFL title games being played on the same weekend, possibly on the same day.

The widespread observance of Jan. 1 as the start of the new year stems from Imperial Rome. Julius Caesar chose the date as the first day of the Roman year when he initiated the Julian calendar.

Martin Wants His Day In Court After Fine

MINNEAPOLIS (AP) — Peppery Billy Martin learned Tuesday that a Chicago jury had decided he should pay pitcher Jim Brewer $100,000 for his part in a baseball diamond fight six years ago, and promptly demanded, "They've got to give me my day in court."

Martin contended he was not notified that the civil damage suit was going to trial, and that he was not represented by legal counsel in Chicago Circuit Court.

"I'm just pleading that I wasn't even notified," Martin said, "and they've got to give me a chance to present my side, because I can prove it didn't happen the way this guy says it did."

Since the organization of the U. S. Republican Party under that name, there have been only two Republican presidents to serve two full terms—Ulysses S. Grant and Dwight D. Eisenhower.

Miami's Matte Named MAC's Back Of Year

COLUMBUS, Ohio (AP)—Two super-stars who played for co-champions Miami and Western Michigan of the Mid-American Conference were tabbed today for fresh football honors.

A committee of newsmen named Miami's Bruce Matte as the MAC's Back of the Year and chose Western's Bob Rowe as Lineman of the Year.

Both are expected to be drafted by the pros early next January after finishing outstanding senior seasons.

Rowe, the Broncos' 6-foot-4, 245-pound defensive tackle from Flushing, Mich., won the coveted honor for the second successive season.

The versatile Matte, whose brother Tom plays for the Baltimore Colts, guided a powerful Redskin offense during a successful 9-1 campaign.

Matte, a 6-2, 193-pounder from Cleveland, personally accounted for 124 of Miami's 229 points with his pin-point passing and brilliant execution of the option play.

Matte piled up 1,332 yards on offense and connected on 60 passes in 111 tries, including 11 touchdowns.

Rowe set a tackling record for Western as a junior with 109 stops and accounted for 106 tackles this season.

Stockdale had five lettermen after the conclusion of last season but only three will be available to open the new campaign. Jeff Hall, a 5-10 senior guard, will be out for at least two or three more weeks with a knee injury suffered in football season. Hall is presently in a cast.

—:—

ANOTHER letter winner, Don Stoll, 6-3 senior, will not be playing this year having given up the spot.

The other two veterans joining Barnhart are Don Lyle, 6-1 senior and Dave Horger, 5-11 junior, who will be depended on for support in the backcourt.

Stockdale is certain of three starters in Barnhart, Lyle and Horger but the other two spots are up for grabs even two days before the season is to start.

—:—

VIEING for the two posts are seniors Harry Matheny, 5-11 and Rich Dunn 5-10 along with juniors Mike Piatt and Dennis Klembara both standing 5-11.

Three other juniors who may see some action this year are Bob Squires, 5-10, Joel Petkovich, 6-1 and Jim Reese, 5-10.

A pair of promising sophomores listed by Stockdale are Danny Myers and Bob Flint.

—:—

THE BEAVER mentor said "we will be fast but lack heights, we will run, press and play man to man.

A year ago the Beavers got off to a fast start securing seven of the 12 victories with a seven game winning streak to open the season.

Stockdale is being assisted by Don Ross who will be handling the jayvee squad.

Beaver Falls Gridder Will Captain Bucknell

LEWISBURG, Pa. (AP) — Jim Henn, a middle guard from Beaver Falls, was chosen captain of the 1967 Bucknell football team at a banquet Tuesday night.

Henn a 6-0, 215-pound junior, was named to one of the weekly All — East teams following Bucknell's 28-21 victory over Penn.

Henn's identical twin brother, Frank, plays defensive end for Western State College in Colorado.

Paul Wiggin Browns Player Of The Year

CLEVELAND (AP) — Paul Wiggin, veteran defensive end, was named Cleveland Browns Player of the Year today by the Cleveland Touchdown Club.

He will be awarded the Stan Cofall Memorial Trophy at the club's annual dinner Dec. 12.

Wiggin, 32, playing in his 10th season with the Browns, has done a solid job on a defensive unit that has saved the day on several occasions this year when the offense was unable to move.

Lacey Hits For 25 Points

Western Beaver Drops 3rd

Western Beaver dropped its third straight contest of the season in a 64-59 verdict Tuesday night at Mars, despite a 25-point effort by Mike Lacey.

Mars, which gained its first victory in two starts, held a 19-16 first quarter lead but upped the margin to 44-33 by halftime and held a 54-45 advantage after three periods.

Dave Burk paced Mars with 22 points including seven of his team's ten points in the fourth quarter.

Mars won the reserve contest, 61-49.

Realignment Becomes Big Problem For Pro Football

NEW YORK (AP) — The National Football League expects to finish its realignment today and get on to the business of setting the site and date of the Super Bowl game with the American Football League champions.

Pete Rozelle, commissioner of pro football, kept the owners at work until nearly midnight Tuesday, trying to hammer out an agreement on realignment. The league spent all day Monday and Tuesday working on the problem.

The big rub came in lining up the four-club divisions of the eight-team Eastern Conference because six different teams wanted to call the New York Giants their traditional rivals. Although the Giants have fallen on evil times, they still sell out Yankee Stadium every Sunday and a New York game is considered important to many clubs.

It still had not been determined whether the New Orleans franchise would go into the Western or Eastern Conference.

Rozelle said the realignment would not change the present make-up of the two conferences, except for the addition of New Orleans to one group. The Western unit has first pick of New Orleans or Atlanta. It was the make-up of the two four-club subdivisions of each conference that caused all the problems.

Traditional rivalry, weather, baseball park conflict and the strength and weakness of the teams involved were factors.

When they get around to the Super Bowl game, the owners of the NFL and AFL, meeting in separate sessions, are expected to settle on Sunday, Jan. 15 at the Los Angeles Coliseum. This will involve reshuffling other dates and will result in both the NFL and AFL title games being played on the same weekend, possibly on the same day.

The widespread observance of Jan. 1 as the start of the new year stems from Imperial Rome. Julius Caesar chose the date as the first day of the Roman year when he initiated the Julian calendar.

Martin Wants His Day In Court After Fine

MINNEAPOLIS (AP) — Peppery Billy Martin learned Tuesday that a Chicago jury had decided he should pay pitcher Jim Brewer $100,000 for his part in a baseball diamond fight six years ago, and promptly demanded, "They've got to give me my day in court."

Martin contended he was not notified that the civil damage suit was going to trial, and that he was not represented by legal counsel in Chicago Circuit Court.

"I'm just pleading that I wasn't even notified," Martin said, "and they've got to give me a chance to present my side, because I can prove it didn't happen the way this guy says it did."

Since the organization of the U. S. Republican Party under that name, there have been only two Republican presidents to serve two full terms—Ulysses S. Grant and Dwight D. Eisenhower.

Miami's Matte Named MAC's Back Of Year

COLUMBUS, Ohio (AP)—Two super-stars who played for co-champions Miami and Western Michigan of the Mid-American Conference were tabbed today for fresh football honors.

A committee of newsmen named Miami's Bruce Matte as the MAC's Back of the Year and chose Western's Bob Rowe as Lineman of the Year.

Both are expected to be drafted by the pros early next January after finishing outstanding senior seasons.

Rowe, the Broncos' 6-foot-4, 245-pound defensive tackle from Flushing, Mich., won the coveted honor for the second successive season.

The versatile Matte, whose brother Tom plays for the Baltimore Colts, guided a powerful Redskin offense during a successful 9-1 campaign.

Matte, a 6-2, 193-pounder from Cleveland, personally accounted for 124 of Miami's 229 points with his pin-point passing and brilliant execution of the option play.

Matte piled up 1,332 yards on offense and connected on 60 passes in 111 tries, including 11 touchdowns.

Rowe set a tackling record for Western as a junior with 109 stops and accounted for 106 tackles this season.

Wills Says, 'I'll Retire First Before Wrong Club'

SEATTLE (AP) — Maury Wills, his ailing legs rejuvenated through a daily weight lifting program, doesn't want to quit baseball but says he will if he's traded to the wrong club.

The Los Angeles Dodger shortstop and team captain—holder of the major league season record of 104 stolen bases—talked of his possible retirement Tuesday after learning the Dodgers had said they would trade him "for a reasonable offer."

"I'd rather not be traded because Los Angeles is a great place to play ball," Wills said. "But if they decide to trade me I'll continue to play in the same fashion I've always done for the Dodgers. I'll give 100 per cent all the time.

"But if I feel I'd rather not go with another club, I'd retire."

Wills was bothered by injuries last season. He stole only 38 bases and was caught 24 times. But for the last few weeks he said he has been running each day with two-pound weights on his ankle and spending a half hour lifting a 5½-pound weight with each leg.

Wills, in the Dodger organization for nearly half his 34 years, angered team officials when he left a post-season exhibition tour in Japan. He said he was afraid he would injure himself seriously.

He declined comment on any disagreement with the Dodger front office.

'I'm Not Consistent,' Says West After Team's Setback

NEW YORK (AP) — Jerry West had just scored 25 points, but he was far from happy about it.

"I'm not consistent," the All-Star guard for the Los Angeles Lakers said after his team had taken a 118-114 beating from the New York Knicks Tuesday. "I've been very streaky — shooting well and then poorly."

West attributed his problems to the heel injury that dictated his absence from the Los Angeles line-up during the first part of the season.

West's final discouragement Tuesday was missing five of 12 free throws. Last week, he took over the league lead in free-throw percentage.

Adding to West's troubles has been the demise of Los Angeles as a power in the Western Division of the NBA. Champions in the West last season, the Lakers now are in fourth place, leading only Chicago.

In other NBA games Tuesday, Detroit edged Boston 104-100, Philadelphia beat St. Louis, 137-116 and San Francisco took Chicago, 108-101.

Wilt Chamberlain scored his 22,000th point and then some in the Philadelphia victory. In all, the fabulous center scored 25 points, hitting on 10 of 11 from the floor, pulled down 27 rebounds and had seven assists.

Better Protection Set For Korea Fishermen

SEOUL, South Korea (AP) — South Korea's chief of naval operations today ordered better protection of South Korean fishing fleets following the seizure of a South Korean boat and its crew by four North Korean gunboats.

Vice Adm. Kim Young-Kwan ordered the navy to shoot and destroy any North Korean vessels trying to disturb South Korean fishermen.

Hunter Dies Of Exposure; Friend Safe

LOCK HAVEN, Pa. (AP) — A teen-aged hunter was alive and well today, but his companion dead after they became lost in rugged timberlands and spent 24 hours in freezing rain and snow.

Searchers found the two Tuesday in an area of virgin timber called Black Forest, located between Lock Haven and Coudersport.

The dead boy, Monte Huntington, 17, of Swissdale, was found about five miles off Rt. 44. His companion, Lester W. Bilyou, 16, was found in the same area.

Police said Huntington apparently died of exposure. Bilyou was taken to a hospital for examination.

The boys left their homes Monday morning to go hunting. When they failed to come back that evening, search parties were organized.

Encouraged by federal grants, 12 urban areas are developing wilderness trails for hikers, cyclists, and horseback riders. Most of the city trails will link existing parkland.

2 Convicted In Swindle Of Farmer

HILLSBORO, Ohio (AP) — Two men were convicted Tuesday of swindling a Hillsboro farmer out of $11,300 by using a "money-making machine."

Thomas Wilkinson, 31, Rarden and Houston Maynard, 31, also known as James H. Robinson, Dayton, were found guilty of larceny by trick and extortion.

A third defendant in the eight-day trial, Lawrence Burns, 29, Hillsboro, was acquitted of the charges by the Highland County Common Pleas Court Jury. The jury deliberated two hours, 10 minutes.

Another charge of larceny by trick had earlier been dismissed against each defendant.

Peter Porter, 40, farmer and livestock dealer, testified he was bilked out of the money last Feb. 22. He said he withdrew $11,300 from the bank in $100 bills and turned it over to the defendants when told they could turn the bills into $1,000 bills.

Porter, who said he had been threatened, testified he never received anything in return.

Wilkinson, Burns and Ernest Stepp of Dayton face additional charges of two counts of false representation and one count of extortion in allegedly swindling Porter out of another $1,000 last Feb. 22.

Judge Darrell R. Hottle delayed sentencing against Wilkinson and Maynard. Paul Rion of Dayton, attorney for Maynard, and Charles H. Wilson of West Union, Wilkinson's lawyer, said they will file for new trials.

Attorney John Ensley, representing Burns, contended Burns became involved after the swindle took place and that he was an innocent bystander trying to help Porter.

Vice Adm. Kim Young-Kwan ordered the navy to shoot and destroy any North Korean vessels trying to disturb South Korean fishermen.

Hunter Dies Of Exposure; Friend Safe

LOCK HAVEN, Pa. (AP) — A teen-aged hunter was alive and well today, but his companion dead after they became lost in rugged timberlands and spent 24 hours in freezing rain and snow.

Searchers found the two Tuesday in an area of virgin timber called Black Forest, located between Lock Haven and Coudersport.

The dead boy, Monte Huntington, 17, of Swissdale, was found about five miles off Rt. 44. His companion, Lester W. Bilyou, 16, was found in the same area.

Police said Huntington apparently died of exposure. Bilyou was taken to a hospital for examination.

The boys left their homes Monday morning to go hunting. When they failed to come back that evening, search parties were organized.

Encouraged by federal grants, 12 urban areas are developing wilderness trails for hikers, cyclists, and horseback riders. Most of the city trails will link existing parkland.

2 Convicted In Swindle Of Farmer

HILLSBORO, Ohio (AP) — Two men were convicted Tuesday of swindling a Hillsboro farmer out of $11,300 by using a "money-making machine."

Thomas Wilkinson, 31, Rarden and Houston Maynard, 31, also known as James H. Robinson, Dayton, were found guilty of larceny by trick and extortion.

A third defendant in the eight-day trial, Lawrence Burns, 29, Hillsboro, was acquitted of the charges by the Highland County Common Pleas Court Jury. The jury deliberated two hours, 10 minutes.

Another charge of larceny by trick had earlier been dismissed against each defendant.

Peter Porter, 40, farmer and livestock dealer, testified he was bilked out of the money last Feb. 22. He said he withdrew $11,300 from the bank in $100 bills and turned it over to the defendants when told they could turn the bills into $1,000 bills.

Porter, who said he had been threatened, testified he never received anything in return.

Wilkinson, Burns and Ernest Stepp of Dayton face additional charges of two counts of false representation and one count of extortion in allegedly swindling Porter out of another $1,000 last Feb. 22.

Judge Darrell R. Hottle delayed sentencing against Wilkinson and Maynard. Paul Rion of Dayton, attorney for Maynard, and Charles H. Wilson of West Union, Wilkinson's lawyer, said they will file for new trials.

Attorney John Ensley, representing Burns, contended Burns became involved after the swindle took place and that he was an innocent bystander trying to help Porter.

Snow-Slick Highways Blamed For Accidents

A rash of accidents blamed on snow-covered highways were investigated by the Ohio Highway Patrol at Lisbon Tuesday.

There were 15 mishaps in all, officers reported.

Cars operated by Judy Ann Shasteen, 20, of 3285 Hoffman St. and Phillip G. Morris of Rogers were involved in a collision at 5:50 p. m. on Route 7, six-tenths a mile north of Route 154. Both were southbound when Morris halted for traffic ahead. He was hit in the rear by the Shasteen car.

A car operated by Barbara Wolfe, 42, of R. D. 3 was rammed by another operated by William R. Manley, 18, of M. C. 22 on St. Clair Ave. Ext., four - tenths a mile north of the city limits at 8:30 p. m.

—:—

THE WOMAN was slowing for a car ahead and Manley was unable to halt, officers said.

A car operated by Dorhman E. Wickham, 29, of Market St., Toronto, skidded off Route 7 and struck the guard rail about nine-tenths of a mile north of Wellsville at 8:15 p. m.

Three cars were damaged in a crash at 5:50 p. m. on Route 170, about 9 miles north of Route 30.

The drivers were Hobart Shields, 69, of Wellsville R. D. 1, Harry Edward Crawford of R. D. 3 and Orville E. Evans, 60, of R. D. 2.

Crawford halted to allow Evans to make a left turn and was hit in the rear by Shields. Crawford's car then hit the rear of the Evans vehicle. Shields was cited for failure to stop in the assured clear distance.

Shields and Crawford complained of injuries as did Violet Shields, 63, a passenger in her husband's car.

A car operated by Leland C. Henderson, 35, of Rogers R. D. 1 skidded into a ditch along Route 30, nine-tenths of a mile east of Route 7, at 6:10 p. m. Henderson's car then was hit in the rear by another operated by Joseph McCoy, 16, of R. D. 3. McCoy was cited for failure to stop in the assured clear distance.

—:—

FOUR CARS figured in an accident at 8:05 p. m. on Route 30, four-tenths of a mile west of Route 267.

The drivers were Samuel L. Jones, 41, of R. D. 1, Floyd H. Beatty, 52, of R. D. 4, Justin C. Green, 27, of Zoarville and Alfred L. Bischel, 53, of Alliance. Officers said Beatty was pushing Jones. Green slowed behind them and was hit in the rear by Bischel. Green's car then was knocked into the rear of the Beatty vehicle.

Bischel was cited for failure to stop in the assured clear distance.

Trucks driven by Darrell E. Bullen, 31, of Columbus and Donald H. Wardle, 42, of Youngstown collided at 9:50 a.m. on Route 164, a mile and a half north of Lisbon. Both were southbound. Bullen made a right turn into a private drive and was struck by Wardle, who was cited for failure to stop in the assured clear distance.

Patricia L. Stewart, 18, of 115 Kountz Ave., Wellsville, was cited for speed in excess of road and weather conditions after her car struck a tanker truck on Route 7, about seven - tenths of a mile north of Wellsville.

The truck driver was Clifford N. Patterson, 38, of Canton. Officers said she lost control on the snow - covered highway, skidded across the median strip and hit the truck. She was treated at City Hospital for a head injury.

Q. — How can I remove oil stains that have penetrated deeply into the concrete floor of my garage?

A. — Saturate white flannel in a mixture of equal parts of acetone and amyl acetate, place over the stain, and cover with a slab of concrete or glass. Keep re-saturating the cloth until the stain disappears.

Santa's On The Horizon

Christmas Double Talk

By HAL BOYLE

NEW YORK (AP) — Now that Santa Claus is on the horizon, it is time for a quick brush-up on our Christmas double talk.

There is no other season of the year that puts so great a strain on our vocabulary of appreciation and good will.

Double talk, you will remember, is the art of camouflaging a real meaning or a true feeling.

Here are a few tested samples of yuletide double talk that should get you by handily.

"Of course, it's the spirit of the thing that counts." But I never realized they made diamonds quite that small.

"Yes, I'm Santa Claus, little girl." Who do you think I look like in this get-up — Charles de Gaulle or Ho Chi Minh?

"Are you sure you've been a good little boy?" This little brat could cause trouble even in a straitjacket.

"Sure I been a good boy, Santa." They wouldn't let this fat fraud give me a lie detector test, would they?

"Tell me what you really want for Christmas, darling." My friendly neighborhood loan shark will probably die laughing when I tell him what I want to borrow the money for.

"Oh, just anything will do for little old me." I'll be lucky to get anything at all from little old cheapskate you.

"Wasn't it nice of them to remember to send us a Christmas card?" What a bother. Now I'll have to mail them a New Year's card.

"We're featuring this perfume at a pre-Christmas price of $25 an ounce." After Christmas we sell it as mouth wash at a dollar a pound.

"This is just a small token of appreciation, George, for all the services you've performed for our family during the past year. "Why is it just because we live in an apartment, we have to pay blackmail to this bum?

"Could you help me find a really unusual gift that would surprise my wife?" Perhaps a sequined claymore mine, or a fur-covered booby trap.

"Gee, boss, I know the rest of the staff joins me in thanking you for that unexpected Christmas bonus." Now we can all buy a one-ounce larger turkey for dinner.

"Just what I wanted — a necktie." I need some kind of rag to polish the car with.

"Christmas always makes me feel so sad." Maybe a couple more of these bourbon old-fashioneds will cheer me up.

"Daddy, I can't find one of my stockings to hang by the chimney. Can't I hang up one of yours instead"? Yours will hold ever so much more.

"Yes, Virginia, there's a Santa Claus." But the old bubble-heart has been spending so much of the year with us lately that he might as well put a "for rent" sign on the North Pole.

Charge Dropped In Shooting Case

BEAVER — On a motion by the district attorney's office, Judge John M. Sawyer Monday dismissed a charge of assault with intent to maim against James McClimans of Independence Township.

McClimans was accused of shooting into a group of young people whom he claimed trespassed on his property.

The district attorney's action was taken in view of the fact that a civil court jury in September awarded Marilyn Davis $10,000 and her mother $794 for damages for injuries she received. The girl lost an eye in the gun blast.

Man Shot To Death In His Gas Station

CLEVELAND (AP)—An Aurora man was found shot to death Tuesday night in the gas station he operated on Cleveland's East Side.

The victim, Paul F. Chamberlin, 30, was apparently killed with his own gun. A strong box in the station was intact, and Chamberlin had $140 on his person when found.

Woman Convicted

CINCINNATI (AP) — Mrs. Beatrice J. Engle, 21, was convicted Tuesday of first-degree manslaughter in the death of her husband, Charles L. Engle, 22, fatally stabbed last Dec. 26. Sentence was deferred.

Youth May Be Tried As Adult In Slaying

CLEVELAND (AP)—A hearing will be held in about three weeks to determine whether Richard W. Swanson, 15, will be tried as an adult for the sniper slaying of a 75-year-old man Thanksgiving Day.

Swanson appeared Tuesday in juvenile court and was charged with second-degree murder. The judge ordered mental and physical tests for the youth.

He is charged with killing Joseph Centa, who was hit by a shot fired from a Cleveland Transit System bus.

Executive Claimed

ROCHESTER, N.Y. (AP) — Carl E. Schneider, 63, vice president of Burroughs Corp. and general manager of its Todd Co. Division in Rochester, died Tuesday after a long illness.

Czech Figure Dies

CHICAGO (AP) — Alice Masaryk, 87, daughter of the founder and first president of Czechoslovakia, died Tuesday in the Bohemian Home for the Aged where she had lived for a year.

$2,960 Bid Filed In Sidewalk Job

Mayor George E. Willshaw and Safety - Service Director Robert E. Vodrey received a lone offer of $2,960 Tuesday on a project that calls for installing a new sidewalk, curb and gutters on sections of E. 3rd and Walnut Sts.

The offer was filed by Floyd C. Cox, East Liverpool contractor. It covers work on the east side of Walnut St., starting at the north side of E. 3rd St. and running north on Walnut St. for 96 feet. It also calls for work on the north side of E. 3rd St. for 109 feet from the east line of Walnut St.

The work will be done on the property of Alfred Gloeckner Jr., who will be billed for the work on the real estate tax duplicate, according to legislation enacted by Council. The owner first was given the option of performing the work himself.

Specifications call for concrete sidewalks and curbs. About 4.8 tons of blacktop will be used to lay a new strip of street pavement adjacent to the new sidewalks and curbs.

Benefit Will Give Aid To Retarded In Beaver County

A special benefit show for the Beaver County program to assist the mentally retarded will be presented Dec. 11 at the Shindig Building on Route 168, Hookstown.

It will feature Kenny Biggs, Pittsburgh entertainer, whose latest hit is "Loving You Is What I Do The Best," and will include five bands.

Local talent also will appear on the program in addition to radio and television personalities.

The benefit is being sponsored by the Beaver County Country Show, with all proceeds to be turned over to the fund for the mentally retarded.

The show will get under way at 6:45 p. m.

Court Appoints Counsel For 3 In Theft, Burglary

Legal counsel was appointed Tuesday to represent auto theft and burglary defendants during arraignment at 1:30 p. m. Friday in Columbiana County Southwest Court at Lisbon.

Judge Joel H. Sharp of Common Pleas Court named William Bush of Wellsville to represent Delbert D. Freshour, 18, of New Cumberland R. D. 1, charged with the theft of a car from Koontz Auto Sales, 313 Wells Ave., Wellsville.

Charles B. Lang of East Liverpool will represent Joe Murray, 19, and his mother, Louise Melvin of 454 Mulberry St. here, charged with a burglary last Wednesday at Cataldo's TV store, 509½ Main St., Wellsville.

Another East Liverpool woman is to be charged with receiving property taken from the television store.

Judge J. L. MacDonald of Southwest Court asked Common Pleas Court to appoint counsel after the defendants said they had no funds to employ anyone.

The defendants are in the County Jail at Lisbon in lieu of bond—$1,000 for Freshour and $2,500 each for Mrs. Melvin and Murray.

Lisbon District Raises $5,446 In Fund Plea

LISBON — The Lisbon - Center Township Community Fund stood at $5,446 when trustees met Tuesday afternoon at Village Hall. The goal is $7,500.

Trustees said they expect sizable donations from several out-of-town industries where Lisbon people work.

The Rev. Fred Shiltz, chairman, said the trustees will meet Wednesday, Dec. 28, at Village Hall to make allocations to the nine participating agencies.

Anyone wishing to contribute to the fund may leave donations at Farmers National Bank or the Firestone Bank.

Court Fines 3 For Speeding

Three motorists were fined a total of $50 and costs today in Municipal Court on speeding charges filed by the State Highway Patrol.

Roy A. Dray of 539 Campground Rd., Wellsville, drew a penalty of $20 and costs from Judge Samuel M. Chertoff on a charge of driving 65 miles an hour in a 50-mile zone on Route 7. He was cited Saturday at 6:37 p. m. The arresting officer reported to the court Dray was arrested on a speeding charge two weeks ago at Cannons Mills on Route 30. Dray pleaded "no contest."

George H. Bell of Steubenville and Pete Commarata, 23, of 1223 Commerce St., Wellsville, drew fines of $15 and costs each on speeding charges. Both pleaded guilty.

Bell was cited Saturday on a charge of driving 65 miles an hour in a 50-mile zone on the East Liverpool - Wellsville Rd. Commarata was arrested at 6:55 p. m. Nov. 19 on a charge of driving 60 miles an hour in a 50-mile zone on Route 7.

The judge granted a continuance until Dec. 7 in the case of Edward J. Landsberger of Columbiana, cited by the patrol Friday at 1:55 p. m. on a charge of speeding 70 miles an hour in a 50-mile zone on Route 30. Landsberger pleaded not guilty at arraignment Monday.

A hearing is due Thursday for James W. D'Alesio of Dairy Ln., cited by the patrol Sunday at 11:20 p. m. on a charge of driving at speeds too great for existing road and weather conditions. The patrol said he was cited after his car went off the Campground Rd. and hit a utility pole.

Police, Firemen Set Talks With Canton Officials

CANTON, Ohio (AP) — Representatives of the city planned to meet with policemen, firemen and Teamsters Union officials in Canton today where police and firemen picketed city hall Tuesday.

About 12 men from both departments braved the city's 3½-inch snowfall to picket as they had promised Monday night after city council failed to act on their demands for an across-the-board, $600-a-year pay increase.

Mayor Stanley A. Cmich and city councilmen were expected to offer a pay increase at today's meeting, but the amount of the offer was not disclosed.

Similar picketing has been threatened in Warren but a police spokesman there said he doubted if there would be any action this week.

Three Are Fined In Hunting Cases

LISBON — Three men charged with hunting before the stated legal hour of 9 a. m. pleaded guilty Tuesday before Judge J. L. MacDonald in Columbiana County Southwest Court here and were fined $10 and costs each.

They were Charles Rudder, Toronto; Richard Keylo, Stratton, and John W. Keyloc, Girard. They were cited by Ralph Drake, county game protector.

Fined $5 and costs each for speeding were Charles E. Simpson, East Rochester; Ricky A. Hanley, 18, Summitville, and Melvin Lippiatt, 846 Adams St., Salem.

Three drivers forfeited $15 bonds on speeding charges: Oliver Dillinger, Cleveland; Patsy J. Talanca, Warren, and Robert L. Dimit, Akron. Matthew J. Marinch, Cleveland, charged with driving a motor vehicle with a defective muffler, forfeited a $15 bond.

$2,960 Bid Filed In Sidewalk Job

Mayor George E. Willshaw and Safety - Service Director Robert E. Vodrey received a lone offer of $2,960 Tuesday on a project that calls for installing a new sidewalk, curb and gutters on sections of E. 3rd and Walnut Sts.

The offer was filed by Floyd C. Cox, East Liverpool contractor. It covers work on the east side of Walnut St., starting at the north side of E. 3rd St. and running north on Walnut St. for 96 feet. It also calls for work on the north side of E. 3rd St. for 109 feet from the east line of Walnut St.

The work will be done on the property of Alfred Gloeckner Jr., who will be billed for the work on the real estate tax duplicate, according to legislation enacted by Council. The owner first was given the option of performing the work himself.

Specifications call for concrete sidewalks and curbs. About 4.8 tons of blacktop will be used to lay a new strip of street pavement adjacent to the new sidewalks and curbs.

Benefit Will Give Aid To Retarded In Beaver County

A special benefit show for the Beaver County program to assist the mentally retarded will be presented Dec. 11 at the Shindig Building on Route 168, Hookstown.

It will feature Kenny Biggs, Pittsburgh entertainer, whose latest hit is "Loving You Is What I Do The Best," and will include five bands.

Local talent also will appear on the program in addition to radio and television personalities.

The benefit is being sponsored by the Beaver County Country Show, with all proceeds to be turned over to the fund for the mentally retarded.

The show will get under way at 6:45 p. m.

Court Appoints Counsel For 3 In Theft, Burglary

Legal counsel was appointed Tuesday to represent auto theft and burglary defendants during arraignment at 1:30 p. m. Friday in Columbiana County Southwest Court at Lisbon.

Judge Joel H. Sharp of Common Pleas Court named William Bush of Wellsville to represent Delbert D. Freshour, 18, of New Cumberland R. D. 1, charged with the theft of a car from Koontz Auto Sales, 313 Wells Ave., Wellsville.

Charles B. Lang of East Liverpool will represent Joe Murray, 19, and his mother, Louise Melvin of 454 Mulberry St. here, charged with a burglary last Wednesday at Cataldo's TV store, 509½ Main St., Wellsville.

Another East Liverpool woman is to be charged with receiving property taken from the television store.

Judge J. L. MacDonald of Southwest Court asked Common Pleas Court to appoint counsel after the defendants said they had no funds to employ anyone.

The defendants are in the County Jail at Lisbon in lieu of bond—$1,000 for Freshour and $2,500 each for Mrs. Melvin and Murray.

Lisbon District Raises $5,446 In Fund Plea

LISBON — The Lisbon - Center Township Community Fund stood at $5,446 when trustees met Tuesday afternoon at Village Hall. The goal is $7,500.

Trustees said they expect sizable donations from several out-of-town industries where Lisbon people work.

The Rev. Fred Shiltz, chairman, said the trustees will meet Wednesday, Dec. 28, at Village Hall to make allocations to the nine participating agencies.

Anyone wishing to contribute to the fund may leave donations at Farmers National Bank or the Firestone Bank.

Court Fines 3 For Speeding

Three motorists were fined a total of $50 and costs today in Municipal Court on speeding charges filed by the State Highway Patrol.

Roy A. Dray of 539 Campground Rd., Wellsville, drew a penalty of $20 and costs from Judge Samuel M. Chertoff on a charge of driving 65 miles an hour in a 50-mile zone on Route 7. He was cited Saturday at 6:37 p. m. The arresting officer reported to the court Dray was arrested on a speeding charge two weeks ago at Cannons Mills on Route 30. Dray pleaded "no contest."

George H. Bell of Steubenville and Pete Commarata, 23, of 1223 Commerce St., Wellsville, drew fines of $15 and costs each on speeding charges. Both pleaded guilty.

Bell was cited Saturday on a charge of driving 65 miles an hour in a 50-mile zone on the East Liverpool - Wellsville Rd. Commarata was arrested at 6:55 p. m. Nov. 19 on a charge of driving 60 miles an hour in a 50-mile zone on Route 7.

The judge granted a continuance until Dec. 7 in the case of Edward J. Landsberger of Columbiana, cited by the patrol Friday at 1:55 p. m. on a charge of speeding 70 miles an hour in a 50-mile zone on Route 30. Landsberger pleaded not guilty at arraignment Monday.

A hearing is due Thursday for James W. D'Alesio of Dairy Ln., cited by the patrol Sunday at 11:20 p. m. on a charge of driving at speeds too great for existing road and weather conditions. The patrol said he was cited after his car went off the Campground Rd. and hit a utility pole.

Police, Firemen Set Talks With Canton Officials

CANTON, Ohio (AP) — Representatives of the city planned to meet with policemen, firemen and Teamsters Union officials in Canton today where police and firemen picketed city hall Tuesday.

About 12 men from both departments braved the city's 3½-inch snowfall to picket as they had promised Monday night after city council failed to act on their demands for an across-the-board, $600-a-year pay increase.

Mayor Stanley A. Cmich and city councilmen were expected to offer a pay increase at today's meeting, but the amount of the offer was not disclosed.

Similar picketing has been threatened in Warren but a police spokesman there said he doubted if there would be any action this week.

Three Are Fined In Hunting Cases

LISBON — Three men charged with hunting before the stated legal hour of 9 a. m. pleaded guilty Tuesday before Judge J. L. MacDonald in Columbiana County Southwest Court here and were fined $10 and costs each.

They were Charles Rudder, Toronto; Richard Keylo, Stratton, and John W. Keyloc, Girard. They were cited by Ralph Drake, county game protector.

Fined $5 and costs each for speeding were Charles E. Simpson, East Rochester; Ricky A. Hanley, 18, Summitville, and Melvin Lippiatt, 846 Adams St., Salem.

Three drivers forfeited $15 bonds on speeding charges: Oliver Dillinger, Cleveland; Patsy J. Talanca, Warren, and Robert L. Dimit, Akron. Matthew J. Marinch, Cleveland, charged with driving a motor vehicle with a defective muffler, forfeited a $15 bond.

Wilhelm Addresses Rotary

Three New Stockholders To Serve Company Here

Dean Wilhelm, president, general manager and chairman of the board of directors of the Economy Mfg. Co., maker of chemical process machinery, announced Tuesday that three major stockholders have been acquired, thus ending the 10-year non-shareholding status of the firm.

The disclosure was made during a talk before the Rotary Club at its luncheon meeting in the Travelers Hotel.

The three men, experienced in the chemical process field, will take an active part in the company's operation, Wilhelm said.

—:—

TWO OF the three new stockholders, guests of Wilhelm, were introduced during the meeting.

They are Otto Gomoll of Tallmadge, who will head up the production department, and John Scales of Berea, who will be chief of merchandising. The third, Tom Cunningham of Uniontown, Ohio, a former East Liverpool resident, will be in charge of sales.

Scales has moved to East Liverpool with his family, and Gomoll and Cunningham will take up residence in the area in the near future.

The manufacturing and sales firm is located at 1308 Railroad St.

Wilhelm traced the growth of Economy since its incorporation in 1957. The company was organized for the purpose of selling used equipment, but quickly moved into the new machine field.

"There have been many struggles, as in any corporation, with problems in sales, engineering and production," Wilhelm explained. "East Liverpool is a laggard city for encouragement in the mechanical trades, since so many people are drained from the area. But small companies must face up to these problems.

"We made one determination, never to ask anyone to put money into the corporation. But the company is still growing, and now we have reasonably good facilities. In 10 years of operation we haven't had any new stockholders, and we have made it a definite stipulation not to steal personnel from other companies.

"We have built a variety of different types of equipment and worked with other companies in the engineering, design and building of equipment, which must be usable."

—:—

THE ADVENT of the three new department heads will allow increased emphasis to be placed on the manufacture and marketing of a broad range of chemical process equipment, including ball and pebble mills, resin systems, heat exchangers, valves, laboratory grinding and mixing equipment, conical blenders, dryers, mixers and chillers and other items, Wilhelm said.

Prior to Oct. 1, when the three new stockholders effected a partial acquisition of the Economy firm, he had declined to accept offers of buying into the company, Wilhelm explained.

"These three men have had the experience and should be able to do the job," he said in conclusion.

Visiting Rotarians yesterday were Phil Brickley of Canal Fulton and A. T. Knabb of Weirton.

Other guests were Richard Emmerling and Lance Hill.

The invocation was given by Cliff Hindley.

Arthur V. Doak presided.

Local Resident Given Promotion By Gas Company

Harry W. Aivalotis of 1830 Anderson Blvd. has been promoted to supervisor of gas measurement for the Manufacturers Light and Heat Co. at Wheeling.

He will be responsible for directing gas measurement activities in Ohio, Marshall, Wetzel, Braxton, Randolph, Grant and Preston counties in West Virginia, Belmont and Monroe counties in Ohio and Garrett County in Maryland.

Aivalotis was a special gas measurement inspector for Manufacturers prior to his recent promotion. He started his career for the utility in 1939 as a laborer at Steubenville and later worked as a utilityman, street serviceman and district meter engineer.

He and his wife LaRue are the parents of a daughter Linda and a son Ronald, both at home.

An Army Signal Corps veteran of World War II, Aivalotis is a member of the East Liverpool First Methodist Church, the East Liverpool American Legion and the Triangle Amateur Radio Club.

Ensuing Political Explosion

Moscow Sees Red China Leaders Near Showdown

By WILLIAM L. RYAN

Soviet and European Communist reports leave the reader with the impression that the Moscow camp sees Red China's leadership on the threshold of a showdown clash and an ensuing violent political explosion.

Moscow seeks a world Communist conference which, in effect, would read the current Red Chinese leadership out of the revolutionary movement — but not the Chinese Communist party as such.

With slashing attacks unmatched in vehemence since the days of Nikita S. Khrushchev, Moscow has rejoined the battle of verbal brickbats with Peking. For all the vigor of the attack, it is a careful one which expresses "deep respect for the Chinese people and for Chinese Communists."

Perhaps, in Moscow's thinking, the forces now pushing the "great proletarian cultural revolution" in Red China and spearheading the attack on the Soviet party may not be the ultimate winners.

A series of Moscow commentaries suggest a Soviet belief — or possibly a wish — that Lin Piao, heir apparent to Mao Tse-tung, and those who support him have been digging their own graves.

These commentaries hint that the current leaders have done some incredible things. They have broken up the Central Committee of the Young Communist League and virtually dismantled that important organization of nine million middle-generation Communists. They have destroyed the Peking City party committee. They have dismembered staffs of important papers. They have dismantled the party organization of Peking University.

Reports from the Czechoslovak news agency's Peking correspondent suggest that the Chinese military is in charge of the purge, but that Defense Minister Lin is opposed by still powerful men. These include President Liu Shao-chi and Teng Hsiao-ping, the party's general secretary.

The agency reports that Peking students have denounced Liu as a "time bomb" threatening Mao. It said the leaflets depicted Liu and Teng as No. 1 and 2 bosses of a "black gang" trying to halt the cultural revolution, and declared that "the antiparty reactionary line will not be liquidated" until the two are deposed.

The world's record for rainfall in 24 hours fell on Baguio, in the Philippines, July 14 to 15, 1911, when 46 inches of rain were recorded. The heaviest rainfall recorded in one month was 366.14 inches, at Cherrapunji, India, in July 1961.

Taylor Declares U.S. Efforts In Viet Going Well

ATLANTA, Ga. (AP) — U.S. efforts in Viet Nam, both military and civil, are proceeding well, Gen. Maxwell D. Taylor says, but he adds it may be years before we can withdraw.

On the military front, Taylor former ambassador to South Viet Nam, told 300 persons at Agness Scott College Tuesday night that enemy losses this year have been estimated at 150,000 from all causes.

Taylor, former chairman of the Joint Chiefs of Staff and now a special consultant to the President, said the United States entered the conflict because it has an "historic propensity to go to the aid of any country in trouble," because it was obligated under the SEATO treaty, and because there are great stakes involved in Communist-sponsored wars of national liberation.

Percy Reveals Daughter To Wed Rockefeller IV

KENILWORTH, Ill. (AP) — Republican Sen.-elect Charles H. Percy announced Tuesday his daughter, Sharon Lee, 21, will marry John D. Rockefeller IV in March.

Rockefeller, 29, scored an election victory as a Democratic nominee for the West Virginia Legislature. Percy, 47, ousted three-term incumbent Democratic Sen. Paul Douglas in Illinois.

Miss Percy, the twin sister of Valerie who was slain Sept. 18 in her bedroom of the Percy mansion, is the daughter of the senator-elect by his first wife, Jeanne Dickerson Percy.

Miss Percy has visited Rockefeller's home in Charleston, W.Va., and Rockefeller, the son of Mr. and Mrs. John D. Rockefeller III, confirmed reports last week that he had been seeing Miss Percy a "good deal."

You'll just love flameless clean electric drying.
An electric dryer dries your clothes fluffy-soft and springtime fresh . . . because it's flameless. There are no bothersome flames, no odor causing fumes when your clothes are gently tumble dried in flameless clean electric heat.
An electric dryer is simple to operate, too. Just select drying temperature and time and your job is done. There are no complex valves to get out of adjustment, no pilot lights to go out.
What about costs? An electric dryer costs about $35 less than a comparable gas model. And electric dryer operating costs are just $1 per month for the average family.
Check the features and costs of a flameless dryer. And, like most everyone, you'll go electric.

They have broken up the Central Committee of the Young Communist League and virtually dismantled that important organization of nine million middle - generation Communists. They have destroyed the Peking City party committee. They have dismembered staffs of important papers. They have dismantled the party organization of Peking University.

Reports from the Czechoslovak news agency's Peking correspondent suggest that the Chinese military is in charge of the purge, but that Defense Minister Lin is opposed by still powerful men. These include President Liu Shao-chi and Teng Hsiao-ping, the party's general secretary.

The agency reports that Peking students have denounced Liu as a "time bomb" threatening Mao. It said the leaflets depicted Liu and Teng as No. 1 and 2 bosses of a "black gang" trying to halt the cultural revolution, and declared that "the antiparty reactionary line will not be liquidated" until the two are deposed.

The world's record for rainfall in 24 hours fell on Baguio, in the Philippines, July 14 to 15, 1911, when 46 inches of rain were recorded. The heaviest rainfall recorded in one month was 366.14 inches, at Cherrapunji, India, in July 1961.

Taylor Declares U.S. Efforts In Viet Going Well

ATLANTA, Ga. (AP) — U.S. efforts in Viet Nam, both military and civil, are proceeding well, Gen. Maxwell D. Taylor says, but he adds it may be years before we can withdraw.

On the military front, Taylor former ambassador to South Viet Nam, told 300 persons at Agness Scott College Tuesday night that enemy losses this year have been estimated at 150,000 from all causes.

Taylor, former chairman of the Joint Chiefs of Staff and now a special consultant to the President, said the United States entered the conflict because it has an "historic propensity to go to the aid of any country in trouble," because it was obligated under the SEATO treaty, and because there are great stakes involved in Communist - sponsored wars of national liberation.

Percy Reveals Daughter To Wed Rockefeller IV

KENILWORTH, Ill. (AP) — Republican Sen.-elect Charles H. Percy announced Tuesday his daughter, Sharon Lee, 21, will marry John D. Rockefeller IV in March.

Rockefeller, 29, scored an election victory as a Democratic nominee for the West Virginia Legislature. Percy, 47, ousted three-term incumbent Democratic Sen. Paul Douglas in Illinois.

Miss Percy, the twin sister of Valerie who was slain Sept. 18 in her bedroom of the Percy mansion, is the daughter of the senator-elect by his first wife, Jeanne Dickerson Percy.

Miss Percy has visited Rockefeller's home in Charleston, W.Va., and Rockefeller, the son of Mr. and Mrs. John D. Rockefeller III, confirmed reports last week that he had been seeing Miss Percy a "good deal."

You'll just love flameless clean electric drying.

An electric dryer dries your clothes fluffy-soft and springtime fresh . . . because it's flameless. There are no bothersome flames, no odor causing fumes when your clothes are gently tumble dried in flameless clean electric heat.

An electric dryer is simple to operate, too. Just select drying temperature and time and your job is done. There are no complex valves to get out of adjustment, no pilot lights to go out.

What about costs? An electric dryer costs about $35 less than a comparable gas model. And electric dryer operating costs are just $1 per month for the average family.

Check the features and costs of a flameless dryer. And, like most everyone, you'll go electric.

If you've delayed buying an electric dryer — your dealer has a special installation offer for Ohio Power customers.*

Teacher Salary Problems High On OEA's List

COLUMBUS, Ohio (AP) — Teacher salary problems are high on the list of subjects to be discussed when the Ohio Education Association and its 1,100 delegates open a three-day convention here Thursday.

A legislative program which calls for adoption of a state minimum salary schedule for school teachers, and negotiations between teacher organizations and boards of education, is on the agenda.

On the minimum salary schedule, reported patterned somewhat on existing schedules in force in Pennsylvania and Indiana, the proposal would set a minimum starting salary for teachers with B. A. degrees at $5,000, scaling to $7,100 after seven years in $300 per year raises. The schedule would set a beginning salary of $5,500 for teachers with M. A. degrees, jumping to $8,500 after 10 years experience, also in $300 raises.

The professional negotiations proposal would require that boards of education recognize a teacher organization upon request and cooperatively develop policies "setting forth the procedures to be used in that district for negotiations."

County Plans Sign-Up For Cropland Program

LISBON — Columbiana County farmers who wish to participate in the 1967 Cropland Adjustment Program may sign up beginning Thursday, according to J. Glenn Bates, chairman of the county Agricultural Stabilization and Conservation Committee.

Ohio has received an initial allocation of $1,677,000 for the 1967 program, which is geared to the changed need for agricultural production. Bates said the program aims at surplus crops and those which could quickly become surplus — feed grains, cotton, peanuts and tobacco.

—:—

BATES SAID from 30 to 35 million base acres can go back into production nationwide under the 1967 wheat and feed grain programs, along with more than two million acres from expiring conservation reserve contracts. He cautioned, however, there is still need to prevent overexpansion of acreage in some crops in order to avoid returning to costly surplus buildups.

For 1967, CAP provides generally higher rates for putting cropland not needed for agricultural production under long-term agreements — 5 to 10 years. Bates said the rates reflect the improvement in commodity prices.

Adjustment payment rates in Columbiana County for land that would otherwise produce corn will be 56 cents per bushel for corn. Payment will be determined by the number of acres and farm yield per acre.

After placing all of the acreage of one or more of the feed grains or tame hay in the program, farmers may include other row - crop and small - grain acreage. Bates said the county rate for this other cropland, including that for wheat, oats and barley, will range from $6 to $10.20 an acre.

In addition to the adjustment payment related to the value of crops normally produced on the land, participants will be eligible for conservation cost-sharing on land put under the program.

—:—

ALL LAND taken out of production will be put to conservation uses. Wildlife planting and conservation measures which preserve open space and enhance natural beauty will continue to be emphasized. Other practices authorized for cost-share assistance will control erosion, prevent air and water pollution and provide better outdoor recreation.

Bates said the program should benefit farmers who want to retire or take jobs in industry or, for other reasons, want to change their production pattern. The program will enable them to shift their land into new uses while applying needed conservation measures for longtime benefit to the land, he said.

Details of the program and its application to individual farms are available at the ASC office, 41, N. Park Ave., Lisbon.

U.S. Sets Up Antiaircraft Guns Close To 'Buffer Zone'

DONG HA, South Viet Nam (AP) — The United States set up antiaircraft guns just 10 miles south of the demilitarized zone today, and top officers said they were put there because of concern over possible Communist attacks.

The guns were placed on a hill near Dong Ha, the command headquarters for a combined U.S. Marine and South Vietnamese army force larger than an American division.

For several months, American commanders have been talking about the possibility of a Communist air attack on the huge Dong Ha military concentration that has sprung up since July, although the North Vietnamese are not known to have sent their MIG jets into South Viet Nam since the war began.

Radar-guided missiles have been set up around Da Nang, 90 miles south of here, to protect that important port and airfield from Communist attack. But the mushrooming Dong Ha complex depended only on jet fighters stationed at Da Nang for protection.

The new unit which set up its guns here is the Army's 1st Battalion of the 44th Artillery. It uses machine guns mounted on the back of trucks; and tracked vehicles carrying cannon and machine guns.

Lt. Col. Charles L. Leroy, 43, of Memphis, Tenn., said his unit arrived Nov. 6, and was assigned briefly to the U.S. 1st Cavalry, Airmobile, Division before being sent north.

Leroy said the guns under his command can be used against ground troops as well as aerial targets.

County Plans Sign-Up For Cropland Program

LISBON — Columbiana County farmers who wish to participate in the 1967 Cropland Adjustment Program may sign up beginning Thursday, according to J. Glenn Bates, chairman of the county Agricultural Stabilization and Conservation Committee.

Ohio has received an initial allocation of $1,677,000 for the 1967 program, which is geared to the changed need for agricultural production. Bates said the program aims at surplus crops and those which could quickly become surplus — feed grains, cotton, peanuts and tobacco.

—:—

BATES SAID from 30 to 35 million base acres can go back into production nationwide under the 1967 wheat and feed grain programs, along with more than two million acres from expiring conservation reserve contracts. He cautioned, however, there is still need to prevent overexpansion of acreage in some crops in order to avoid returning to costly surplus buildups.

For 1967, CAP provides generally higher rates for putting cropland not needed for agricultural production under long-term agreements — 5 to 10 years. Bates said the rates reflect the improvement in commodity prices.

Adjustment payment rates in Columbiana County for land that would otherwise produce corn will be 56 cents per bushel for corn. Payment will be determined by the number of acres and farm yield per acre.

After placing all of the acreage of one or more of the feed grains or tame hay in the program, farmers may include other row - crop and small - grain acreage. Bates said the county rate for this other cropland, including that for wheat, oats and barley, will range from $6 to $10.20 an acre.

In addition to the adjustment payment related to the value of crops normally produced on the land, participants will be eligible for conservation cost-sharing on land put under the program.

—:—

ALL LAND taken out of production will be put to conservation uses. Wildlife planting and conservation measures which preserve open space and enhance natural beauty will continue to be emphasized. Other practices authorized for cost-share assistance will control erosion, prevent air and water pollution and provide better outdoor recreation.

Bates said the program should benefit farmers who want to retire or take jobs in industry or, for other reasons, want to change their production pattern. The program will enable them to shift their land into new uses while applying needed conservation measures for longtime benefit to the land, he said.

Details of the program and its application to individual farms are available at the ASC office, 41, N. Park Ave., Lisbon.

U.S. Sets Up Antiaircraft Guns Close To 'Buffer Zone'

DONG HA, South Viet Nam (AP) — The United States set up antiaircraft guns just 10 miles south of the demilitarized zone today, and top officers said they were put there because of concern over possible Communist attacks.

The guns were placed on a hill near Dong Ha, the command headquarters for a combined U.S. Marine and South Vietnamese army force larger than an American division.

For several months, American commanders have been talking about the possibility of a Communist air attack on the huge Dong Ha military concentration that has sprung up since July, although the North Vietnamese are not known to have sent their MIG jets into South Viet Nam since the war began.

Radar-guided missiles have been set up around Da Nang, 90 miles south of here, to protect that important port and airfield from Communist attack. But the mushrooming Dong Ha complex depended only on jet fighters stationed at Da Nang for protection.

The new unit which set up its guns here is the Army's 1st Battalion of the 44th Artillery. It uses machine guns mounted on the back of trucks; and tracked vehicles carrying cannon and machine guns.

Lt. Col. Charles L. Leroy, 43, of Memphis, Tenn., said his unit arrived Nov. 6, and was assigned briefly to the U.S. 1st Cavalry, Airmobile, Division before being sent north.

Leroy said the guns under his command can be used against ground troops as well as aerial targets.

Honored In 4-H Work

Susan Jones of Georgetown R.D. 1 and Robert E. Bryan of Chester R.D. 1 display the plaques they received for outstanding achievement in 4-H activities.

The awards are presented to the outstanding 4-H girl and boy by the Farm Credit Association in cooperation with the Agriculture Extension Office.

The presentations were made at the annual stockholders' meeting in Washington, Pa.

Midland Board Gets Lone Bid On School's Boilers

Bids were opened for boilers at the 7th St. School during a special meeting of the Midland Board of Education Tuesday night.

The lone bid submitted was from H. D. Bonnar Plumbing and Heating of Beaver for $7,-520.

It was referred to the property committee for study with the engineering firm of Michael Baker Jr., Inc. of Rochester. Claude Benson, representative of the engineering firm, was present.

Final acceptance or rejection of the bid will take place at another special meeting Monday at 8 p.m. The board's annual reorganization will be held at 7:30.

Edward Cilli, board member, was named temporary chairman to preside in the absence of the president, Maurice J. Newman.

The first "world conqueror" in history was Alexander the Great (356-323 B.C.). He also was one of the most remarkable men in history. He led his armies almost to the end of what was then the civilized world, bringing Greek ideas and culture to all the countries he conquered. He helped to make the spread of Christianity possible 300 years after his own time.

Shriners' Band To Take Part In Cleveland Event

The East Liverpool Oriental Band, a unit of the Al Koran Shrine under the direction of J. Edwin Curry, will participate in the Al Koran Shrine Ceremonial at the Masonic Temple in Cleveland Saturday.

The Shriners will honor Don C. Stephenson of Cleveland Heights. More than 200 will be initiated into the Shrine fraternity, with the class to be known as "The Don C. Stephenson Ceremonial Class."

Stephenson has presided over 25 consecutive ceremonials and is one of the few men in national Shrine history who has served as ceremonial director without having served as potentate of a Shrine Temple.

Dayton Man Charged With Manslaughter

DAYTON, Ohio (AP) — Joe Kuhns, 22, of Dayton was charged with first-degree manslaughter Tuesday in the death of a truck driver killed by a concrete slab hurled from a highway overpass.

Kuhns was charged in Vandalia Municipal Court in the death of Archie Noland, 53, of Navasota, Tex., who died a day after the slab crashed down on his truck. Two teen-agers held in connection with the case were remanded to juvenile authorities.

Plans Are Announced For Junior Miss Fete

The Wellsville Jaycees today announced plans for the annual Columbiana County Junior Miss Pageant Dec. 30 at Westgate School here.

Jerry Russell will serve again as general chairman and Ralph Fusco, president, will be pageant director.

The candidates will be judged on talent, mental alertness, poise and personality, school grades and sportswear modeling.

Roy Groom will be in charge of the program, chaperones and hosting the girls.

Other chairmen are William Telzrow, printing; Fusco, sponsors and entries; James Saraccо, tickets and financing; Walter Henthorn, stage manager; Jack Call, ushers; Russell, judges, and Nunzio S. Lombardozzi, ticket-takers.

Henthorn's stage crew will include Bob Keefer, Jim Merriman, Bob Lloyd, Don Hazlett and Wayne Rose.

Fusco will be the state coordinator. Tom Futhey of WOHI and Joyce Westlake, Miss Wellsville Jaycee, will serve as coemcees.

Judy Zundel of East Palestine won the crown last year and Susan Jones of East Liverpool was the 1965 winner.

Senior high girls may contact Fusco or Russell for details.

Official Canvass Announced

Rhodes' Victory Margin Record 703,223 Votes

COLUMBUS, Ohio (AP)—Gov. James A. Rhodes increased his victory margin in the Nov. 8 election to a record - breaking 703,223 votes in the official canvass announced today.

Figures released by Secretary of State Ted W. Brown showed the Republican governor received 1,795,277 votes compared to 1,092,054 by his Democratic opponent, State Sen. Frazier Reams Jr. Rhodes' plurality was figured at 62.1 per cent.

Rhodes' new record margin is expected to further enhance his consideration by Republicans for national office although the governor has indicated strongly he hopes to serve out his second consecutive four-year term. He is not eligible for a third consecutive term.

Today's canvass cleared the way for Archer E. Reilly of Columbus to take office for the short term state auditor but Reilly said he would not be sworn in until next Monday. He explained that he wanted to wait until after expiration of the five-day period allowed for challenging of official election results.

Reilly will serve until Jan. 9 when the regular four - year auditor's term begins. Former Ohio House Speaker Roger Cloud, who was appointed auditor to serve out an unexpired term, will be sworn in at that time to serve the term to which he was elected.

The official canvass is conducted by the secretary of state, governor, attorney general, auditor, or their representatives. State Chairmen of both political parties are invited to participate

Official totals:

Republican Gov. James A. Rhodes 1,795,277; Democratic State Sen. Frazier Reams Jr., 1,092,054.

Republican Lt. Gov. John W. Brown 1,647,677; Democrat William L. Coleman 1,085,033.

Republican Atty. Gen. William B. Saxbe 1,522,038; U.S. Rep Robert E. Sweeney 1,233,805.

Republican Auditor (full term) Roger Cloud 1,537,673; Democrat Thomas E. Ferguson 1,196,780.

Republican Auditor (short term) Archer E. Reilly 1,435,506, Democrat Clarence H. Knisley 1,170,738.

Republican Secretary of State Ted W. Brown 1,674,600; Democrat James D. Nolan 1,037,710.

Republican State Treasurer John D. Herbert 1,567,679; Democrat Eldon Brown 1,095,756.

Supreme Court (Jan. 1 term) Republican Louis J. Schneider Jr. 1,318,536; Democrat Clifford F. Brown 1,023,779.

Supreme Court (Jan. 2 term) Republican Paul W. Brown 1,583,880 Democrat Joseph D. Bryan 731,551.

$50 Bond Forfeited

LISBON — Christine Dolan, 36, of Negley, charged with shoplifting Nov. 22 at the Ben Franklin Store here, forfeited a $50 appearance bond Tuesday night in mayor's court.

Michael T. Mouse, 23, of Akron forfeited a $15 bond on a speeding charge. Village police cited him Nov. 22.

Girl And Woman Admitted, Five Others Treated

A girl injured at school and a woman hurt in a fall were admitted to City Hospital, where five other persons were treated Tuesday.

Colleen Sanford, daughter of Mrs. Eunice Sanford of Dixonville, was in "satisfactory" condition today with head injuries suffered when a bar fell on her in gym class at East Junior High School.

Mrs. Edna Seevers, wife of John Seevers of 305 Needham St., was in "fair" condition with an injury of the right hip suffered when she fell down outside steps.

Harry Layburn of Middletown was examined for strained back muscles suffered while lifting steel drums.

Rodney Buckley of Caldwell suffered contusions and abrasions of the left shoulder and upper arm and a wound of the knee when he fell from the dump trailer of his truck.

Linda Suznevich of 939 W. 8th St. cut her right middle finger while working at Hills.

Jean Metts of Wellsville R.D. 1 suffered contusions of her right index and middle fingers when she caught her hand in a press while working at the National Church Supply Co. near Chester.

Harry Crawford of Fredericktown was examined for possible neck and back injuries received when his car was hit in the rear by another while in Hills parking lot.

Appendicitis is much more prevalent among civilized people than among primitive people.

As Protection Against Cancer

Cancer Society Repeats Appeal Against Smoking

WASHINGTON (AP) — The American Cancer Society repeated today its plea for men and women to give up cigarette smoking "in order to protect themselves against cancer, emphysema and heart disease."

"However, those who continue the habit should be able to choose cigarettes with low tar and nicotine in the main stream of smoke," said Dr. Harold S. Diehl, the society's deputy executive vice president for research and medical affairs.

Diehl's statement came as the society presented a report at a Federal Trade Commission hearing on rules the FTC has proposed for use in testing cigarettes and reporting on their nicotine content.

Besides cancer society spokesmen, representatives of the tobacco industry and government experts are scheduled to testify at the hearing.

Diehl said the society is convinced that "it is in the interest of health to provide the public with information as to the tar and nicotine content of the smoke of the various brands of cigarettes on the American market."

The testing is expected to be done by machines that puff on cigarettes as a person does. After a measured amount of smoke passes through a filter, the filter is weighed to determine the amount of residue present.

Among points to be decided are the butt length to which test cigarettes are smoked, the number of cigarettes that should be smoked to measure tar and nicotine content, how the test cigarettes should be selected and how the results of the tests should be reported to the public.

The U.S. Public Health Service, meanwhile, offered new statistics from death records to back up its claims about the alleged health perils of smoking, particularly cigarette smoking.

The report released Tuesday deals exclusively with death-rate statistics which the Surgeon General's 1964 report had said were at least associated with smoking. Included are some maladies, such as lung cancer, which the 1964 report said are definitely caused by smoking.

The Tobacco Institute Inc., representing tobacco company viewpoints, had no immediate comment on the new report. It previously had said there is no acceptable evidence that prolonged exposure to nicotine creates either "dangerous functional change of an objective nature or degenerative disease."

Rocket Launch Saves Energy

EDWARDS AIR FORCE BASE, Calif. (AP) — A 150-ton rocket has been launched in a manner which scientists say saves energy and offers great promise for large solid-fuel rockets.

The rocket engine was ignited at partial power Tuesday at the bottom of an 80-foot tube. Gas pressure built up behind it, and the rocket roared out like a dart from a blowgun or a bullet from a rifle.

The 10-foot diameter rocket was tethered so that it would rise only 500 feet and then fall to the ground.

Lockheed Propulsion Co., made the test.

Normally solid fuel rockets burn at full power while leaving the ground, the firm said, operating inefficiently and using excessive fuel.

Western Hemisphere's Smallest Nation Born

BRIDGETOWN, Barbados (AP) — The Western Hemisphere's smallest nation was born last midnight as the Union Jack was lowered in the island colony Britain has ruled for 361 years and the royal blue and gold flag of independent Barbados was raised in its place.

A burst of fireworks, cheers from thousands of citizens and guests and an unscheduled 10-second meteor across the sky marked the beginning of the new member of the British Commonwealth.

The West Indies island has a population of 245,000 crowded into 166 square miles of land and is located north of Trinidad.

To A Smaller Dress Size

On the controversial subject of dress size for a given weight, women continue to be baffled, and with good reason. Many factors other than weight influence dress size. It's height combined with weight and hip girth that makes the difference. The taller you are, the more you can weigh for a stimulated size.

Ida Jean Kain

To illustrate: Let's take three women of varying weight, who all wear the popular size 14 dress, regular, tall or short, depending on their height. The regular size 14 is designed for the woman of medium height, 5' 4½", and who weighs approximately 130 pounds. The size 14-tall is designed for the woman of 5' 8½", weighing from 138 to 140 pounds. The size 14-short is designed for the woman of 5' 1", who weighs around 125 pounds.

SKIRT STYLES can make a difference of a half dozen pounds. If the regular size 14 has a full skirt, our 5' 4½" model can weigh 136 pounds and still slip into that coveted size 14. Similarly, our taller model can weigh 145 pounds and still wear a size 14-tall if the dress is cut full through the hips.

Reason this way: Added weight is generally carried through the hips. Therefore a full skirt accommodates more poundage. Designing ingenuity fashioned the A-line style for flattery.

As every dieter knows, the greatest thrill comes from changing to a smaller size dress. On the pounds-between sizes score: This varies from 10 to 16, depending on your structure. In large sizes there is a 16-pound difference in medium sizes a 12 to 14 pound difference, and in small sizes a 10-pound difference between dress sizes.

However, the number of pounds that stand between you and that next smaller size depends on how close you are to the top weight on your present size. There is a weight range within which you can wear a given size dress, but the manufacturer's size label is close to the top limit — within 2 to 4 pounds.

ALAS, one other factor must be taken into account. If you are crowding the seams on the size you now wear, you will need to reduce all the pounds between that size and the next smaller, plus 4 or more for perfect fit.

Dieters, knowing the facts about sizes can keep you from giving up when your goal is within reach. If you slim down a dozen pounds but still cannot get into the next smaller size, know that with six more pounds off you'll have it made.

Combine exercise with calorie curbing and you'll look and feel silken slim and shapely in your smaller dress size. Exercise stops the sagging, tones the muscles and redistributes the pounds.

Mysterious Mothman Still At Large Near W. Va. Town

POINT PLEASANT, W.Va. (AP) — The mysterious mothman was still at large near this normally quiet Ohio River community, but the excitement he caused is dying down.

The excitement began two weeks ago when Mr. and Mrs. Roger Scarberry and Mr. and Mrs. Steve Mallett, all of Point Pleasant, spotted a large white apparition flying at high speed, following their car.

They told a deputy sheriff it looked like "a flying man with 10-foot wings." They said it was about seven feet tall with large red eyes.

These reports brought curious crowds to the McClintic Wildlife Station where the incident occurred. Volunteer fire department members had to help keep traffic moving.

During the next three days at least eight persons reported various similar creatures. On Nov. 18 two volunteer firemen, Capt. Paul Yoder and Benjamin Enochs, said they saw what definitely was a very large bird with large red eyes.

Dr. Robert L. Smith, associate professor of wildlife biology at WVU, said the descriptions all fitted the sandhill crane, the second largest American crane, which stands almost as high as a man and has a wingspan of more than seven feet.

He said the "red eyes" could be the large circles of bare red-dish flesh around the crane's eyes. Smith said the bird apparently had wandered out of its normal migration route.

Britain Plans To Press U.S. For Action Against Rhodesia

LONDON (AP) — The British government plans to ask the United Nations this weekend for compulsory economic sanctions against Rhodesia if Prime Minister Ian Smith doesn't come to terms by then, government sources reported.

The sources said Prime Minister Harold Wilson apparently hopes the threat of such a request to the Security Council will prompt Smith to accept a settlement of the year-old rebellion by the African territory's white minority.

Wilson won Cabinet approval of the request Tuesday and told the House of Commons the U.N. action would be in effect before Christmas. U.N. approval of sanctions is considered certain since the General Assembly earlier this month voted overwhelmingly for Britain to use force, if necessary, to end the rebellion.

Sources said the U.N. sanctions would include:

— An oil embargo against Rhodesia, but with enforcement confined to the Portuguese East African territory of Mozambique. African, Asian and Communist countries are expected to demand South Africa be included.

— Outlawing the purchase of Rhodesian tobacco, sugar, chrome, asbestos and pig iron and banning the sale of heavy machinery to Rhodesia.

The British concede that sanctions they imposed against Rhodesia last year have largely been thwarted by South African financial and oil aid.

Tonga is the last of the Polynesian kingdoms in Oceania.

To Obtain 40,000 More

Pentagon Trims Draft Standards

WASHINGTON (AP) — The Pentagon is lowering its draft standards again in order to obtain 40,000 more men for remedial military training.

The third revision of draft standards this year provides for rescreening of men now classified 1Y: fit for service only in time of declared war or national emergency.

The latest step is part of Secretary of Defense Robert S. McNamara's plan to draft and give special training to borderline cases in order to make them qualified for general military service.

The lowered standards announced Tuesday are still higher than those in effect during the Korean War.

About 2.4 million men now are classified 1Y.

WASHINGTON (AP)—Despite the absence of France at the payout window, the U.S. gold supply dropped $45 million more during October, the Federal Reserve Board reported today.

At the end of October, the board said, U.S. gold stocks totaled $13,311,000,000, a net loss of $495 million since the beginning of the year.

This was far less than last year's loss of $1.66 billion.

A decline in reserves prevented France from following during October her usual monthly practice of converting at least $34 million of her excess dollar holdings into gold at $35 an ounce.

WASHINGTON (AP) — President Johnson has received an assessment from U.S. experts that India's food needs are urgent and if anything can be done by this country to help now, it should be done.

Official sources said the President and his aides have reached no final decision on an Indian request for 2 million tons of grain as interim aid.

The White House received special congressional authorization to help India avert famine conditions this year. About 10 million tons of grain has been supplied by this country.

Auto Tags Major Problem

Prisoner Transfer Halted Following Lebanon Blaze

LEBANON, Ohio (AP)— The transfer of prisoners into the Lebanon Correctional Institution has been temporarily stopped following Tuesday's multimillion dollar fire.

The major problem resulting from the fire will be completing arrangements for the manufacturing of two million Ohio auto tags, which go on sale March 1, authorities said.

The institution makes all of the Ohio tags. But Maury Koblentz, head of the Ohio Division of Correction, said about eight million had already been made and moved out of the institution.

Koblentz said a commercial firm may be hired to complete the job.

Among buildings destroyed were the shops where license plates, highway signs and beds and chairs are made. Superintendent R. W. Alvis placed damage between $1.5 million and $2 million.

None of the 1,286 inmates was injured. In fact, officials said atmosphere inside the prison remained so calm during the fire that the inmates were given their lunch only 10 minutes late.

The only injuries were to seven firemen, who suffered minor burns or were hurt by falling debris. The 300 prisoners and 30 civilians working in the area of the fire were quickly evacuated, Alvis said.

A spark from an acetylene torch touched off the fire and it quickly spread throughout the complex of buildings. The fire was fed by exploding drums and barrels of paint, but a strong wind kept it from spreading to other buildings.

Alvis said it was not known if some of the inmates would have to be transferred to other institutions, but reported "we are stopping the transfer of prisoners into Lebanon temporarily."

23 Proposals Released

Automakers Get Notice On '68 Safety Standards

DETROIT (AP) — The nation's four largest automakers had the word today on what they must do to make 1968 cars safer. Their first reaction indicated they were neither surprised nor disturbed by it.

The word came Tuesday night from Dr. William Haddon Jr., the recently named national highway safety chief, as he released 23 safety proposals recommended by the federal government.

None of the proposals, described only in capsule form by Dr. Haddon, indicated any major changes would be required in 1968 automobiles.

Dr. Haddon said many of them are "already met by most of the vehicles to which they would apply."

The newly created National Traffic and Highway Safety Agency is expected to release detailed, technical versions of the proposals by Thursday.

Dr. Haddon unveiled the proposals at a dinner sponsored by the Detroit Automobile Show. It marked his first meeting with the four auto company presidents—James M. Roche of General Motors, Arjay Miller of Ford, Lynn A. Townsend of Chrysler and Roy Abernethy of American Motors.

The company heads had kind words for Dr. Haddon.

Dr. Haddon's list left out several items suggested by the General Services Administration which buys cars for federal government use.

Chief among these were standard bumper height for all cars, roll bars for light trucks and Jeep-type vehicles, rear window defoggers and right hand outside rearview mirrors.

"You must remember that GSA buys a limited number of cars for the government, while we are setting standards for the entire industry," Dr. Haddon said.

Most 1967 cars on sale in the United States meet the safety proposals, Dr. Haddon said. He declined to say what foreign or domestic cars might not qualify.

Migrant Faces Trial In Threat On Premier

CANBERRA, Australia (AP) — Yugoslav migrant Nedeljko Gajic, 26, was ordered today to stand trial for carrying a loaded rifle with intent to murder Prime Minister Harold E. Holt.

Gajic, a laborer, was carrying a sawed-off .22 rifle and two magazines of bullets in a briefcase when he was arrested Nov. 23, police said. He had a picture of Holt in his wallet.

Wife Will Be Tax Deduction In Spain

MADRID (AP) — For the first time in Spanish history a wife is going to be an income tax deduction.

The Cabinet approved a new personal income tax law Tuesday which included a deduction of 40,000 pesetas — $666.66 — a year for a wife. The deduction for each child was increased from 10,000 pesetas to 40,000.

Gov. Scranton Names Brighton Man As J.P.

HARRISBURG (AP) — Gov. Scranton announced the appointment Tuesday of Raymond N. Boyer of New Brighton R.D. 1, Beaver County, as justice of the peace for Daugherty Twp.

Boyer was named to serve until the first Monday of January, 1968, succeeding George A. Emrick, who resigned.

On the controversial subject of dress size for a given weight, women continue to be baffled, and with good reason. Many factors other than weight influence dress size. It's height combined with weight and hip girth that makes the difference. The taller you are, the more you can weigh for a stimulated size.

To illustrate: Let's take three women of varying weight, who all wear the popular size 14 dress, regular, tall or short, depending on their height. The regular size 14 is designed for the woman of medium height, 5' 4½", and who weighs approximately 130 pounds. The size 14-tall is designed for the woman of 5' 8½", weighing from 138 to 140 pounds. The size 14-short is designed for the woman of 5' 1", who weighs around 125 pounds.

SKIRT STYLES can make a difference of a half dozen pounds. If the regular size 14 has a full skirt, our 5' 4½" model can weigh 136 pounds and still slip into that coveted size 14. Similarly, our taller model can weigh 145 pounds and still wear a size 14-tall if the dress is cut full through the hips.

Reason this way: Added weight is generally carried through the hips. Therefore a full skirt accommodates more poundage. Designing ingenuity fashioned the A-line style for flattery.

As every dieter knows, the greatest thrill comes from changing to a smaller size dress. On the pounds-between sizes score. This varies from 10 to 16, depending on your structure. In large sizes there is a 16-pound difference in medium sizes a 12 to 14 pound difference, and in small sizes a 10-pound difference between dress sizes.

However, the number of pounds that stand between you and that next smaller size depends on how close you are to the top weight on your present size. There is a weight range within which you can wear a given size dress, but the manufacturer's size label is close to the top limit — within 2 to 4 pounds.

ALAS, one other factor must be taken into account. If you are crowding the seams on the size you now wear, you will need to reduce all the pounds between that size and the next smaller, plus 4 or more for perfect fit.

Dieters, knowing the facts about sizes can keep you from giving up when your goal is within reach. If you slim down a dozen pounds but still cannot get into the next smaller size, know that with six more pounds off you'll have it made.

Combine exercise with calorie curbing and you'll look and feel silken slim and shapely in your smaller dress size. Exercise stops the sagging, tones the muscles and redistributes the pounds.

Mysterious Mothman Still At Large Near W. Va. Town

POINT PLEASANT, W.Va. (AP) — The mysterious mothman was still at large near this normally quiet Ohio River community, but the excitement he caused is dying down.

The excitement began two weeks ago when Mr. and Mrs. Roger Scarberry and Mr. and Mrs. Steve Mallett, all of Point Pleasant, spotted a large white apparition flying at high speed, following their car.

They told a deputy sheriff it looked like "a flying man with 10-foot wings." They said it was about seven feet tall with large red eyes.

These reports brought curious crowds to the McClintic Wildlife Station where the incident occurred. Volunteer fire department members had to help keep traffic moving.

During the next three days at least eight persons reported various similar creatures. On Nov. 18 two volunteer firemen, Capt. Paul Yoder and Benjamin Enochs, said they saw what definitely was a very large bird with large red eyes.

Dr. Robert L. Smith, associate professor of wildlife biology at WVU, said the descriptions all fitted the sandhill crane, the second largest American crane, which stands almost as high as a man and has a wingspan of more than seven feet.

He said the "red eyes" could be the large circles of bare red-dish flesh around the crane's eyes. Smith said the bird apparently had wandered out of its normal migration route.

Britain Plans To Press U.S. For Action Against Rhodesia

LONDON (AP) — The British government plans to ask the United Nations this weekend for compulsory economic sanctions against Rhodesia if Prime Minister Ian Smith doesn't come to terms by then, government sources reported.

The sources said Prime Minister Harold Wilson apparently hopes the threat of such a request to the Security Council will prompt Smith to accept a settlement of the year-old rebellion by the African territory's white minority.

Wilson won Cabinet approval of the request Tuesday and told the House of Commons the U.N. action would be in effect before Christmas. U.N. approval of sanctions is considered certain since the General Assembly earlier this month voted overwhelmingly for Britain to use force, if necessary, to end the rebellion.

Sources said the U.N. sanctions would include:

— An oil embargo against Rhodesia, but with enforcement confined to the Portuguese East African territory of Mozambique. African, Asian and Communist countries are expected to demand South Africa be included.

— Outlawing the purchase of Rhodesian tobacco, sugar, chrome, asbestos and pig iron and banning the sale of heavy machinery to Rhodesia.

The British concede that sanctions they imposed against Rhodesia last year have largely been thwarted by South African financial and oil aid.

Tonga is the last of the Polynesian kingdoms in Oceania.

Pentagon Trims Draft Standards

WASHINGTON (AP) — The Pentagon is lowering its draft standards again in order to obtain 40,000 more men for remedial military training.

The third revision of draft standards this year provides for rescreening of men now classified 1Y fit for service only in time of declared war or national emergency.

The latest step is part of Secretary of Defense Robert S. McNamara's plan to draft and give special training to borderline cases in order to make them qualified for general military service.

The lowered standards announced Tuesday are still higher than those in effect during the Korean War.

About 2.4 million men now are classified 1Y.

WASHINGTON (AP)—Despite the absence of France at the payout window, the U.S. gold supply dropped $45 million more during October, the Federal Reserve Board reported today.

At the end of October, the board said, U.S. gold stocks totaled $13,311,000,000, a net loss of $495 million since the beginning of the year.

This was far less than last year's loss of $1.66 billion.

A decline in reserves prevented France from following during October her usual monthly practice of converting at least $34 million of her excess dollar holdings into gold at $35 an ounce.

WASHINGTON (AP) — President Johnson has received an assessment from U.S. experts that India's food needs are urgent and if anything can be done by this country to help now, it should be done.

Official sources said the President and his aides have reached no final decision on an Indian request for 2 million tons of grain as interim aid.

The White House received special congressional authorization to help India avert famine conditions this year. About 10 million tons of grain has been supplied by this country.

Auto Tags Major Problem

Prisoner Transfer Halted Following Lebanon Blaze

LEBANON, Ohio (AP)— The transfer of prisoners into the Lebanon Correctional Institution has been temporarily stopped following Tuesday's multimillion dollar fire.

The major problem resulting from the fire will be completing arrangements for the manufacturing of two million Ohio auto tags, which go on sale March 1, authorities said.

The institution makes all of the Ohio tags. But Maury Koblentz, head of the Ohio Division of Correction, said about eight million had already been made and moved out of the institution.

Koblentz said a commercial firm may be hired to complete the job.

Among buildings destroyed were the shops where license plates, highway signs and beds and chairs are made. Superintendent R. W. Alvis placed damage between $1.5 million and $2 million.

None of the 1,286 inmates was injured. In fact, officials said atmosphere inside the prison remained so calm during the fire that the inmates were given their lunch only 10 minutes late.

The only injuries were to seven firemen, who suffered minor burns or were hurt by falling debris. The 300 prisoners and 30 civilians working in the area of the fire were quickly evacuated, Alvis said.

A spark from an acetylene torch touched off the fire and it quickly spread throughout the complex of buildings. The fire was fed by exploding drums and barrels of paint, but a strong wind kept it from spreading to other buildings.

Alvis said it was not known if some of the inmates would have to be transferred to other institutions, but reported "we are stopping the transfer of prisoners into Lebanon temporarily."

23 Proposals Released

Automakers Get Notice On '68 Safety Standards

DETROIT (AP) — The nation's four largest automakers had the word today on what they must do to make 1968 cars safer. Their first reaction indicated they were neither surprised nor disturbed by it.

The word came Tuesday night from Dr. William Haddon Jr., the recently named national highway safety chief, as he released 23 safety proposals recommended by the federal government.

None of the proposals, described only in capsule form by Dr. Haddon, indicated any major changes would be required in 1968 automobiles.

Dr. Haddon said many of them are "already met by most of the vehicles to which they would apply."

The newly created National Traffic and Highway Safety Agency is expected to release detailed, technical versions of the proposals by Thursday.

Dr. Haddon unveiled the proposals at a dinner sponsored by the Detroit Automobile Show. It marked his first meeting with the four auto company presidents—James M. Roche of General Motors, Arjay Miller of Ford, Lynn A. Townsend of Chrysler and Roy Abernethy of American Motors.

The company heads had kind words for Dr. Haddon.

Dr. Haddon's list left out several items suggested by the General Services Administration, which buys cars for federal government use.

Chief among these were standard bumper height for all cars, roll bars for light trucks and Jeep-type vehicles, rear window defoggers and right hand outside rearview mirrors.

"You must remember that GSA buys a limited number of cars for the government, while we are setting standards for the entire industry," Dr. Haddon said.

Most 1967 cars on sale in the United States meet the safety proposals, Dr. Haddon said. He declined to say what foreign or domestic cars might not quality.

Migrant Faces Trial In Threat On Premier

CANBERRA, Australia (AP) — Yugoslav migrant Nedeljko Gajic, 26, was ordered today to stand trial for carrying a loaded rifle with intent to murder Prime Minister Harold E. Holt.

Gajic, a laborer, was carrying a sawed-off 22 rifle and two magazines of bullets in a briefcase when he was arrested Nov. 22, police said. He had a picture of Holt in his wallet.

Wife Will Be Tax Deduction In Spain

MADRID (AP) — For the first time in Spanish history a wife is going to be an income tax deduction.

The Cabinet approved a new personal income tax law Tuesday which included a deduction of 40,000 pesetas — $666.66 — a year for a wife. The deduction for each child was increased from 10,000 pesetas to 40,000.

Gov. Scranton Names Brighton Man As J.P.

HARRISBURG (AP) — Gov. Scranton announced the appointment Tuesday of Raymond N. Boyer of New Brighton R.D. 1, Beaver County, as justice of the peace for Daugherty Twp.

Boyer was named to serve until the first Monday of January, 1968, succeeding George A. Emrick, who resigned.

Mars-And-Back Flight

Astronauts' Doctor Sees Year In Space Possible

LAS VEGAS, Nev. (AP) — The astronauts' physician, Dr. Charles Berry, says he has found nothing so far that would prevent men making flights of up to one year — long enough to go to Mars and back.

As a matter of fact, he told the annual clinical meeting of the American Medical Association Tuesday, "man himself does not appear to be a barrier to the exploration of our universe."

Dr. Berry, director of medical research at the Manned Spacecraft Center, Houston, Tex., said "I'm very optimistic about the upcoming Apollo program" to land man on the moon in the next two or three years.

"The success of the Mercury and Gemini programs means we have already qualified man for the Apollo flight," he said. "The lunar mission will take eight days and we've already had men in orbit 14 days."

In a news conference, Dr. Berry said, "I'd like to gradually extend flight times to 30 days, 60 days and even up to a year—checking each time, of course, to be sure that it is safe to go ahead."

He predicted that if there are any critical problems they would show up after flights of 30 to 60 days. "Virtually every adaptive change the human system would have to make to space environment would be made by that time," he said.

Palestine Parade Set

EAST PALESTINE — The annual Christmas parade sponsored by the Chamber of Commerce will move promptly at 2 p. m. Saturday, Alan Hill, chairman, said. Hill expects "at least 40 units" to take part in the event, which will form on Wood St. and move north through the business district to N. Market St. and then disband on Taggart St.

In Last Presidential Race

Ex-Goldwater Aide Calls Romney Charge 'Baloney'

WASHINGTON (AP) — A top man in Barry Goldwater's presidential campaign dismissed today as "baloney" the two-year-old charge of Michigan Gov. George Romney that the race was designed to appeal to segregationist Southerners.

But Dean Burch, who served as Republican national chairman during the last presidential race, ended his rebuttal there — and said he had advised Goldwater against debating the matter.

He said it threatened to renew the strife that split the party during the Goldwater campaign.

"We're just starting 1964 all over again," Burch, in Tucson, Ariz., said in a telephone interview. "That won't do anybody any good."

Both Romney and Goldwater men denied that they had first made public the text of the 12-page letter the Michigan governor wrote Dec. 21, 1964.

Written as an explanation of Romney's refusal to endorse the Goldwater presidential ticket, it complains about campaign strategy and makes this assertion:

"Indeed, the conduct of the campaign and the Nov. 3 election results demonstrated that your campaign never effectively deviated from the Southern-rural-white orientation."

Romney said there was "distressing evidence that this was part of the strategy," but added he did not believe Goldwater had shaped such a plan.

"A leading Southern delegate in a private conversation with me . . . made it clear that there had been a platform deal that was a surrender to the Southern segregationists, contrary to the entire tradition of the party," Romney wrote.

"That's a bunch of baloney," said Burch.

Goldwater himself was off on an Air Force Reserve flight, but a spokesman said he had decided against making any statement on the newly published Romney letter.

Its publication in the New York Times Tuesday produced this series of events:

—Goldwater cabled Romney, who is vacationing in Puerto Rico, asking for permission to make public the text of the letter — and the letter he wrote which prompted it.

"Leaking the letter piecemeal as someone obviously is doing does not serve the best interest of our party," Goldwater said.

—At about the same time, Romney's office in Lansing, Mich., released the text of the letter. A Romney spokesman insisted the initial release had not come from the governor or "anyone acting in his behalf."

—Goldwater made public his Dec. 6, 1964, letter to Romney. "Where were you, George, when the chips were down and the going was hard?" it asked. "Many rank and file Republicans got a bad taste in their mouths when they saw leaders of their own party failing to support a national ticket."

Romney's own presidential stock is on the rise now, boosted by his landslide re-election victory on Nov. 8.

60-Day Reprieve For Third

Rhodes Commutes Death Sentences Of Two Men

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes today commuted the death sentences of two Hamilton County men scheduled to die Friday for murder and gave a 60-day reprieve to the third man.

Rhodes commuted to life imprisonment the death sentences of Curtis A. Bellamy, 21, and Elmer G. Miller, 46. He delayed the scheduled death of Lester E. Swiger, 29.

He acted on recommendations of the State Parole Board, which heard testimony last Friday on proposed mercy for the three men condemned in the death of a 76-year - old woman beaten during a $2,400 robbery.

The governor said "Bellamy took no part in original planning of the robbery, was only 19 at the time ... and easily influenced by his older accomplices." He said "legal doubts for mercy."

In Miller's case, the governor said:

"Although elements of doubt in this case were properly determined by a jury, some doubts justify mercy in sentencing. Moreover, convict Miller did not take part in any of the beatings that caused the victim's death."

Rhodes said recommendations of mercy were unanimous by the seven-member parole board. He said the board was not unanimous in its recommendation on Swiger, who was granted a reprieve until Feb. 1.

The reprieve will enable lawyers to ask court rulings on legal points still susceptible to review either on habeas corpus or under Ohio's so-called post conviction law.

The three men were convicted in separate trials of killing Mrs. Emma Austing, 76 - year - old widow while robbing her farm home near Cincinnati. Testimony showed that two of the men beat her in an attempt to obtain the combination of a safe.

The safe was found battered open some distance from the farm. Mrs. Austing was found the following day, May 6, 1963, seriously injured and was hospitalized. She died May 20.

Although expert medical testimony conflicted, a three-judge panel in Swiger's case and juries in the other two accepted the prosecution contention that the beatings during the robbery caused her death.

Lawyers argued during the clemency hearings that death was not a direct result of the beating and that Mrs. Austing had almost recovered from beating injuries before she died of a blood clot.

Identity Still Sought

DRY RIDGE, Ky. (AP)—Authorities today still sought the identification of an attractive young woman, 25-35 years old, whose body was found Monday along a rural road.

The woman was strangled with a scarf. She had not been raped, according to a coroner's report.

Dirksen Makes Official Bow In Entertainment

WASHINGTON (AP)—Senate Republican Leader Everett M. Dirksen, a sometimes frustrated thespian, makes his official debut today in the entertainment world.

Dirksen has arranged to preview at the Capitol an album of records he taped in time off from his legislative duties. Disc jockeys across the country already have been playing some of them.

In the album Dirksen recites in his melodious and at times theatrical voice a series of patriotic poems, chief of which is "The Gallant Men." Music from a 29-piece orchestra has been dubbed into the background.

Lawrence's Estate Split Among Family

PITTSBURGH (AP) — The will of former governor David L. Lawrence has been filed, dividing most of his estate among his immediate family.

The will, drawn up in 1947 and filed Tuesday, left one-third of the estate to his wife and the bulk of the remainder to his three children.

Bequests of $5,000 apiece went to his two brothers and former City Treasurer James P. Kirk.

Physician Sentenced For Illegal Abortion

AKRON, Ohio (AP)—An Akron physician was sentenced Tuesday to one-to-seven years in the Ohio Penitentiary on a conviction of illegal abortion.

Four other illegal abortion charges against Dr. Muhammed Lindsey, 44, were dropped on recommendation of the prosecutor's office after he pleaded guilty in common pleas court Nov. 17.

He was arrested Sept. 1, 1965 when a 19-year-old girl was admitted to General Hospital after an abortion.

Super City Of Future

★ ★ ★ ★ ★ ★ ★ ★ ★

Scientists Urged Aid Of Aerospace Industry

BOSTON (AP) — Two space scientists said today that the aerospace industry should be enlisted to solve "the burgeoning problems of our sickening cities" and presented their own idea of the "super city" of the future.

In their ideal city, all residents would live in 100-story apartment buildings built in a circle around a vast recreational complex. There would be no automobile travel except for leaving the city, and each building would be filled with luxuries such as health and beauty resorts.

The concept was outlined in a paper presented today at the annual conference of the American Institute of Aeronautics and Astronautics.

The authors, Vernal M. Tyler and Carl F. Asiala Jr. of the McDonnell Aircraft Corp., St. Louis, Mo., reported their future city idea "has met with a most gratifying acceptance. And, of course, there have been detractors. All are unanimous in the feeling that something will have to be done."

They said studies show the U.S. population will increase by 30 million persons in 10 years and that 320 million will be living in urban areas 50 years from now. Traffic, they said, will be unbearable.

Why should the aerospace industry be called upon to solve the problems?

"Aerospace," their paper said, "has the largest private reservoir of scientific talent in the world. Its engineers have come up with workable solutions for almost every problem presented — no matter how difficult it might have been."

Instead of further crowding existing cities, Tyler and Asiala suggested that new ones be built from scratch. Their ideal city, called a "modular, circumferential city," might not be the perfect solution but could be a base from which to work, they said.

It would consist of 24 high-rise apartments in a double circle around the rim of the wheel-shaped city. It would house 250,000 persons, with parking on the lower floors, low-cost housing just above and the most expensive housing at the top of the 100-story structures.

Commercial areas, schools, theaters and government offices would be located throughout the complex. Transportation in the city would be by automated monorail, subway and moving sidewalk.

The one-mile diameter center of the city would have bicycle paths, golf courses, parks, streams and lakes — and no automobiles.

Continuous balconies would be on each floor, "analogous to a city's sidewalks, where people can intermingle and learn each other's names." Whole floors would be devoted to recreation and other facilities like sauna baths.

Carmichael Free On Bond In Riot Case

SELMA, Ala. (AP) — Stokely Carmichael, head of the Student Nonviolent Coordinating Committee, and a committee field secretary, William S. House, are free on $300 appeal bonds today after conviction on charges of inciting to riot.

The two were fined $100 each plus costs Tuesday by Judge Edgar Russell in City Recorders Court. Russell also sentenced Carmichael to 60 days of hard labor and House to 30 days. Both cases were appealed.

The trial had been continued by the judge from the Nov. 22 original trial date. Carmichael failed to appear in court and House asked that his case be continued until he could secure a lawyer. Thomas Taylor, another member of the trio when they were arrested Nov. 5, was tried Nov. 22 and fined $60 for blocking traffic and resisting arrest.

House, Taylor and Carmichael were arrested when they took a sound truck into a predominantly Negro neighborhood in Selma on Nov. 5.

Pulitzer Prize Winner

Frank E. Noel, Noted Photographer, Claimed

GAINESVILLE, Fla. (AP) — Frank E. (Pappy) Noel, Associated Press photographer who earned the Pulitzer Prize in a career that spanned four continents, died Tuesday night after a long illness. He was 61.

Noel succumbed to a stroke almost two months after entering J. Hillis Miller Medical Center. He underwent brain surgery shortly after the stroke.

Pappy won a Pulitzer Prize in 1942 with a dramatic lifeboat picture of a Lascar seaman begging for water. The shot was taken as Noel drifted in a lifeboat in the Indian Ocean after his ship had been torpedoed as he fled the surrender of Singapore.

Noel had a knack for being where the action was. He was in Southeast Asia on a round-the-world photographic assignment when the Japanese attacked Pearl Habor.

He stayed to cover the Malayan jungle campaign in words and front-page pictures.

He later covered the war in Burma and India. After the war he was assigned to the Mediterranean area where he spent four years watching the Trans-Jordan conflict from behind his camera.

Noel was registered at the King David Hotel in Jerusalem in 1948 when a terrorist's bomb destroyed his equipment and personal effects. But Noel was at the front taking pictures.

His next assignment took him to Berlin where he watched the cold war tension develop. The Korean War erupted and he was on the front lines a month later, after volunteering by cable to New York.

Shortly after his arrival, Noel was trapped with a Marine outfit near the Changjin Reservoir. The Marines fought their way free and Pappy's pictures showed the action exclusively in newspapers around the globe.

The Marines commended him in a letter to New York and said he "personally risked his life many times" to get his pictures.

He continued to photograph front line action for two more months, scoring repeated beats with his graphic account of the war. Then he was captured while attempting to get help for a trapped motor convoy.

Pappy didn't let confinement in a prison camp prevent him from recording the war. A camera was smuggled to him by AP correspondents covering the truce talks and he managed to sneak out photos of captured United Nations forces.

Noel, a native of Dalhart, Tex., embarked on his career 41 years ago with the Chicago Daily News.

Before joining AP in 1937, Pappy covered the Mexican revolution as a freelancer. He also served as an aerial photography instructor for the Army, and was employed by the Washington Post, Wichita Eagle, Kansas City Star and Oklahoma City News.

After his release from the Korean prison, Noel returned to New York. He was sent to Tampa in 1958 and finished his career in Tallahassee, retiring last May 14.

He is survived by his widow, Evelyn G. Noel.

Jayne Mansfield's Son Reported Satisfactory

THOUSAND OAKS, Calif. (AP) — Doctors report actress Jayne Mansfield's 6-year-old son, Zoltan Hargitay, in satisfactory condition following surgical removal of his spleen.

The boy, who was mauled by a chained lion at an animal compound Saturday, slept well after spending a restless post-surgery night Monday, a hospital spokesman said.

16 Aboard Plane Escape Injury In Airport Mishap

HARRISBURG (AP) — An Allegheny Airlines plane, taxiing down a runway at Harrisburg-York State Airport for a flight to Pittsburgh, came to a safe, crashing halt Tuesday after an electrical failure plunged the plane into darkness, forcing the pilot to abort his takeoff.

All 12 passengers and the crew of 4 escaped injury.

A spokesman in the control tower of the airport said the plane, a propeller-driven, twin engined Convair 440, shot past the 5,000-foot runway and onto a grassy slope where it sheared off a light tower and part of its wing.

The plane's nose then plowed into the ground, and it came to a halt next to another tower, about 15 feet away from Old York R.D. — a two-lane highway that borders the airport.

"Yes, I was scared when the lights went out and the plane started to vibrate," said Paul Eardley of Camp Hill, one of the passengers.

But he added that after the plane "was rolling down the Hill, I felt better. I figured then it was just a matter of something stopping us."

A spokesman in the control tower of the airport said the plane, a propeller-driven, twin engined Convair 440, shot past the 5,000-foot runway and onto a grassy slope where it sheared off a light tower and part of its wing.

The plane's nose then plowed into the ground, and it came to a halt next to another tower, about 15 feet away from Old York R.D. — a two - lane highway that borders the airport.

"Yes, I was scared when the lights went out and the plane started to vibrate," said Paul Eardley of Camp Hill, one of the passengers.

But he added that after the plane "was rolling down the Hill, I felt better. I figured then it was just a matter of something stopping us."

3 Appointments Listed By Crucible Steel Co.

The Crucible Steel Co. has made three appointments designed to further improve the quality and uniformity of the company's specialty steels.

Andrew E. Delans Jr., named materials and process metallurgist - raw materials and melting, will establish and monitor, on a companywide basis, the standards and procedures needed to control product quality in raw materials and melting.

Gerald K. White, named quality assessment metallurgist, will coordinate a system to measure quality in all operating plants and monitor Crucible's high standards of quality control.

Francis J. Genes, named materials and process metallurgist — mill processing and testing, will establish and monitor standards and procedures for the company's mill processing, inspection and laboratory operations.

These metallurgists will report to Earl W. Thomas, manager of the materials and processes section, central metallurgy.

Delans, with 10 years of experience in the Midland Works open hearth, blast furnace and electric furnace departments as a metallurgist, is a metallurgical engineering graduate of the University of Pittsburgh. He is a member of the American Institute of Mining and Metallurgical Engineers.

White, a B.S. graduate in Metallurgy from Pennsylvania State University, began with Crucible as a metallurgist in the cold finishing and heat treating departments at the Syracuse Works. Then, with time out this year to complete work for his M.B.A. degree at the University of Pittsburgh, he had been assigned to central metallurgy as a Quality Assessment Metallurgist. He is a member of the American Society for Metals.

Genes, after metallurgical experience with U.S. Steel and American Forge, joined Crucible in 1958. Most recently, he has been a staff metallurgist. Genes studied metallurgy at Carnegie Institute of Technology and Pennsylvania State University Extension and belongs to the American Society for Metals.

Skids Blamed In 2 Crashes; None Injured

Skids on snow-covered pavement were blamed for at least two of the four traffic mishaps recorded in East Liverpool Tuesday afternoon and night, police reported. No one was injured.

Two cars were damaged in a skidding mishap on Dresden Ave. 300 feet north of Moore St. at 7:50 p. m. yesterday, officers said. It involved a 1965 model car driven by Charles N. Wilkinson, 52, of 1240 Croft St. and a 1960 four-door sedan driven by Beverly J. Curtis, 39, of Westfield Rd.

Wilkinson reported as he rounded a curve he saw the approaching Curtis car skidding. He said he halted, but the Curtis auto continued to skid and struck his auto. There was damage to the left front of each car.

An auto skidded at W. 7th and Jefferson Sts. at 7:22 p. m. yesterday and struck a parked car, police said.

A 1958 model station wagon driven by Emmett E. Daniels, 40, of 322 1st Ave., Wellsville, moving downgrade on snow-covered pavement, skidded into a parked 1958 station wagon owned by Charles H. Fox of 257 W. 7th St., police said.

The mishap damaged the left front of Daniels' car and the right front of the Fox car, officers said.

A 21-year-old driver was cited following a crash at St. Clair Ave. and Walnut St. at 5:02 p.m. yesterday, officers said.

The collision involved a 1962 model half-ton truck driven by Emil G. Dominick, 64, of Park Way Ext. and a 1962 convertible operated by Terry V. Martin of 309 W. 9th St.

Dominick was driving upgrade on St. Clair in a vehicle owned by the Ohio Power Co. of Canton. Martin told police he halted for a stop sign at Walnut and St. Clair, then pulled out, striking the right rear of the truck. He was cited under a section of the City Code that forbids starting a motor vehicle without exercising due caution.

A mishap at St. Clair Ave. and Park Blvd. at 1:05 p. m. Tuesday damaged the right rear of a 1962 two-door sedan driven by Mrs. Harry Thiemecke of Forsythe Pl. and the front of a 1961 sedan operated by Glenn J. Burlingame of 345 Grant St., officers said.

Wilfing Gives Talk To PTA

Charles Wilfing, coordinator of the federal program of the Wellsville School district, was guest speaker during the meeting of the Daw Junior High Parent - Teacher Association Monday night in the visual education room of the Wellsville school.

Don Lowe, principal, introduced Wilfing, who described the educational programs included in the federal project. Mrs. Betty Salsberry conducted devotions, closing with prayer and leading the pledge of allegiance.

Business was conducted by Mrs. Jean Cupp, president. A $5 health bond was purchased. Mrs. Elizabeth McNicol reported 122 paid - up members. The purchase of dictionaries for the school was discussed.

Lowe explained the reason for canceling "open house" and discussed the possibility of holding it during school hours at a later date.

Refreshments were served by Mrs. Leonard Kinzel and Mrs. Jennie Corsello. The next meeting will be Jan. 23.

Officers Are Named By Women's CD Unit

Mrs. Mary Jones was elected president during the Christmas party of the Women's Civil Defense Council of East Liverpool at Piatt's Tea Room in Wellsville Tuesday night.

Other officers elected are Mrs. Martha White, vice president; Mrs. Vera Brereton, secretary, and Mrs. Ruth Curtis, treasurer.

"Secret pals" were revealed and a gift exchange held.

The next meeting will be Jan. 17 in City Hall.

Hookstown Area Man Hospitalized In Freak Wound

A Hookstown area man is recuperating today in Community Hospital at Kane, Pa., with a gunshot wound of the right hand suffered in a hunting mishap Monday morning near Kane.

Roy Parsons, 32, of Hookstown R. D. 1 was struck in the hand by a bullet that ricocheted from a tree.

Parsons was trailing deer up a mountainside when another hunter fired. The bullet struck a tree, glanced off and hit Parsons in the hand. The bullet went through his hand and lodged in the stock of the gun he was carrying.

The family said Parsons was informed by physicians that he would not lose the use of his hand, although he will have to undergo further surgery. Parsons is a musician.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: The best way I know to get a vital message across to millions of people is to write to Ann Landers. Here it is—an open letter to grandparents:

Why, oh why, don't you treat your grandchildren the way you treated your own children when they were growing up?

Did you stuff your own youngsters with ice cream, candy and popcorn? Did you let them stay up beyond their normal bedtime just to have a little extra fun? Did you let your own kids talk back to you? Did you make excuses for them when they misbehaved? Did you laugh at their bad manners and call it cute?

Why, then, do you do this to your grandchildren?

We—the parents—have to undo all your spoiling when we take our children home from your place—or after you leave our place. Please give your grandchildren a break. Stick to the rules their parents have set up for them.

And please don't take your grandchild's side against his mother and dad. We have enough trouble raising kids today. Thank you very much.—BATTLE WEARY PETITIONER.

-:-

Dear Petitioner: Some grandparents rationalize their permissiveness by telling themselves they are not going to train their grandchildren—that they simply want to enjoy them.

This, of course, is fourth-rate reasoning. Grandparents undermine their children's hard work when they let their grandchildren get away with a lot of nonsense. And please don't say, "Wait till you have grandchildren of your own." I have grandchildren of my own and I'm a pretty tough ol' cookie.

Teen Spirit

Dear Ann: I'm a 17-year-old high school senior who read in a magazine that $10 a month will support an abandoned Korean child. The magazine piece said the child's case history will be sent and the child will write to his adoptive parents.

I have a fairly generous allowance and I do baby-sitting weekends. Would I qualify even though I'm only 17? Please tell me where to write if I'm eligible. Thank you.—WANT TO HELP.

-:-

Dear Want To: Whenever I hear someone putting down today's teen-ager, I like to haul out a letter like yours and show them how wrong they are.

There is no age limit on this adoptive plan. Write to Compassion, 7774 West Irving Park Rd, Chicago, Ill., 60634. In Canada the address is Box 880, Blenheim, Ont. It's a wonderful thing to do and I admire you for wanting to do it.

Tired Of Living

Dear Ann: I have a young friend who talks of death constantly. He is bright and sensitive and has much to offer. It makes me terribly sad to hear him say he wants to die because he can't stand all the horrible things that are happening in the world today.

Three weeks ago this young man had his third automobile accident. He managed to escape again with only minor injuries. I have the feeling he is trying to kill himself. Is this possible? What can I do to help him?—CONCERNED.

-:-

Dear Concerned: It sounds as if your friend is indeed trying to kill himself. The only thing you can do is try to get him to seek professional help before he succeeds and takes somebody with him.

Ann Landers will be glad to help you with your problems. Send them to her in Care of The Review, enclosing a stamped, self-addressed envelope.

Employes' Magazine Cites Carnation Stunt

A story about the East Liverpool City Employes' Credit Union is featured prominently in the current issue of High Spots, the monthly magazine distributed to all Ohio public employes who belong to the credit organizations.

The story tells how Auditor L. J. Zollinger, president, distributed imitation carnation corsages to all East Liverpool employes to wear during the observance of Credit Union Day last month.

It also tells how Mayor George E. Willshaw joked with Zollinger about use of artificial flowers and found on his desk the next morning two dozen real carnations delivered to him from a florist with Zollinger's compliments. The mayor then passed on the flowers to the credit union members to take the place of the artificial carnations.

Woman Bound Over In Stolen Money Case

CLEVELAND (AP) — A federal grand jury will hear evidence against a woman charged with possessing money that had been stolen last week from a Mansfield bank.

Mrs. Elaine Mason, 20, Mansfield, was bound over to the grand jury Tuesday by U.S. Commissioner Clifford E. Bruce. FBI agents said $4,500 stolen from a Richland Trust Co. branch was found in Mrs. Mason's home.

Little Change Noted In Map Under Allies

SAIGON, South Viet Nam (AP) — Although more than 360,000 U.S. troops are now in Viet Nam, the map of areas under allied control has changed only slightly and slowly.

American soldiers, often moving swiftly in helicopter thrusts, go more and more frequently into longtime sanctuaries of the enemy. They seek to hunt down the Viet Cong and North Vietnamese, throwing in huge amounts of artillery and aerial bombardment. Then normally, as in the recent Operation Attleboro in Tay Ninh Province, they pull back to their base camps and the map of Viet Nam looks much the same.

Areas of U.S. troop activity have expanded along the demilitarized zone between the two Viet Nams, and in limited areas near the Cambodian border. More American troops are in the field. But the rate of Communist infiltration from the north and recruiting in the south continue, and the maps showing the struggle for control of Viet Nam remain much the same.

As in the past, terms like areas of control are subject to definition. More roads are opened and considered secure when it is felt worthwhile to put well-guarded convoys on them or large numbers of troops to guard them. When this is no longer done, the Viet Cong again controls the roads.

Americans hold their base camp areas in relative security, except for occasional mortar attacks or harassment, but perimeters are extended slowly.

Shot Accidentally

ZANESVILLE, Ohio (AP) — Investigators said a rural Muskingum County man Kenneth Henderson, 30, apparently was shot accidentally near his Cumberland home Monday by a pistol that lay in the trunk of his car. The car trunk was open and the death weapon was in its holster, sheriff's deputies said.

Hollywood Will Have Christmas Tree Lanes

HOLLYWOOD (AP) — This city soon will have its own Christmas tree lanes. But like many other things in the film capital, the trees won't be what they seem.

The City Council voted Tuesday to institute a $90,000 tree-planting program.

The trees will have supporting pipes which will be used to string colored lights during the Christmas season.

However, the 225 Christmas trees won't be traditional firs.

Planned instead is a form of Indian rubber tree called Flora Ficus Nitmoda.

Charged In Murder

YOUNGSTOWN, Ohio (AP)—A Youngstown man, Otis Lee Stanley, 26, was charged with second-degree murder Tuesday in the fatal shooting outside a tavern Friday night of Robert Harris, 41, also of Youngstown.

Dies In Viet Nam

WASHINGTON (AP)—Another Ohio serviceman has died in Viet Nam, the Defense Department announced Tuesday. Marine Cpl. Stanley R. Gleisinger, son of Mr. and Mrs. John J. Gleisinger of Mansfield, was listed as dead from nonhostile causes.

Hints *from* Heloise

— By Heloise Cruse —

Dear Heloise: When you prepare chicken for frying, there is usually a glob of fat you don't want and some parts, such as the neck or wing tips, you don't care to fry.

I save this fat, etc., and freeze it, when I have enough to bother with I boil the whole batch until it falls apart, let it cool and put it in the refrigerator overnight.

The next day, I carefully skim off all the fat that has congealed on top, and melt this again with a stick of butter or oleo and store in a jar in the refrigerator.

When I fry chicken again, I use this for the shortening.

Try this and your husband will say that it is the best tasting fried chicken you ever made. Believe me, it's delicious.

You may want to pick the meat from the necks and put it back into the broth and freeze this. When you want broth for dressing or gravy, you have it.

I have been doing this for years and I don't waste any part of chicken but the bones!

GRACE JUDY.

DEAR GRACE: Thanks for sending us this finger-lickin' goodie!

Something else that melted chicken fat is good for. Try it sometime in place of shortening in your cookies. Really makes them tender and yummy.

HELOISE

DEAR HELOISE: During the half hour or so waiting period when coloring hair, if you put some plastic wrap around the temples of your eye glasses you won't stain them.

A READER.

-:-

DEAR HELOISE: Our young son needed shoe storage room which wasn't readily available.

I put several screw-cup-hooks on the inside of his closet door.

By tying shoelaces together and putting them over the hooks I was able to hang pairs of shoes neatly and conveniently within reach of my son so he could get them out and put them away.

MRS. RUDY MANGER.

DEAR HELOISE: When I buy a new short sleeve dress with turned-up sleeves, I tack the top of the sleeves in place, and also under the arms, with about three small stitches.

When the dress is washed and ready to be ironed, the turned-up sleeves are in place.

No time wasted in trying to get them the same length.

SCHOOL TEACHER.

-:-

DEAR HELOISE: When I cook a pot of navy beans with leftover pork roast, I trim off all the fat, tie it in a piece of nylon net and put the little bundle on top of the beans while they cook.

This way, the beans get the needed seasoning without having any pieces of fat in them. (My family cannot stand particles of fat.)

The lean part of the roast is cut up and cooked in the beans. When they are done, just remove the nylon bag of fat and you will have delicious beans.

W.

LETTER OF THOUGHT

DEAR HELOISE: How can children be so sweet when babies, so troublesome when teen-agers and so sweet again when they have their own babies-which are our grandchildren?

D.

DEAR FRIEND HELOISE: Have you ever tried sifting dirt for potted plants through a mesh bag that oranges come in?

The bag is tough, and when placed in a paper bag or two, it catches the large chunks of dirt and only the small and powdery dirt falls through into the paper bag.

RENA CASTER.

DEAR HELOISE: I read the suggestion for using plastic medicine jars to store pins, needles, etc., and I have found another use for them.

I punch holes in the lids with an ice pick and use them for salt and pepper shakers. I make the holes smaller for pepper.

MRS. E. M. JACKSON.

Youngstown Nurses Again Threaten Mass Resignation

YOUNGSTOWN, Ohio (AP)—Nurses at two major hospitals here once again have raised the threat of possible mass resignations to support collective bargaining demands.

Mrs. Joyce Nagle, spokesman for the Ohio State Nurses Association, said the Youngstown nurses were polled on their sentiments Tuesday after negotiations with the Youngstown Hospital Association broke off.

She said a majority of the nurses favored reinstatement of the mass resignation action threatened, then suspended, two months ago when the OSNA won recognition from the hospital association as bargaining agent for some 400 nurses at North Side and South Side hospitals.

Negotiations were broken off Tuesday after a management proposal was rejected by the nurses and a counter-proposal was turned down by management.

Mrs. Nagle said the hospital association offered pay increases which would bring nurses' pay to a minimum of $470 a month—a boost of about $42.

The nurses' association countered with a proposal for a pay hike to $480 a month retroactive to Oct. 1, with increases to $500 next March 1 and $530 Dec. 1, 1967.

The hospital association said its final offer would have provided a 20-per cent pay hike over a two-year period, with an additional 3.6 per cent for each year of service up to four years.

Igor Sikorsky, on Sept. 14, 1939, flew the first successful helicopter.

Brush Used To Clear Curb Meters' 'Heads'

Motorists accustomed to swiping their hands across the plastic covering of parking meter "heads" to remove an accumulation of wet snow found that it wasn't necessary Tuesday in East Liverpool's first real storm of the winter.

S. James Welch, parking meter repairman, used a heavy bristled brush to clear the meter dials when he made his regular rounds through the business district.

"It's part of our new deluxe service," Welch said facetiously. But he pointed out it enabled parkers to check the time on the meter dials without soiling their gloves or wetting their hands with slush.

To Reappoint 4

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes announced Tuesday he plans to reappoint four members of the Ohio Expositions Commission whose terms expire Thursday. They are Norman C. Treadon, Brecksville; Arthur H. Milner, Leesburg; Richard E. Troup, Pleasantville; and Victor R. Oakley, Nelsonville.

Salineville Soldier Continues Training

SALINEVILLE — Pfc. William R. Cole, son of Mr. and Mrs. D. O. Cole of West End, has been graduated from the Army Signal Corps School at Ft. Monmouth, N.J.

Cole was graduated from Southern Local High School in 1965 and worked at the Republic Steel Corp. in Canton before enlisting last March.

He is stationed at Monmouth for extensive training in electronics.

MRS. RUDY MANGER.

DEAR HELOISE: When I buy a new short sleeve dress with turned-up sleeves, I tack the top of the sleeves in place, and also under the arms, with about three small stitches.

When the dress is washed and ready to be ironed, the turned-up sleeves are in place.

No time wasted in trying to get them the same length.

DEAR HELOISE: When I cook a pot of navy beans with leftover pork roast, I trim off all the fat, tie it in a piece of nylon net and put the little bundle on top of the beans while they cook.

This way, the beans get the needed seasoning without having any pieces of fat in them. (My family cannot stand particles of fat.)

The lean part of the roast is cut up and cooked in the beans. When they are done, just remove the nylon bag of fat and you will have delicious beans.

LETTER OF THOUGHT

DEAR HELOISE: How can children be so sweet when babies, so troublesome when teen-agers and so sweet again when they have their own babies-which are our grandchildren?

D.

DEAR FRIEND HELOISE: Have you ever tried sifting dirt for potted plants through a mesh bag that oranges come in?

The bag is tough, and when placed in a paper bag or two, it catches the large chunks of dirt and only the small and powdery dirt falls through into the paper bag.

RENA CASTER.

DEAR HELOISE: I read the suggestion for using plastic medicine jars to store pins, needles, etc., and I have found another use for them.

I punch holes in the lids with an ice pick and use them for salt and pepper shakers. I make the holes smaller for pepper.

Youngstown Nurses Again Threaten Mass Resignation

YOUNGSTOWN, Ohio (AP)—Nurses at two major hospitals here once again have raised the threat of possible mass resignations to support collective bargaining demands.

Mrs. Joyce Nagle, spokesman for the Ohio State Nurses Association, said the Youngstown nurses were polled on their sentiments Tuesday after negotiations with the Youngstown Hospital Association broke off.

She said a majority of the nurses favored reinstatement of the mass resignation action threatened, then suspended, two months ago when the OSNA won recognition from the hospital association as bargaining agent for some 400 nurses at North Side and South Side hospitals.

Negotiations were broken off Tuesday after a management proposal was rejected by the nurses and a counter-proposal was turned down by management.

Mrs. Nagle said the hospital association offered pay increases which would bring nurses' pay to a minimum of $470 a month—a boost of about $42.

The nurses' association countered with a proposal for a pay hike to $480 a month retroactive to Oct. 1, with increases to $500 next March 1 and $530 Dec. 1, 1967.

The hospital association said its final offer would have provided a 20-per cent pay hike over a two-year period, with an additional 3.6 per cent for each year of service up to four years.

Igor Sikorsky, on Sept. 14, 1939, flew the first successful helicopter.

Brush Used To Clear Curb Meters' 'Heads'

Motorists accustomed to swiping their hands across the plastic covering of parking meter "heads" to remove an accumulation of wet snow found that it wasn't necessary Tuesday in East Liverpool's first real storm of the winter.

S. James Welch, parking meter repairman, used a heavy bristled brush to clear the meter dials when he made his regular rounds through the business district.

"It's part of our new deluxe service," Welch said facetiously. But he pointed out it enabled parkers to check the time on the meter dials without soiling their gloves or wetting their hands with slush.

To Reappoint 4

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes announced Tuesday he plans to reappoint four members of the Ohio Expositions Commission whose terms expire Thursday. They are Norman C. Treadon, Brecksville; Arthur H. Milner, Leesburg; Richard E. Troup, Pleasantville; and Victor R. Oakley, Nelsonville.

Salineville Soldier Continues Training

SALINEVILLE — Pfc. William R. Cole, son of Mr. and Mrs. D. O. Cole of West End, has been graduated from the Army Signal Corps School at Ft. Monmouth, N.J.

Cole was graduated from Southern Local High School in 1965 and worked at the Republic Steel Corp. in Canton before enlisting last March.

He is stationed at Monmouth for extensive training in electronics.

Out Of The Air

By HAL HUMPHREY

Pronunciation Czar Needed

Something must be done by the networks about standardizing pronunciation. Six months ago I began what I smugly hoped would turn into a list of mispronounced words delivered by various personalities and savants on TV. In going over that list now, I discover I have been wrong as often as they. Very disconcerting, because it blew the whole idea for this column. To cite an example, last July NBC newsman Robert MacNeil announced that someone had "renEEged" on something or other.

Hal Humphrey

Ah-ha, I said to myself, the dummy should know the word is pronounced "renegged" with a short "E" as in egg. But, according to my Webster's dictionary, "reneeged" is first choice and "renegged" is second.

On last election eve CBS' Saul Halpert described Pat Brown as looking "BOO-yant" for bouyant, which I've always pronounced "BOY-ant." Now I discover Halpert's "Boo-yant" is preferred, while "BOY-ant" is second choice. To salve my ego on this one, I decided that Pat Brown has never looked "BOO-yant" anyway.

My confidence again was shaken a week later when the NBC pool reporter covering the Gemini 12 splashdown said that helicopters were "HAH-vering" over the astronauts, and I was almost afraid to consult my Webster's. It turns out that "HAH-vering" is correct, but a second choice. My old way of "HUV-ering" still is preferred when a helicopter or anything else is hovering.

-:-

THE OLD Humphrey batting average got a boost, however, from Sander Vanocur (NBC) who found occasion to pronounce capriciously as "caprEEshiously" while narrating a documentary on polluted air. In any Webster's I can find, it is "caprishiously."

The usually infallible Walter Cronkite is on my list with a couple of wrong ones, too, although to be fair about it, I suppose there is the possibility that Walter knows better. Perhaps it was only a slip of the tongue when he referred to the Baptists as "BAB-tists" and later reported an expulsion as an "expulZION."

John Schubeck of KNBC-Channel 4 described a doctor testifying before our City Council's fluroidation committee as having "clinical a-pLOOmb" as if it rhymed with room. He's dead as far as Webster is concerned. It's go to be either "aplom" with the short "o" or "a-plon" with a circumflex "o" and dont ask me about than "n' on the end.

-:-

THE SAME SCHUBECK got excited last July and said "Cedars of Cyanide" for what I assumed was Cedars of Siani. This could have been some joker doctoring up the Teleprompter, so I won't put Schubeck on report for it.

While describing the Watts festival last August for CBS, Harry Arouh (he pronounces that like Arrow) talked about pieces of "sculptor" for what everyone hoped was "sculpture."

Except for Jimmy Durante, who has made a science of mispronouncing words for fun and profit, Ed Sullivan has to be the all-time champion. Not long ago on Ed's "shew" he talked about "the great Sandy KOO-fax," and if I didn't know Ed's track record I'd be afraid to ask Sandy Koufax if it really was "KOO" or "KO."

Ed has even been known to forget the names of his guests, so no one complains about the pronunciation.

-:-

AS I SAID EARLIER, the original idea for this column was shot out from under me, but if there's anything to be learned from it I'd say it is the need for a pronunciation czar to come up with some guidelines for anyone on radio or TV using the English language.

One of the first rules he should enforce is that Webster's preferred pronunciation of a word be employed whenever there is a choice.

I am sure also that every educator would be forever grateful if that czar made it mandatory for responsible people such as newsmen, announcers and actors not involved in those corny folk-type comedies ("Beverly Hillbillies," etc.) to pronounce distinctly the "ing" when it is there.

Another priority task of his would be a ruling on whether it is "VEET-nam," "VYET-nom" or "VI-et-nam."

Ellwood City Sailor Cleared By Judge In Death Of Son

MERIDIAN, Miss. (AP) — A Navy petty officer charged with murdering his infant son was freed Monday. The indictment against him was filed away as lacking sufficient evidence for trial.

The action came after Circuit Judge Aubert Dunn agreed that a statement which police took from Garvin R. Hill, 29, of Ellwood City, Pa., shortly after his son's death could not be used at the trial.

His ruling was based on the recent Supreme Court Mirana decision, dealing with the necessity of a prisoner being thoroughly informed of rights to legal counsel before he is questioned by police.

Hill is an aviation structural mechanic second class, stationed at the Meridian Naval Auxiliary Air Station. He was convicted of murder last May but all indictments tried at that term of court were later thrown out as invalid because of systematic exclusion of Negroes from the grand jury.

At the first trial a naval intelligence officer testified Hill gave him a statement admitting he beat 27-month-old Richard Allen Hill but denying that the boy was whipped on the day of his death July 16, 1965.

"I didn't do it," said Hill, as he stood to be sentenced to life in prison--a sentence soon to be cancelled. "There's only two who know that. That's me and God."

At Monday's hearing, the defense argued that the statement was taken without proper notice to Hill of his legal rights, and with no defense counsel present.

Officers said young Richard Hill drowned at home while unconscious or semiconscious due to blood clots that affected his brain.

A pathologist testified the clots included a massive one at the base of the skull and that the body bore multiple bruises.

Rhodes Thanks Firm For Plant Expansion

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes thanked the DuPont Co. in a public statement Tuesday for its decision to expand the DuPont mylar polyester film plant at Circleville.

"I am particularly gratified to learn of DuPont confidence in Ohio," he said of the expansion that is scheduled to begin soon and to provide 150 new jobs on completion.

A. C. Mitchell, 76, News Figure, Claimed

WEST UNION, Ohio (AP)— A. C. Mitchell, 76, of Peebles, dean of the Southern Ohio Editors and Publishers Association died Tuesday in his home.

He owned a printing firm and the Peebles Messenger, an advertising publication. He founded and operated the Adams County News until it was taken over by the Peoples' Defender.

Out Of The Air

By HAL HUMPHREY

Pronunciation Czar Needed

Something must be done by the networks about standardizing pronunciation. Six months ago I began what I smugly hoped would turn into a list of mispronounced words delivered by various personalities and savants on TV. In going over that list now, I discover I have been wrong as often as they. Very disconcerting, because it blew the whole idea for this column. To cite an example, last July NBC newsman Robert MacNeil announced that someone had "renEEged" on something or other.

Hal Humphrey

Ah-ha, I said to myself, the dummy should know the word is pronounced "renegged" with a short "E" as in egg. But, according to my Webster's dictionary, "reneeged" is first choice and "renegged" is second.

On last election eve CBS' Saul Halpert described Pat Brown as looking "BOO-vant" for bouyant, which I've always pronounced "BOY-ant." Now I discover Halpert's "Boo-yant" is preferred, while "BOY-ant" is second choice. To salve my ego on this one, I decided that Pat Brown has never looked "BOO-yant" anyway.

My confidence again was shaken a week later when the NBC pool reporter covering the Gemini 12 splashdown said that helicopters were "HAH-vering" over the astronauts, and I was almost afraid to consult my Webster's. It turns out that "HAH-vering" is correct, but a second choice. My old way of "HUV-ering" still is preferred when a helicopter or anything else is hovering.

-:-

THE OLD Humphrey batting average got a boost, however, from Sander Vanocur (NBC) who found occasion to pronounce capriciously as "caprEEshiously" while narrating a documentary on polluted air. in any Webster's I can find, it is "caprishiously."

The usually infallible Walter Cronkite is on my list with a couple of wrong ones, too, although to be fair about it, I suppose there is the possibility that Walter knows better. Perhaps it was only a slip of the tongue when he referred to the Baptists as "BAB-tists" and later reported an expulsion as an "expulZION."

John Schubeck of KNBC-Channel 4 described a doctor testifying before our City Council's fluroidation committee as having "clinical a-pLOOmb" as if it rhymed with room. He's dead as far as Webster is concerned. It's go to be either "a-plom" with the short "o" or "a-plon" with a circumflex "o" and dont ask me about than "n' on the end.

-:-

THE SAME SCHUBECK got excited last July and said "Cedars of Cyanide" for what I assumed was Cedars of Siani. This could have been some joker doctoring up the Teleprompter, so I won't put Schubeck on report for it.

While describing the Watts festival last August for CBS, Harry Arouh (he pronounces that like Arrow) talked about pieces of "sculptor" for what everyone hoped was "sculpture."

Except for Jimmy Durante, who has made a science of mispronouncing words for fun and profit, Ed Sullivan has to be the all-time champion. Not long ago on Ed's "shew" he talked about "the great Sandy KOO-fax," and if I didn't know Ed's track record I'd be afraid to ask Sandy Koufax if it really was "KOO" or "KO."

Ed has even been known to forget the names of his guests, so no one complains about the pronunciation.

-:-

AS I SAID EARLIER, the original idea for this column was shot out from under me, but if there's anything to be learned from it I'd say it is the need for a pronunciation czar to come up with some guidelines for anyone on radio or TV using the English language.

One of the first rules he should enforce is that Webster's preferred pronunciation of a word be employed whenever there is a choice.

I am sure also that every educator would be forever grateful if that czar made it mandatory for responsible people such as newsmen, announcers and actors not involved in those corny folk-type comedies ("Beverly Hillbillies," etc.) to pronounce distinctly the "ing" when it is there.

Another priority task of his would be a ruling on whether it is "VEET-nam," "VYET-nom" or "VI-et-nam."

Ellwood City Sailor Cleared By Judge In Death Of Son

MERIDIAN, Miss. (AP) — A Navy petty officer charged with murdering his infant son was freed Monday. The indictment against him was filed away as lacking sufficient evidence for trial.

The action came after Circuit Judge Aubert Dunn agreed that a statement which police took from Garvin R. Hill, 29, of Ellwood City, Pa., shortly after his son's death could not be used at the trial.

His ruling was based on the recent Supreme Court Mirana decision, dealing with the necessity of a prisoner being thoroughly informed of rights to legal counsel before he is questioned by police.

Hill is an aviation structural mechanic second class, stationed at the Meridian Naval Auxiliary Air Station. He was convicted of murder last May but all indictments tried at that term of court were later thrown out as invalid because of systematic exclusion of Negroes from the grand jury.

At the first trial a naval intelligence officer testified Hill gave him a statement admitting he beat 27-month-old Richard Allen Hill but denying that the boy was whipped on the day of his death July 16, 1965.

"I didn't do it," said Hill, as he stood to be sentenced to life in prison--a sentence soon to be cancelled. "There's only two who know that. That's me and God."

At Monday's hearing, the defense argued that the statement was taken without proper notice to Hill of his legal rights, and with no defense counsel present.

Officers said young Richard Hill drowned at home while unconscious or semiconscious due to blood clots that affected his brain.

A pathologist testified the clots included a massive one at the base of the skull and that the body bore multiple bruises.

Rhodes Thanks Firm For Plant Expansion

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes thanked the DuPont Co. in a public statement Tuesday for its decision to expand the DuPont mylar polyester film plant at Circleville.

"I am particularly gratified to learn of DuPont confidence in Ohio," he said of the expansion that is scheduled to begin soon and to provide 150 new jobs on completion.

A. C. Mitchell, 76, News Figure, Claimed

WEST UNION, Ohio (AP)—A. C. Mitchell, 76, of Peebles, dean of the Southern Ohio Editors and Publishers Association died Tuesday in his home.

He owned a printing firm and the Peebles Messenger, an advertising publication. He founded and operated the Adams County News until it was taken over by the Peoples' Defender.

Here's a potential mansion at 816 Princeton Avenue just back of the Northside Lincoln School. Very nice three story brick and stucco construction on a 100 x 100' lot. Beautiful shade trees, detached garage and the interior is sure to thrill you. First floor has a spacious living room with open fireplace, full formal dining room, kitchen, and a nice library. Original natural wood finish throughout with excellent hardwood floors and a powder room just off the hall. Second floor has four king size bedrooms plus a dressing room and a full tiled bath, again finished in natural hardwood trim and flooring. Third floor can even be used for storage or extra bedroom space if necessary. Has a full basement, partitioned for work room and laundry room with a new gas fired hot-water furnace. Needs some redecorating. Can be a real beauty for just $16,500.00.

Eight room Colonial Mansion situated on the banks of the Ohio at 925 Ohio Avenue that would be a real dream home for the large family that appreciates the convenient location just two blocks from bus line and schools and shopping. Perfectly level lot and extra convenient for the new mill employee. Home consists of four large bedrooms, 1½ baths, parlor, living room, dining room, kitchen and pantry plus a full basement and a partly finished third floor. Detached single car garage and breezeway and the grounds look like a flower gardener's dream. Every type shrubbery and flower you can imagine. Home is completely finished in hardwood and solid plaster construction. Open stone woodburning fireplace and perfect for just $13,900.00.

Here's a potential mansion at 816 Princeton Avenue just back of the Northside Lincoln School. Very nice three story brick and stucco construction on a 100 x 100' lot. Beautiful shade trees, detached garage and the interior is sure to thrill you. First floor has a spacious living room with open fireplace, full formal dining room, kitchen, and a nice library. Original natural wood finish throughout with excellent hardwood floors and a powder room just off the hall. Second floor has four king size bedrooms plus a dressing room and a full tiled bath, again finished in natural hardwood trim and flooring. Third floor can even be used for storage or extra bedroom space if necessary. Has a full basement, partitioned for work room and laundry room with a new gas fired hot-water furnace. Needs some redecorating. Can be a real beauty for just $16,500.00.

Eight room Colonial Mansion situated on the banks of the Ohio at 925 Ohio Avenue that would be a real dream home for the large family that appreciates the convenient location just two blocks from bus line and schools and shopping. Perfectly level lot and extra convenient for the new mill employee. Home consists of four large bedrooms, 1½ baths, parlor, living room, dining room, kitchen and pantry plus a full basement and a partly finished third floor. Detached single car garage and breezeway and the grounds look like a flower gardener's dream. Every type shrubbery and flower you can imagine. Home is completely finished in hardwood and solid plaster construction. Open stone woodburning fireplace and perfect for just $13,900.00.

Junior Editors Quiz on MOON'S SURFACE

QUESTION: What is the moon made of?

★ ★ ★

ANSWER: Astronomers say the moon is a large ball of rock. In about three years, America plans to land astronauts on the moon in the Apollo project. They should be able to bring back samples which will tell us more about what this rock is like, for we know little as yet. However, we have recently found out facts about the surface of the moon—facts something very important for the Apollo astronauts to know. The experts were uncertain about this; some thought it was covered with fine dust (A) in which an astronaut might sink. Others (B) believed the surface to be smooth. But when the United States landed a wonderful robot machine, Surveyor 1, on the surface of the moon, it was able to send back more than 11,000 photographs. We show Surveyor in position, with the moon's surface, as suggested by its pictures, pock-marked by large and small craters made by falling meteorites. The small picture, taken from a Surveyor photo, shows one of its feet pushing into the surface, which looks something like soil in a plowed field. It is definitely not dust.

★ ★ ★

FOR YOU TO DO: Experts now feel sure that astronauts can walk on the moon's surface. There will be many newspaper reports. Watch for them.

★ ★ ★

Gary Whitchorn of Richmond, Va., wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of The Review.

Today In History

By The Associated Press

Today is Wednesday, Nov. 30, the 334th day of 1966. There are 31 days left in the year.

Today's highlight in history:

On this date in 1939, Russia launched an attack by air, land and sea on Finland.

On this date:

In 1835, Samuel Clemens, better known as Mark Twain, was born.

In 1874, the late British statesman, Sir Winston Churchill, was born.

In 1944, the U.S. 3rd Army reached the Saar River.

Also in 1944, U.S. air assaults smashed a large-scale Japanese attempt to reinforce its beleaguered forces on Leyte.

In 1945, Rudolf Hess astounded judges at the Nurenberg trials by suddenly admitting that he was in his right mind and was prepared to face trial as a war criminal.

Ten years ago — The Cuban government of Maj. Gen. Fulgencio Batista reported that its forces had routed insurgents led by an exiled student leader, Fidel Castro, who had been attacking police stations and guard posts in Cuba's Oriente Province.

Five years ago — Washington officials were reported ready to recall the U.S. ambassador to South Viet Nam if South Vietnamese President Ngo Dinh Diem continued to resist urgent U.S. suggestions for democratic reforms of his government.

One year ago—Two U.S. soldiers, freed by the Communist Viet Cong, praised their captors and criticized the allied war effort in South Viet Nam.

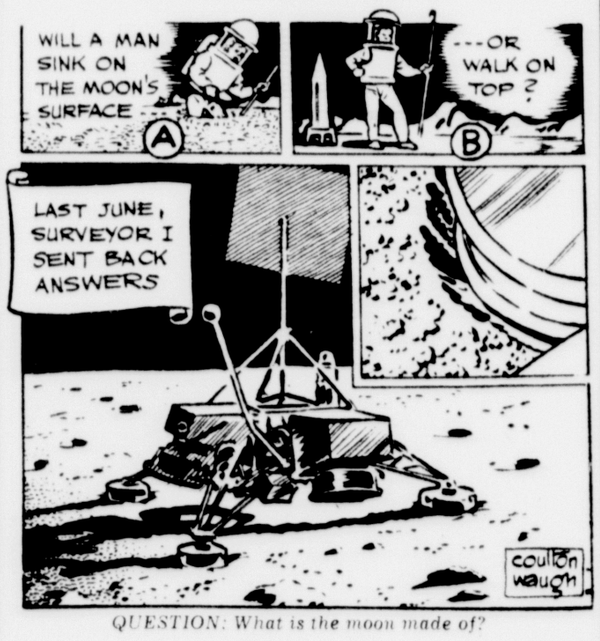
Junior Editors Quiz on MOON'S SURFACE



QUESTION: What is the moon made of?

★ ★ ★

ANSWER: Astronomers say the moon is a large ball of rock. In about three years, America plans to land astronauts on the moon in the Apollo project. They should be able to bring back samples which will tell us more about what this rock is like, for we know little as yet. However, we have recently found out facts about the surface of the moon—facts something very important for the Apollo astronauts to know. The experts were uncertain about this; some thought it was covered with fine dust (A) in which an astronaut might sink. Others (B) believed the surface to be smooth. But when the United States landed a wonderful robot machine, Surveyor 1, on the surface of the moon, it was able to send back more than 11,000 photographs. We show Surveyor in position, with the moon's surface, as suggested by its pictures, pock-marked by large and small craters made by falling meteorites. The small picture, taken from a Surveyor photo, shows one of its feet pushing into the surface, which looks something like soil in a plowed field. It is definitely not dust.

★ ★ ★

FOR YOU TO DO: Experts now feel sure that astronauts can walk on the moon's surface. There will be many newspaper reports. Watch for them.

Today In History

By The Associated Press

Today is Wednesday, Nov. 30, the 334th day of 1966. There are 31 days left in the year.

Today's highlight in history:

On this date in 1939, Russia launched an attack by air, land and sea on Finland.

On this date:

In 1835, Samuel Clemens, better known as Mark Twain, was born.

In 1874, the late British statesman, Sir Winston Churchill, was born.

In 1944, the U.S. 3rd Army reached the Saar River.

Also in 1944, U.S. air assaults smashed a large-scale Japanese attempt to reinforce its beleaguered forces on Leyte.

In 1945, Rudolf Hess astounded judges at the Nurenberg trials by suddenly admitting that he was in his right mind and was prepared to face trial as a war criminal.

Ten years ago — The Cuban government of Maj. Gen. Fulgencio Batista reported that its forces had routed insurgents led by an exiled student leader, Fidel Castro, who had been attacking police stations and guard posts in Cuba's Oriente Province.

Five years ago — Washington officials were reported ready to recall the U.S. ambassador to South Viet Nam if South Vietnamese President Ngo Dinh Diem continued to resist urgent U.S. suggestions for democratic reforms of his government.

One year ago—Two U.S. soldiers, freed by the Communist Viet Cong, praised their captors and criticized the allied war effort in South Viet Nam.

Carnival Date Set At School

The annual school carnival will be held March 3, the Pleasant Heights Parent-Teacher Association decided Monday night at a meeting in the school.

The PTA also set a rummage sale Jan. 16-18 in the building at the corner of E. 6th and Washington Sts. Mrs. Robert Barrett, president, conducted business.

Gifts of $5 each were presented to nine boys who served as school crossing guards in the 1965-66 ter. They are Mark Brick, James Dailey, Jeff Allen, Jim Corbett, John Dickey, Steve Ensinger, Fred Rayle, Chuck Caton and Bob Brown. The PTA explained it usually takes the patrol boys to a big league baseball game at the end of each term. Since the boys who served in 1965-66 did not get to attend a game, they were presented with the gifts.

A report on a membership drive showed 163 enrolled. About 275 attended.

The program was highlighted by a Thanksgiving program presented by students in grades 1 through 6. It was marked by vocal selections and a playlet. Mrs. Harry Greenwood, sixth grade teacher, was in charge.

The group thanked Arthur Thompson for making an attendance banner that will be presented at each meeting. The session opened with devotions and the pledge of allegiance led by Mrs. Carl Kirkbride, first grade teacher.

The next meeting will be Monday, Jan. 30.

Barbershoppers Visit Pittsburgh

Thirty members and guests of the East Liverpool SPEBSQSA Chapter attended visitation night of the Pittsburgh Chapter Monday at the Penn Sheraton Hotel, with more than 200 present from area chapters.

Several members of the Toronto Chapter accompanied the local group by chartered bus.

Walter Eibeck, president of the host unit, gave the welcome. Fred Wagner served as master of ceremonies and Larry Authenreit led group singing.

Lou Benedict, vice president of the Eastern Region of the Johnny Appleseed District, presented a special service award, issued by the government, to the Circle W. quartet, the former Westinghouse Quartet, for presenting programs for the troops at the Guantanamo Bay Naval Base in Cuba.

Films of the international conventions in 1965 at Boston and in 1966 at Chicago were screened.

The next regular session for the local unit will be Monday at the Elks ballroom.

FBI Arrests Pair On Hijacking Charge

CHICAGO, (AP)—Two Chicago area men were arrested by the FBI and charged Tuesday in the hijacking of a truckload of steel that belonged to a Massillon, Ohio company.

Leonard Olczak, 33, of Argo, Ill., and Eugene Hulme, 32, of Chicago were charged with possession of a trailer load of steel from the Union Drawn Steel Co.

The FBI said the steel, taken at an Irwin, Pa., truck stop last week, was worth $6,583.

Calendars began to flourish as an advertising medium late in the 19th century.

Judge Rules Youth Be Tried As An Adult

AKRON, Ohio (AP) — Judge Russell W. Thomas of Summit County Juvenile Court has ruled that Charles McGowan, 16, should be tried as an adult in the rape-slaying of Miss Mary Zoltowsky, 59.

Miss Zoltowsky was raped and beaten to death at her home Nov. 16, police said. McGowan is being held on a delinquency charge pending action by the grand jury.

Canada, in its rivers and lakes, contains more than 50 per cent of all the fresh-water area in the world.

Eaton's Bull Chosen

CHICAGO, (AP)—A bull owned by well-known Cleveland industrialist Cyrus Eaton was chosen a grand champion Tuesday at the International Livestock Exposition.
